**How to Create a Culture of Achievement in Your School and Classroom** 2014-06-29 what does it feel like to walk into your school is it a welcoming place where everyone feels valued most school improvement efforts focus on academic goals instructional models curriculum and assessments but sometimes what can make or break your learning community are the intangibles the relationships identity and connections that make up its culture authors fisher frey and pumpian believe that no school improvement effort will be effective unless school culture is addressed they identify five pillars that are critical to building a culture of achievement 1 welcome imagine if all staff members in your school considered it their job to make every student parent and visitor feel noticed welcomed and valued 2 do no harm your school rules should be tools for teaching students to become the moral and ethical citizens you expect them to be 3 choice words when the language students hear helps them tell a story about themselves that is one of possibility and potential students perform in ways that are consistent with that belief 4 it s never too late to learn can you push students to go beyond the minimum needed to get by to discover what they are capable of achieving 5 best school in the universe is your school the best place to teach and learn the best place to work drawing on their years of experience in the classroom the authors explain how these pillars support good teaching and learning in addition they provide 19 action research tools that will help you create a culture of achievement so that your school or classroom is the best it can be after reading this book you ll see why culture makes the difference between a school that enables success for all students and a school that merely houses those students during the school day

**Indie Author's Toolbox: How to create, publish, and market your Kindle book** 2021-09-06 read this if you want to sell more books make more money as an author or rank higher in your category my name is nick vulich the first thing you should know about me is i m not a writer and i m not an expert on self publishing either i never worked in the industry and i don t have any experience working for the big publishers in fact the only thing i consider myself an expert in is how to sell on ebay amazon and fiverr so why should you listen to me like most indie authors i came into publishing through the back door i had a story to tell and one day i just sat down and let it all come out what i wrote wasn t pretty or polished but it helped a lot of people sell more stuff on ebay what i couldn t say with fancy prose i made up for with enthusiasm because of that my books sold i m not going to lie to you it wasn t easy i read just about every book available on self publishing i studied up on kdp free days countdown deals price pulsing

**Robots can't do networking (yet). 12 takeaways on how to create and manage interpersonal**

**relationships in the digital era** 2021-06-10 what counts is what's written on your curriculum vitae what you've done until yesterday this was the rule that governed rising to the top in the professional world the current job market on the other hand seems to be increasingly interested in the so-called soft skills the aptitude skills that make one profile more suitable than another the queen of these soft skills the one that will allow both young people and their elders to face the exponential social and technological changes that await us is the ability to create and maintain interpersonal and professional relationships over time in other words networking the book tells a personal story in a simple passionate and detailed way so that readers can understand the dynamics that regulate the creation of an effective network of contacts real cases are dissected in clear methodological takeaways and summed up by quotes that show how the fruits of forty years can be replicated and are within the reader's reach through training and good techniques

**SUMMARY - The Invisible Advantage: How To Create A Culture Of Innovation By Soren Kaplan**

2012-04-30 our summary is short simple and pragmatic it allows you to have the essential ideas of a big book in less than 30 minutes as you read this summary you will discover how to create and nurture the spirit of innovation in your company you will also discover that the secret to innovation lies in culture innovation is the constant search for progress instead of focusing on a few breakthrough projects a company evolves when it is welded around a strong and customer-focused mission leaders need to lead by example take the initiative and deliver positive messages innovation is applied at all levels of the company with clear objectives and indicators to measure them employee training and development are essential to unleash energies what are the best processes and strategies for cultivating innovation in the company if there is no ready-made formula it is because it starts with culture that fertile ground that allows ideas to bud an organization on the move no longer looks for ways to become innovative it is innovative by nature and this can be felt at all times and at all levels but to instill this collective dynamic a conducive environment must be created the invisible advantage's practical advice will help you get ready to take your company on a new path the path of innovation buy now the summary of this book for the modest price of a cup of coffee
