issues in infectious and vector borne diseases 2013 edition is a scholarly editions book that delivers timely authoritative and comprehensive information about immunology the editors have built issues in infectious and vector borne diseases 2013 edition on the vast information databases of scholarly news you can expect the information about immunology in this book to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant the content of issues in infectious and vector borne diseases 2013 edition has been produced by the world's leading scientists engineers analysts research institutions and companies all of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at scholarly editions and available exclusively from us you now have a source you can cite with authority confidence and credibility more information is available at scholarly editions com

Issues in Infectious and Vector-Borne Diseases: 2013 Edition

2013-05-01

this issue of neurologic clinics edited by drs russell e bartt and allen j aksamit jr will focus on neuro infectious diseases topics include but are not limited to acute community and nosocomial meningitis viral encephalitis and post infectious autoimmunity spine and spinal cord infections chronic meningitis manifestations of herpes virus infections in the nervous system hiv and nervous system neuroborreliosis progressive multifocal leukoencephalopathy zika virus and neurological disease neurocysticercosis prion disease and diagnostic testing of neurological infections

Neuro-Infectious Diseases, An Issue of Neurologic Clinics E-Book

2018-10-30

this issue of surgical clinics of north america focuses on diseases of the biliary tract and is edited by dr j bart rose articles will include anatomy embryology and imaging of the biliary tract cholangitis causes diagnosis and management autoimmune diseases of the biliary tract biliary dyskinesia gallstone disease cholecystitis mirizzi's syndrome bouveret syndrome gallstone ileus technical aspects of cholecystectomy technical aspects of bile duct evaluation and exploration iatrogenic biliary injuries identification classification and management premalignant lesions ipnb choledochal cysts and biliary cystadenomas gallbladder cancer ampullary cancer endoscopic management of biliary disorders diagnostic and therapeutic role of transplant in biliary disease bile metabolism and lithogenesis cholangiocarcinoma intra and extrahepatic and more

Diseases of the Biliary Tract, An Issue of Surgical Clinics

2019-03-11

autoinflammatory diseases are caused by primary dysfunction of the innate immune system with overlapping symptoms that make diagnosis difficult this issue of the dermatologic

clinics offers and introduction to autoinflammatory diseases along with articles on the role of genetics diagnosing these diseases managing them from a dermatologic pediatric and rheumatologic standpoint and the various treatment options available

Autoinflammatory Disorders, an Issue of Dermatologic Clinics

2013-07-12

the ability to intervene at the earliest phases in the pathogenesis of a chronic rheumatic disease caused by auto inflammatory autoimmune or tissue injury mechanisms has the potential to prevent disease manifestations and consequences limited loss of quality of life comorbidity and costs to society this issue is dedicated to exploring the stages of rheumatic disease biologic mechanisms contributing to the pathogenesis along with possible ways to study and screen for persons at risk with the ultimate goal of finding ways to prevent these devastating diseases

Preclinical Rheumatic Disease, an Issue of Rheumatic Disease Clinics

2014-10-20

infectious water related diseases are a major cause of morbidity and mortality worldwide this publication helps to broaden awareness of emerging issues in water and infectious disease and to guide readers to sources of information that deal with these issues in greater depth

Emerging Issues in Water and Infectious Disease

2003-01-01

in this issue of primary care clinics in office practice guest editor dr anthony viera brings his considerable expertise to the topic of cardiovascular diseases top experts in the field discuss treatment and prevention of cardiovascular diseases in the post covid environment including articles on lifestyle interventions for prevention of cvd hypertension guidelines and interventions acute coronary syndrome heart failure and more contains 13 relevant practice oriented topics including the burden of cardiovascular disease in the post covid era novel therapies for hyperlipidemia congenital heart disease arrhythmias and sudden cardiac death and more provides in depth clinical reviews on cardiovascular diseases offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Cardiovascular Diseases, An Issue of Primary Care: Clinics in Office Practice, E-Book

2024-01-31

this issue of veterinary clinics equine practice guest edited by dr carrie finno focuses on equine genetic diseases topics include genetics genomics and emergent precision medicine 12

years post equine reference genome equine snp genotyping arrays next generation sequencing genetic testing in the horse genetics of cardiovascular disease genetics of respiratory disease genetics of neurological disease genetics of immune disease genetics of orthopedic disease genetics of ocular disease genetics of skin disease genetics of endocrine and metabolic disease genetics of muscle disease genetics of laminitis genetics of reproductive diseases and genetics of behavioral traits

