surveillance act fisa to the terrorist surveillance program the author develops and applies a normative ethical framework based on a legal proportionality test that can be applied to future cases involving u s foreign intelligence surveillance for high school or college students the logic of liberal rights uses basic logic to develop a model of argument presupposed in all disputes about civil rights and liberties no prior training in logic is required as each step is explained this analysis does not merely apply general logic to legal arguments but is also specifically tailored to the issues of civil rights and liberties it shows that all arguments about civil rights and liberties presuppose one fixed structure and that there can be no original argument in rights disputes except within the confines of that structure concepts arising in disputes about rights like liberal or democratic are not mere abstractions but have a fixed and precise character this book integrates themes in legal theory political science and moral philosophy as well as the philosophy of logic and language for the advanced scholar the book provides a model presupposed by leading theoretical schools liberal and critical positivist and naturalist for the student it provides a systematic theory of civil rights and liberties examples are drawn from the european convention in human rights but no special knowledge of the convention is assumed as the issues analysed arise throughout the world such issues include problems of free speech religious freedom privacy torture unlawful detention and private property originally published in 1981 this book provides a detailed account of the emergence of the children s rights movement and analyses the concept of a right it considers the justifications which may be sought when rights are claimed particular attention is given to the problem which arises when different rights are seen to be in conflict with each other or with other kinds of moral consideration these arguments are then examined with regard to such special features of children as their incomplete but developing rationality and their material dependence on adults this book focuses on security practices civil liberties and the politics of borders in liberal democracies in the aftermath of 9 11 security practices and the denial of human rights and civil liberties are often portrayed as an exception to liberal rule and seen as institutionally legally and spatially distinct from the liberal state drawing upon detailed empirical studies from migration controls such as the french waiting zone australian off shore processing and us maritime interceptions this study demonstrates that the limitation of liberties is not an anomaly of liberal rule but embedded within the legal order of liberal democracies the most ordinary yet powerful way of limiting liberties is the creation of legal identities legal borders and legal spaces it is the possibility of limiting liberties through liberal and democratic procedures that poses the key challenge to the protection of liberties the book develops three inter related arguments first it questions the discourse of exception that portrays liberal and illiberal rule as distinct ways of governing and scrutinizes liberal techniques for limiting liberties second it highlights the space of government and argues for a change in perspective from territorial to legal borders especially legal borders of policing and legal borders of rights third it emphasizes the role of ordinary law for illiberal practices and argues that the legal order itself privileges policing powers and prevents access to liberties this book will be of interest to students of critical security studies social and political theory political geography and legal studies and in general the study of surveillance is more relevant than ever before the fast growth of the field of surveillance studies reflects both the urgency of civil liberties and privacy questions in the war on terror era and the classical social science debates over the power of watching and classification from bentham to foucault and beyond in this overview david lyon one of the pioneers of surveillance studies fuses with aplomb classical debates and contemporary examples to provide the most accessible and up to date introduction to surveillance available the book takes in surveillance studies in all its breadth from local face to face oversight through technical developments in closed circuit tv radio frequency identification and biometrics to global trends that integrate surveillance systems internationally surveillance is understood in its ambiguity from caring to controlling and the role of visibility of the surveilled is taken as seriously as the powers of observing classifying and judging the book draws on international examples and on the

insights of several disciplines sociologists political scientists and geographers will recognize key issues from their work here but so will people from media culture organization technology and policy studies this illustrates the diverse strands of thought and critique available while at the same time the book makes its own distinct contribution and offers tools for evaluating both surveillance trends and the theories that explain them this book is the perfect introduction for anyone wanting to understand surveillance as a phenomenon and the tools for analysing it further and will be essential reading for students and scholars alike this study of civil liberties focuses on the american civil liberties union aclu and the dispute in skokie illinois over the rights of members of the nazi party to hold public demonstrations because this issue promoted at least one fourth of the membership of the aclu to take some form of action ranging from objecting and reducing financial contributions to resigning this conflict presents the opportunity for a case study of the conditions under which attitudes toward civil liberties are mobilized into behavior

Civil Liberties in Real Life 2020-09-04 this volume brings together eight us authors breaking new ground with multidisciplinary perspectives and an exciting range of real life topics concerning the central question what is civil liberty the contributions here dive into freedom of speech religious freedom freedom of assembly and much more examining how and why marginalized groups such as african americans women and queers used civil liberties in their struggle for equality topics covered in this volume range from considering how we can moderate the corrupting influences of luxury and consumerism promoted by private property rights to the dilemma of teaching politically controversial civil liberty topics and the role of free speech in the classroom the book is a must read for anyone interested in civil liberty whether an expert novice or in between

