~~all levels of our being religion is psychological~~  
entrapment promoting the controlled behavior of  
the herd civilization institutionalized organized  
religion is the cause of enslavement violence  
prejudice hatred classism and war false religious  
institutions created god in their own personal  
image and after the likeness of their own mind for  
control and money every religious holy book has  
been altered dissected rewritten and censored to  
appear as the word of god and all the gods of  
religious holy books are controlled by  
fundamentalists organized religion is a serious  
threat to the human race and a mental illness that  
afflicts over 80 of the world s population it has  
nothing to do with spirituality and is no more  
than a collection of unholy lies the spiritual  
terrorism of religion frowns upon free will  
disposes questions prohibits doubt and survives on  
blind faith eternal life with god is only promised  
to the obedient religious slaves who  
unconditionally follow rigid religious belief  
structures this mythology was created based on  
division not unity control is the essence of evil  
the easiest way to control humanity is through  
fear which is why the religious elite created gods  
of intimidation and fear to control others and  
solicit money the awakening of global  
consciousness is a must read for the millions who  
ve read jawara s earlier classic books and a great  
beginning for those unfamiliar with his great  
works questioning the validity of the world s  
three major religions