Equine Genetic Diseases, An Issue of Veterinary Clinics of North America: Equine Practice, E-Book

2020-07-27

this issue of immunology and allergy clinics guest edited by drs peck ong and peter schmid grendelmeier is devoted to allergic skin diseases articles in this issue include wet wrap therapy in atopic dermatitis biologics in chronic urticaria clinical measures of chronic urticaria cutaneous manifestation of drug allergy itch in atopic dermatitis biomarkers in atopic dermatitis differential diagnosis of atopic dermatitis differential diagnosis of chronic urticaria ace inhibitor induced angioedema the role of fungi in atopic dermatitis cutaneous manifestation of food allergy pediatric mastocytosis allergic contact dermatitis hereditary angioedema infectious complications in atopic dermatitis and cutaneous manifestations primary immunodeficiency autoimmunity

Allergic Skin Diseases, An Issue of Immunology and Allergy Clinics of North America, E-Book

2016-11-24

part ii of dr murrell s issue devoted to autoimmune blistering diseases focuses on the management of these conditions along with drug treatment complications and the treatment of aibd around the world articles include corticosteroid use in aibd aibd management in pregnancy prevention of opportunistic infections and therapeutic approaches to patients with mucous membrane pemphigoid as well as aibd management in france iran the united states and other countries

Diarrhoeal Diseases Research

1993-12

this issue of clinics in geriatric medicine guest edited by drs james d katz and brian walitt of the nih is devoted to rheumatic diseases in older adults articles in this outstanding issue include rheumatology pharmacotherapy pearls for the general practitioner sarcopenia pathogenesis and management osteoporosis and metabolic bone diseases osteoarthritis regional rheumatic disorders and rehabilitation in older adults rheumatological manifestations of malignancy sjögren s syndrome cardiovascular disease risk in patients with rheumatic diseases gaps in aging research as it applies to rheumatological clinical care and update on crystal induced arthritides

Autoimmune Blistering Diseases, Part II, An Issue of Dermatologic Clinics - E-Book

2011-12-09

in this issue of veterinary clinics of north america food animal practice guest editors drs elizabeth parker charles fossler and carla huston bring their considerable expertise to the topic of transboundary diseases of cattle and bison top experts discuss the highly contagious diseases that affect cattle and bison and present strategies to mitigate the health risks contains 11 relevant practice oriented topics including lumpy skin disease rift valley fever re emerging notifiable diseases to watch outbreak investigations compartmentalization regionalization vaccination and more provides in depth clinical reviews on transboundary diseases of cattle and bison offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Rheumatic Diseases in Older Adults, An Issue of Clinics in Geriatric Medicine, E-Book

2016-11-24

surgical management of esophageal disease is reviewed extensively in this important surgical clinics of north america issue articles include approach to patients with esophageal dysphagia esophageal motility disorders achalasia esophageal stricture and diverticula benign esophageal masses gastroesophageal disease barrett s esophagus preoperative evaluation of gerd surgical treatment of gerd endoscopic treatment of gerd paraesophageal hernia short esophagus reoperative antireflux surgery gerd after bariatric procedure minimally invasive esophagectomy for benign esophageal disease and more

Transboundary Diseases of Cattle and Bison, An Issue of Veterinary Clinics of North America: Food Animal Practice

2024-05-30

in this issue of critical care clinics guest editors drs robert m kliegman and brett j bordini bring their considerable expertise to the topic of undiagnosed and rare diseases in critical care top experts in the field cover key topics such as critical genetic arrhythmia disorders uncommon causes of rhabdomyolysis status epilepsy syndromes autoimmune encephalitis rapid onset paralysis and weakness and more contains 17 relevant practice oriented topics including understanding cognitive diagnostic errors in the icu rapid wgs in the icu diagnostic time outs to improve diagnosis when sepsis is not sepsis mas hllh malignancies and other sepsis mimics all that wheezes is not asthma or bronchiolitis and more provides in depth clinical reviews on undiagnosed and rare diseases in critical care offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Surgical Approaches to Esophageal Disease, An Issue of Surgical Clinics,