Civil Liberties in Britain During the 2nd World War 2021-11-21 war and such crises are seen as aberrations in the history and development of democracy a time when otherwise unacceptable constraints can be imposed on the ordinary man with little or no dissent the reasoning behind this is questioned in this book first published in 1983 it makes a detailed study of government policy towards civil liberties in britain during the second world war the nature of crisis government and its implications for democracy drawing on government documents and other primary sources the book examines policies implemented such as the emergency powers defence act of 1939 and regulation 18b other government policies such as the internment of enemy aliens restrictions on the media and the mobilisation of propaganda for the war effort are analysed thoroughly

Civil Liberties and the ICAC 2017-01-26 the concentrate q as are a result of a collaboration involving hundreds of law students and lecturers from universities across the uk the series offers you better support and a greater chance to succeed on your law course than any of the competitors a sure fire way to get a 1st class result naomi m coventry university my grades have dramatically improved since i started using the oup q a guides glen sylvester bournemouth university these first class answers will transform you into a first class student ali mohamed university of hertfordshire i can t think of better revision support for my study quynh anh thi le university of warwick i would strongly recommend q a guides they have vastly improved my structuring of exam answers and helped me identify key components of a high quality answer hayden roach bournemouth university 100 would recommend makes you feel like you will pass with flying colours elysia marie vaughan university of hertfordshire my fellow students rave about this book octavia knapper lancaster university the best q a books that i ve read the content is exceptional wendy chinenye akaigwe london metropolitan university i would not hesitate to recommend this book to a friend blessing denhere coventry university

Civil Liberties and the ICAC 1992 in these times and for future generations students must learn how to analyze constantly changing issues decipher media as truth or fake news and contest highly competitive biased informational sources students must develop knowledge skills and attitudes necessary for leveraging their capacity as active citizens charged with holding institutions accountable for truthfully addressing and protecting civil liberties extending the ground of public confidence teaching civil liberties in k 16 social studies education is a book grounded in current scholarship and seeks to address the need for a practical user friendly resource for teaching civil liberties in k 12 social studies and teacher education this book brings together chapter length discussions about various issues introduced first from historic perspectives and then compared and described in modern terms such topics include though are not limited to disputes surrounding freedom of speech and religion power issues defending property rights debates on security of persons and privacy free exercise of assembly and expression and the endless debate about who can and cannot vote in u s elections each chapter contains teaching ready inquiry based learning activities framed by the national council for the social studies ncsc college career and civic life c3 inquiry arc 2013 students 1 develop questions and plan investigations 2 apply disciplinary concepts and tools 3 gather evaluate and use evidence and 4 work collaboratively to communicate conclusions and take informed action lesson ideas engage

learners across age groups and grade levels in learning that fosters informed sustainable actions aimed at upholding and protecting civil liberties

The Communism, Conformity, and Civil Liberties Study 1974 reaching well beyond traditional categories of analysis mcclosky and brill have surveyed civil libertarian attitudes among the general public opinion leaders lawyers and judges police officials and academics they analyze levels of tolerance in a wide range of civil liberties domains first amendment rights due process privacy and such emerging areas as women s and homosexual rights and along numerous variables including political participation ideology age and education the authors explore fully the differences between civil libertarian values in the abstract and applying them in specific instances they also examine the impact of tensions between liberties free press and privacy for example and between tolerance and other values such as public safety they probe attitudes toward recently expanded liberties finding that even the more informed and sophisticated citizen is often unable to read on through complex new civil liberties issues this remarkable study offers a comprehensive assessment of the viability and vulnerability of beliefs central to the democratic system it makes an invaluable contribution to the study of contemporary american institutions and attitudes

Concentrate Questions and Answers Human Rights and Civil Liberties 2018-07-26 this handbook sets out defines and analyzes the essential vocabulary and terminology involved in the study of state power individual liberties and rights as part of the companions series it is organized alphabetically taking up and defining key topics in these areas particularly as they relate to the study of crime and harm topics addressed include state and corporate crime terrorism security risk legislation and policy human rights and civil liberties policing punishments and detention surveillance and regulation and many others accessible yet challenging the book will be useful for both undergraduates and graduate students working in criminology criminal justice international relations political science and other fields

Politics and Civil Liberties 1983 scholarly analyses of supreme court decisions in their political context

