Christian Literature and Review of the Churches 1894 A I 

The Review of Reviews 1890 for more than two hundred years book reviewers have influenced american readers setting our literary agenda by helping us determine not only what we read but also what we think about what we read and for nearly as long critics of these critics have lambasted book reviews for their overpraise hostility banality and bias faint praise takes a hard and long overdue look at the institution of book reviewing gail pool herself an accomplished reviewer and review editor analyzes the inner workings of this troubled trade to show how it works and why it so often fails to work well she reveals why bad reviewing happens despite good intentions and how it is that so many intelligent people who love books can say so many unintelligent things on their behalf reviewers have the power to award prestige to authors give prominence to topics and shape opinion and taste yet most readers have little knowledge of why certain books are selected for review why certain reviewers are selected to review them and why they so often praise books that aren t all that good pool takes readers behind the scenes to describe how editors choose books for review and assign them to reviewers and she examines the additional roles played by publishers authors and readers in describing the context of reviewing she reveals a culture with little interest in literature much antipathy to criticism and a decided weakness for praise in dissecting the language of reviews pool demonstrates how it often boils down to unbelievable hype pool explores the multifaceted world of book reviewing today contrasting traditional methods of reviewing with alternative book coverage from amazon com to oprah and suggesting how the more established practices could be revised she

also explores the divide between service journalism practiced by reviewers versus the alleged high art served up by literary critics and what this fuzzy boundary between reviewing and criticism really means this is the first book to analyze the field in depth weighing the inherent difficulties of reviewing against the unacceptable practices that undermine the very reasons we read and need reviews faint praise is a book not just for those who create and review books but also for everyone who loves books by demystifying this hidden process pool helps everyone understand how to read reviews and better decide what to read

2 2 2 2 2023-07-19 have you ever wondered how to write a review where to begin or how long it needs to be has it ever occurred to you that even negative reviews may be helpful to authors are there different types of reviews where can you get tips for reviewing a book do you wish writing a review was easy with this book it is sharing your opinion with people who want to hear it is fun your reviews help fellow readers find out if a book is worth their time and money authors appreciate the recognition of a review no matter how long and the insight of a review can show them where they need to improve writing a simple book review it s easier than you think holds these answers and more you can start writing book reviews today

The Review of Reviews 1900 critics ratings and society is the first comprehensive study of the review as social institution its theories and data encompass reviews of all types of products including the arts e g theater books and music and consumer products e g cars software and appliances according to blank the core problem of reviews is credibility concerns about credibility organize the formulation of reviews and audiences the connoisseurial procedural distinction describes the production of credibility and its assessment under different types of rating systems
