in five short centuries the mighty empire of the méxica descendants of the ancient aztecs allied with imperial japan has spread across the earth left the homeland and set its sights on the stars but the universe is a dangerous place filled with hidden powers and the relics of ancient civilizations the méxica are only the latest of the great imperial powers to reach for the stars but that doesn't stop imperial méxica from claiming control xenoarcheologist gretchen anderssen had hoped to enjoy her well earned vacation she hadn't seen her home world or her children for many months but the company has other plans for her when she checks in for her transport she finds new orders for her team it looks like only a small diversion a quick trip to the planet jagen to investigate reports of a possible first sun artifact she doesn't have to run an excavation or even gain possession of the artifact just file a report but it smells bad says gretchen's hesht companion magdalena david parker the company pilot assigned to anderssen's analysis team agrees and they are so right gretchen magdalena and parker find themselves in very dangerous territory indeed because unbeknownst to anyone at the company the imperial méxican priesthood has decided to wage a war on jagen a war not of conquest or defense but a flowery war planned and fomented for the

purpose of bleeding the emperor s youngest son gretchen and her team are headed right into the middle of the battle it may be a war of flowers but many people will die and blood will flow in the streets at the publisher s request this title is being sold without digital rights management software drm applied the lloyd s register of shipping records the details of merchant vessels over 100 gross tonnes which are self propelled and sea going regardless of classification before the time only those vessels classed by lloyd s register were listed vessels are listed alphabetically by their current name