Extending the Ground of Public Confidence 2019-09-01 using the post 9 11 period as its backdrop the book examines questions concerning the limits of government intrusion on protected fourth amendment rights from the introduction of the u s patriot act and amendments to the foreign intelligence surveillance act fisa to the terrorist surveillance program the author develops and applies a normative ethical framework based on a legal proportionality test that can be applied to future cases involving u s foreign intelligence surveillance

Freedoms, Courts, Politics 1972 for high school or college students

The Communism, Conformity, and Civil Liberties Study 1974 the logic of liberal rights uses basic logic to develop a model of argument presupposed in all disputes about civil rights and liberties no prior training in logic is required as each step is explained this analysis does not merely apply general logic to legal arguments but is also specifically tailored to the issues of civil rights and liberties it shows that all arguments about civil rights and liberties presuppose one fixed structure and that there can be no original argument in rights disputes except within the confines of that structure concepts arising in disputes about rights like liberal or democratic are not mere abstractions but have a fixed and precise character this book integrates themes in legal theory political science and moral philosophy as well as the philosophy of logic and language for the advanced scholar the book provides a model presupposed by leading theoretical schools liberal and critical positivist and naturalist for the student it provides a systematic theory of civil rights and liberties examples are drawn from the european convention in human rights but no special knowledge of the convention is assumed as the issues analysed arise throughout the world such issues include problems of free speech religious freedom privacy torture unlawful detention and private property

International Human Rights Law Series 1996 originally published in 1981 this book provides a detailed account of the emergence of the children s rights movement and analyses the concept of a right it considers the justifications which may be sought when rights are claimed particular attention is given to the problem which arises when different rights are seen to be in conflict with each other or with other kinds of moral consideration these arguments are then examined with regard to such special features of children as their incomplete but developing rationality and their material dependence on adults

Communism, Conformity, and Civil Liberties Study, 1954. [Codebook] 1986 this book focuses on security practices civil liberties and the politics of borders in liberal democracies in the aftermath of 9 11 security practices and the denial of human rights and civil liberties are often portrayed as an exception to liberal rule and seen as institutionally legally and spatially distinct from the liberal state drawing upon detailed empirical studies from migration controls such as the french waiting zone australian off shore processing and us maritime interceptions this study demonstrates that the limitation of liberties is not an anomaly of liberal rule but embedded within the legal order of liberal democracies the most ordinary yet powerful way of limiting liberties is the creation of legal identities legal borders and legal spaces it is the possibility of limiting liberties through liberal and democratic procedures that poses the key challenge to the protection of liberties the book develops three inter related arguments first it questions the discourse of exception that portrays liberal and illiberal rule as distinct ways of governing and scrutinizes liberal techniques for limiting liberties second it highlights the space of government and argues for a change in perspective from territorial to legal borders especially legal borders of policing and legal borders of rights third it emphasizes the role of ordinary law for illiberal

practices and argues that the legal order itself privileges policing powers and prevents access to liberties this book will be of interest to students of critical security studies social and political theory political geography and legal studies and in general

The Supreme Court and Civil Liberties 1937 the study of surveillance is more relevant than ever before the fast growth of the field of surveillance studies reflects both the urgency of civil liberties and privacy questions in the war on terror era and the classical social science debates over the power of watching and classification from bentham to foucault and beyond in this overview david lyon one of the pioneers of surveillance studies fuses with aplomb classical debates and contemporary examples to provide the most accessible and up to date introduction to surveillance available the book takes in surveillance studies in all its breadth from local face to face oversight through technical developments in closed circuit tv radio frequency identification and biometrics to global trends that integrate surveillance systems internationally surveillance is understood in its ambiguity from caring to controlling and the role of visibility of the surveilled is taken as seriously as the powers of observing classifying and judging the book draws on international examples and on the insights of several disciplines sociologists political scientists and geographers will recognize key issues from their work here but so will people from media culture organization technology and policy studies this illustrates the diverse strands of thought and critique available while at the same time the book makes its own distinct contribution and offers tools for evaluating both surveillance trends and the theories that explain them this book is the perfect introduction for anyone wanting to understand surveillance as a phenomenon and the tools for analysing it further and will be essential reading for students and scholars alike

Human Rights and Civil Liberties 2022 this study of civil liberties focuses on the american civil liberties union aclu and the dispute in skokie illinois over the rights of members of the nazi party to hold public demonstrations because this issue promoted at least one fourth of the membership of the aclu to take some form of action ranging from objecting and reducing financial contributions to resigning this conflict presents the opportunity for a case study of the conditions under which attitudes toward civil liberties are mobilized into behavior
