## **I'm Creative - Art and Crafts for Primary School 6 2006**

art and craft is a diverse and creative subject that allows kids to explore ideas or concepts and then express it by making something today arts and crafts are a great pastime and educational tool for kids it can not only keep the tiny tots busy and entertained on a rainy day but also extend a child's fine motor skills develop concepts like colour or numbers and see scientific processes like gluing and paint drying in action it also helps to develop the creative instincts of a child who is ever so enthusiastic to learn and create something new however children always need their parents or teachers guidance attention along with love and affection in their lives hence drawing painting or making simple yet attractive craft items with them could be real fun and a great way to create a lifetime of memories for you and your children students as the case may be the book is a treasure trove of novel ideas and beautiful creations of arts and crafts with easily available objects such as crayons water and oil colours of different shades glue scissors paper wax clay stones metal pieces magnets leaves flowers etc there are collage items various coloured paper craft items marble painting sculpting greeting cards paper lanterns bookmarks balloon mask etc that have been explained in the book in detail exclusively for school children in the age group of 5 to 12 years thus the book will serve as a useful guide for art and craft teachers as well as parents who are always keen to decipher and carve out the best for the young ones

## **71 ARTS & CRAFTS FOR SCHOOL CHILDREN 2015-01-09**

excerpt from the art crafts for beginners it often happens that young people with talent and a strong feeling for art wish to go further in their study than is possible within the limits of the average school there are two courses open to such students they can enter an art academy or they can acquire such training as comes from the study of books works of art and through private instruction of these two courses the former is much to be preferred providing that the art school selected is influenced by the modern art spirit about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## **Art Crafts for Amateurs 1901**

## **The Art Crafts for Beginners (Classic Reprint) 2016-10-01**

excerpt from art crafts for amateurs the scope of this book is indicated by the title but though addressed to amateurs it might serve as a text book to those who intend to make art work their calling for often the only line of demarcation between amateur and professional is that the latter makes a business of what the former does as a recreation the author s aim has been to take the leading art crafts and to approach them from two points of view that of the practice of them and that of scheming for and designing for them many useful hints and suggestions of a practical nature can be imparted by a practical worker in writing to those who have made a start or even to those who are about to begin while in the matter of design this can be dealt with in a yet more emphatic way by the help of illustrations and the publishers have allowed the author to be prodigal in this matter there being no less than 178 in the present work gathered from many sources and giving examples of craftsmen of very divergent tendencies for it was no part of the author s plan to select examples in which certain well defined ideas found expression as though there were one way only in the craftsman s world are many mansions about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
