What Management Is 2012-12-25 a beginner's guide and a bible for one of the greatest social innovations of modern times the discipline of management whether you're new to the field or a seasoned executive this book will give you a firm grasp on what it takes to make an organization perform it presents the basic principles of management simply but not simplistically why did an ebay succeed where a webvan did not why do you need both a business model and a strategy why is it impossible to manage without the right performance measures and do yours pass the test what management is is both a beginner's guide and a bible for one of the greatest social innovations of modern times the discipline of management joan magretta a former top editor at the harvard business review distills the wisdom of a bewildering sea of books and articles into one simple clear volume explaining both the logic of successful organizations and how that logic is embodied in practice magretta makes rich use of examples contemporary and historical to bring to life management's high concepts value creation business models competitive strategy and organizational design she devotes equal attention to the often unwritten rules of execution that characterize the best performing organizations throughout she shows how the principles of management that work in for profit businesses can and must be applied to nonprofits as well most management books preach a single formula or a single fad this one roams knowledgeably over the best that has been thought and written with a practical eye for what matters in real organizations not since peter drucker's great work of the 1950s and 1960s has there been a comparable effort to present the work of management as a coherent whole to take stock of the current state of play and to write about it thoughtfully for readers of all backgrounds newcomers will find the basics demystified more experienced readers will recognize a store of useful wisdom and a framework for improving their own performance this is the big picture management book for our times it defines a common standard of managerial literacy that will help all of us lead more productive lives whether we aspire to be managers or not

What Management is 2013 whether you're new to the field or a seasoned executive this book will give you a firm grasp on what it takes to make an organization perform it presents the basic principles of management simply but not simplistically why did an ebay succeed where a webvan did not why do you need both a business model and a strategy why is it impossible to manage without the right performance measures and do yours pass the test what management is is both a beginner's guide and a bible for one of the greatest social innovations of modern times the discipline of management joan magretta a former top editor at the harvard business review distills the wisdom of a bewildering sea of books and articles into one simple clear volume explaining both the logic of successful organizations and how that logic is embodied in practice magretta makes rich use of examples contemporary and historical to bring to life management's high concepts value creation business models competitive strategy and organizational design she devotes equal attention to the often unwritten rules of execution that characterize the best performing organizations throughout she shows how the principles of management that work in for profit businesses can and must be applied to nonprofits as well most management books preach a single formula or a single fad this one roams knowledgeably over the best that has been thought and written with a practical eye for what matters in real organizations not since peter drucker's great work of the 1950s and 1960s has there been a comparable effort to present the work of management as a coherent whole to take stock of the current state of play and to write about it thoughtfully for readers of all backgrounds newcomers will find the basics demystified more experienced readers will recognize a store of useful wisdom and a framework for improving their own performance this is the big picture management book for our times it defines a common standard of managerial literacy that will help all of us lead more productive lives whether we aspire to be managers or not

Management and Technology 1958 a beginner's guide and authoritative source for one of the greatest social innovations of modern times the

discipline of management in this book joan magretta a former editor at harvard business review distils the wisdom of a bewildering sea of books and articles into one simple clear volume explaining both the logic of successful organizations and how that logic works in practice are you a new experienced or would be manager who isn't quite sure what value creation means could you articulate your company's business model in a single page description do you understand the reasons for the disparate performance of such superficially similar companies as ebay and priceline.com these questions and many others are answered in what management is the author makes rich use of samples contemporary and historical to bring to life management's high concepts value creation business models competitive strategy and organizational design newcomers will find the basics demystified more experienced readers should recognize a store of useful wisdom and a framework for improving their own performance

What Management Is 2002 industrial organization theory and practice has rightly been described as a classic in the history of organizational theory first published in 1965 it was a major contribution to the development of contingency theory and our understanding of the relationship between technology and organizations the book stood in marked contrast to the traditions of scientific management combining detailed empirical research and a pioneering analytical framework it suggested that technology and production systems played a crucial role in shaping effective organizational structures in doing so joan woodward offered lasting insights into issues of levels of hierarchy and spans of management control issues that today might be discussed in terms of delayering and process re engineering woodward's work was a springboard for much subsequent research and many of her specific observations have been widely debated and challenged yet as sandra dawson and dorothy wedderburn write in their introduction the main thesis of the book is well known however this is a book where to know its main thesis is no substitute for reading the book itself joan woodward's ideas remain one of the cornerstones of our knowledge of our organizations

Industrial Organization 1980 the routledge companion to management and workplace spirituality provides readers with a broad cutting edge overview of the discipline of management spirituality and religion msr marques has gathered leading scholars from around the world who share their insights and research on important topics such as linking spirituality and religion cultural influences on workplace spirituality mindfulness and managing spiritually averse people the volume also covers each of the major religions from both east and west as well as leadership and spirituality and issues related to linking spirituality to ethics sustainability and corporate social responsibility this volume will prove invaluable to any student or researcher looking for a comprehensive survey of the field of msr

The Routledge Companion to Management and Workplace Spirituality 2019-03-11 there is a search in process for a new context and paradigm for the organization of the future an organization that must be capable of producing high quality competitive products that satisfy customers without destroying the planet or degrading human life the end of management and the rise of organizational democracy calls for a radical set of organizational development initiatives that will combat the destructive forces of globalization put an end to authoritarian paternalistic management and move organizations toward a new organizational democracy kenneth cloke and joan goldsmith detail the practical opportunities alternatives and models for these new organizations and challenge leaders to transform their workplace environment into one shaped by a context of values ethics and integrity they reveal how a combination of collaboration self management and organizational democracy can break down long standing boundaries and foster the far reaching sustainable changes critical to success in the twenty first century
