Ford Taurus and Mercury Sable 1986-95-Spanish Edition 1992 In comeback Pulitzer Prize winners Paul Ingrassia and Joseph B. White take us to the boardrooms, the executive offices, and the shop floors of the auto business to reconstruct in riveting detail how America's premier industry stumbled, fell, and picked itself up again. The story begins in 1982 when Honda started building cars in Marysville, Ohio, and the entire U.S. car industry seemed to be on the brink of extinction. It ends just over a decade later with a remarkable turn of the tables as Japan's car industry falters and America's Big Three emerge as formidable global competitors. *Comeback* is a story propelled by larger-than-life characters: Lee Iacocca, Henry Ford II, Don Petersen, Roger Smith, among many others, and their greed, pride, and sheer refusal to face facts. But it is also a story full of dedicated, unlikely heroes who struggled to make the Big Three change before it was too late.
