Five Tracts of Hasan Al-Banna (1906-1949) 1978 the muslim brotherhood is one of the most influential islamist organisations today based in egypt its network includes branches in many countries of the near and middle east although the organisation has been linked to political violence in the past it now proposes a politically moderate ideology the book provides an in depth analysis of the muslim brotherhood during the years of al hdaybi s leadership and how he sought to steer the organization away from the radical wing inspired by sayyid qutb into the more moderate islamist organization it is today it is his legacy which eventually fostered the development of non violent political ideas during the years of persecution 1954 to 1971 radical and moderate islamist ideas emerged within the brotherhood s midst inspired by sayyid qutb s ideas a radical wing evolved which subsequently fed into radical islamist networks as we know them today yet it was during the same period that al hdaybi and his followers proposed a moderate political interpretation which was adopted by the brotherhood and which forms its ideological basis today

Imam shahid Hasan al-Banna 2002 inside the muslim brotherhood provides a comprehensive analysis of the muslim brotherhood in egypt since 1981 the book unpacks the principal factors that shape the brotherhood s identity organization and activism investigating the processes of socialization indoctrination recruitment identification networking and mobilization utilized by the movement khalil al anani argues that the brotherhood is not merely a political actor seeks power but also an identity maker that aims to change societal values norms and morals to line up with its ideology and worldview as a socio political movement he finds the brotherhood is involved in an intensive process of meaning construction and symbolic production that shape individuals identity and gives sense to their lives the result is brotherhood a distinctive code of identity that governs the norms values and regulations that bind members together maintains their activism and guides their behavior in everyday life

**The Muslim Brotherhood** 2009-01-13 sayyid qutb is widely considered the guiding intellectual of radical islam with a direct line connecting him to osama bin laden but qutb has too often been treated maliciously or reductively the philosopher of islamic terror as paul berman famously put it in the new york times magazine james toth offers an even handed account of sayyid qutb and shows him to be a much more complex figure than the many one dimensional portraits would have us

believe qutb first gained notice as a novelist literary critic and poet but then turned to religious and political criticism aimed at the egyptian government and muslims he deemed insufficiently pious after a two year sojourn in the u s he returned to egypt even more radicalized and joined the muslim brotherhood eventually taking charge of its propaganda operation when brotherhood members were accused of assassinating egyptian president gamal abdel nasser the group was outlawed and qutb imprisoned he was executed in 1966 becoming the first martyr to the islamist cause using an analytical approach that investigates without passing judgment both traces the life and thought of qutb giving attention not only to his well known signposts on the road but also to his less studied works like social justice in islam and his 30 volume quranic commentary in the shade of the quran both s aim is to give qutb s ideas a fair hearing to measure their impact and to treat him like other intellectuals who inspire revolutions however unpopular they may be in offering a more nuanced account of qutb one that moves beyond the cartoonish depictions of him as the evil genius lurking behind today s terrorists sayyid qutb deepens our understanding of a central figure of radical islam and indeed our understanding of radical islam itself
