when holmes and watson later join sir henry at his hotel they learn one of the baronet s new boots has gone missing no good explanation can be found for the loss holmes asks if there were any other living relatives besides sir henry mortimer tells him that charles had two brothers sir henry is the sole child of one brother who settled in america and raised his son there the third rodger was known to be the black sheep of the family and is noted for having resembled a family portrait of hugo a wastrel and inveterate gambler he fled to south america to avoid creditors he is believed to have died there alone despite the note s warning sir henry insists on visiting baskerville hall as sir henry leaves holmes baker street apartment holmes and doctor watson follow him they realise that a man with a fake looking black beard in a cab is also following them holmes and watson pursue this man but he escapes however holmes memorises the cab number it was 2704