2015-06-14

dr kliegman and dr bordini have written a primer on undiagnosed and rare diseases in children leading experts have presented the current knowledge in the following areas how doctor s think common diagnostic errors in clinical judgment team based approach to undiagnosed and rare diseases ending a diagnostic odyssey family education counselling and their response to eventual diagnosis eczema and urticaria as manifestations of undiagnosed and rare diseases usual and unusual manifestations of familial hemophagocytic and langerhans

cell histiocytosis syndromes when autistic behavior suggests a disease other than classic autism non classic inflammatory bowel disease in young infants ipex and other disorders usual and unusual presentation of mitochondrial disorders when to suspect auto inflammatory recurrent fever syndromes primary and secondary causes of autonomic dysfunction usual and unusual manifestations of systemic and cns vasculitis fever of unknown origin differentiating familial neuropathies from guillain barre syndrome and munchausen by proxy a factitious undiagnosed disease readers will come away with cutting edge information to use immediately in their clinical management of patients

Undiagnosed and Rare Diseases in Critical Care, An Issue of Critical Care Clinics, E-Book

2022-04-08

in this issue of obstetrics and gynecology clinics of north america guest editors drs kevin a ault and alisa kachikis bring their considerable expertise to the topic of infectious diseases in obstetrics and gynecology changes in immune function during pregnancy may cause an increased risk of infection and if left untreated may lead to serious complications in this issue top experts provide state of the art clinical information on managing infections in pregnancy with the goal of protecting both mother and fetus contains 16 practice oriented topics including cytomegalovirus covid vaccines during pregnancy an update on chlamydia and gonorrhea hepatitis c during pregnancy syphilis vaccine hesitancy pathogenesis of covid during pregnancy emerging infectious diseases and more provides in depth clinical reviews on infectious diseases in obstetrics and gynecology offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Undiagnosed and Rare Diseases in Children, An Issue of Pediatric Clinics of North America, E-Book

2016-12-01

the guest editors have put together an issue of clinical reviews that provides the most current look at pbc authors all experts in their respective areas have submitted articles in the following areas changes in epidemiology of pbc genetic and epigenetics in pbc role of bile acids and the bicarbonate umbrella in the pathogenesis of pbc current treatment options in pbc work in progress drugs in development natural history of pbc in the udca era role of scoring systems treatment of pruritus tricks of the trade chronic complications of cholestasis work up and management individualizing care management beyond medical therapy role of liver biopsy when to do how to stage ama negative pbc is it really the same as ama positive pbc new thoughts on overlap syndrome with auto immune hepatitis and current status of liver transplantation for pbc

Infectious Diseases in Obstetrics and Gynecology, An Issue of Obstetrics and Gynecology Clinics, E-Book

2023-05-08

neurocardiovascular diseases and disturbances are a distinguished group of the pathological entities that demand an integrative scientific approach to be studied treated and finally cured brain heart and vessels axes can be comprehended as a complex bidirectional unit of utmost importance for organism survival harmonized functioning of this unit through the autonomic nervous system interface can be fatally compromised by stress infection systemic diseases dietary habits pharmacological and surgical interventions the scope of this research topic is to emphasize the importance of the scientists and medical practitioners attention to molecular and systemic modes of the brain heart and vessels functioning and often

underestimated neurocardiovascular pathology by a patient's bedside in the last couple of decades this research area flourished and contributed to the general knowledge by placing the new milestones neurocardiovascular physiology and pathology we hope that by this modest contribution we will provide an interesting practical and innovative update on the novelties in the field of neurocardiovascular research

Primary Biliary Cholangitis, An Issue of Clinics in Liver Disease E-Book

2018-07-13

Dr. Pylsopoulos has assembled the top authors in the field to provide current reviews on acute liver failure to be the first time this topic is addressed in one volume. Topics are devoted to classification and epidemiologic aspects of acute liver failure, acute liver failure mechanisms of disease and multi-systemic involvement, the pathology of acute liver failure, liver regeneration in the acute liver failure patient, viral hepatitis and acute liver failure, still a problem: drug-induced liver injury and acute liver failure, acetaminophen and acute liver failure, non-viral or drug-induced etiologies of acute liver failure, the clinical spectrum and manifestations of acute liver failure, non-ICU management of acute liver failure, management of acute liver failure in the ICU setting, prognostic models of acute liver failure, the role of liver transplantation in acute liver failure, and future approaches and therapeutic modalities for acute liver failure. Readers will come away with a current point of view about how to approach and manage the patient with acute liver failure.

On the nature and treatment of stomach and renal diseases. Fourth edition

1848
