Every sport has its subtleties, and in baseball, one subtlety is the batting line-up. Leadoff batters can make or break a team, who are the men who have taken that position, and how have they performed in their important role? From 1900 through 2005, the major leagues' leadoff batters for more than 160,000 games are covered in this reference work. The first of the book's five parts discusses the annual records of the principal leadoff batters; part two identifies the principal leadoff batter for each team in each year, as well as the top career leadoff batters; part three presents composite statistics for those players with five or more principal leadoff batter seasons; part four looks at leadoff home runs; and part five offers essays on assorted leadoff batter achievements, such as RBIs, runs scored, and awards and honors. Appended to the text is a discussion of the accuracy of the statistics and a list of the award winners.

Arthur Barnes, the 100-somersault man, was the world's greatest acrobat, a legend of the circus. He toured for 23 years with the biggest companies in Britain, Europe, and the United States, performing for all the crowned heads, as well as for Abraham Lincoln. This book traces his story as a bright thread of triumphs and tragedies running through the tapestry of the mid-Victorian era, a tapestry made rich by extraordinary events of the day and by the eccentric characters attracted to such a profession as the circus. We follow Barnes as he escapes the doom of the iron foundry by bounding out of the desperate slums of the East End of London at the age of 14 to become the champion vaulter of all the world.

Beginning in the 1890s, the book examines the personalities, schools, teams, managers, and owners that helped shape baseball in California. It provides an insightful history of the game from the perspective of the California minor leagues, particularly the California League and Pacific Coast League, while focusing on the lives of a select group of pioneers integral to the sport in the Golden State. It reveals a representative and interesting sample of the achievements, events, and contributions spanning a half-century: Frank Chance, Walter Johnson, Hal Chase, Mike Donlin, Charlie Graham, Hap Hogan, Hen Berry, and Cy Young. Lead teams include Santa Clara College, St. Mary's, the Los Angeles Angels, Stockton Millers, San Jose Prune Pickers, Vernon Tigers, Santa Cruz Sand Crabs, Oakland Oaks, and San Francisco Seals. We begin in San Francisco in 1897 at the genesis of professional baseball in California at the San Francisco Examiner Baseball Tournament.

Fred Schepisi is one of the crucial names associated with the revival of the Australian film industry in the 1970s. The films of Fred Schepisi trace the lead-up to his critical successes in feature filmmaking via his earlier award-winning success as a

producer in advertising commercials in the 1960s and the setting up of his own company unlike some directors he derived from this experience a sure sense of the commercial aspects of filmmaking as well as its aesthetic considerations the volume also considers stories of his early education in a catholic seminary which he drew on in his semiautobiographical film the devil's playground the success of which launched him as an exciting new feature director the volume expands on schepisi's success story to chart his development as a director in demand in other countries notably in the us and the uk as well as continuing to make major films in australia brian mcfarlane argues that schepisi's career is symptomatic of australian directors who have made their presences felt on the international stage whereas other key directors of the australian film revival such as peter weir and bruce beresford have been the subject of book length critical studies schepisi's career has not to date been so explored mcfarlane takes a critical account of schepisi's film output including such standouts as the chant of jimmy blacksmith plenty roxanne six degrees of separation mr baseball and last orders and he augments analysis with interviews with the director by discussing the production histories and both critical and popular receptions mcfarlane's study shines a new light on schepisi's work and his rise to prominence in the global film industry
