Renewal and Reform of Canon Law 2004-06-30 this book is a survey of the history of work in general and of european urban artisans in particular from the late middle ages to the era of industrialization unlike traditional

histories of work and craftsmen this book offers a multi faceted understanding of artisan experience situated in the artisans culture it treats economic and institutional topics but also devotes considerable attention to the changing ideologies of work the role of government regulation in the world of work the social history of craftspeople the artisan in rebellion against the various authorities in his world and the ceremonial and leisure life of artisans women masters journeymen apprentices and non guild workers all receive substantial treatment the book concludes with a chapter on the nineteenth century examining the transformation of artisan culture exploring how and why the early modern craftsman became the industrial wage worker mechanic or shopkeeper of the modern age

People and Places 2007-03-14 this is a revised and updated edition of a highly acclaimed history of the early modern habsburg monarchy charles w ingrao challenges the conventional notion of habsburg state and society as peculiarly backward by tracing its emergence as a military and cultural power of enormous influence the habsburg monarchy was undeniably different from other european polities geography and linguistic diversity made this inevitable but by 1789 it had laid the groundwork for a single polity capable of transcending its uniquely diverse cultural and historic heritage charles w ingrao unravels the web of social political economic and cultural factors that shaped the habsburg monarchy during the period and presents this complex story in a manner that is both authoritative and accessible to non specialists this edition includes a revised text and bibliographies new genealogical tables and an epilogue which looks forward to the impact of the habsburg monarchy on twentieth century events

Jigsaw Cities 1975-01-01 this study provides an accessible and authoritative account of poverty and deviance during the early modern period informed by those perspectives on the role of the poor themselves in the provision of welfare services characteristic of much recent social history robert jütte shows how the notions of poverty and social deviance that preoccupied much contemporary thought saw their ultimate fruition in the systematic programmes for social welfare that emerged during the nineteenth century contrary to the once traditional historical emphasis on the ameliorative role of individual reformers professor jütte s account looks

much more closely at the poor themselves and the complex network of social and communal relationships they inhabited he examines the lives not only of poor relief recipients but of the vast number of destitute individuals who had to find other means to stay alive and how these people shaped their own patterns of survival within given communities

Perspectives on Charismatic Renewal 2017-02-25 a broad ranging survey of violence in western europe from the reformation to the french revolution julius ruff summarises a huge body of research and provides readers with a clear accessible and engaging introduction to the topic of violence in early modern europe his book enriched with fascinating illustrations underlines the fact that modern preoccupations with the problem of violence are not unique and that late medieval and early modern european societies produced levels of violence that may have exceeded those in the most violent modern inner city neighbourhoods julius ruff examines the role of the emerging state in controlling violence the roots and forms of the period s widespread interpersonal violence violence and its impact on women infanticide and rioting this book in the successful textbook series new approaches to european history will be of great value to students of european history criminal justice sciences and anthropology
