powerful et312b erostek blog

Sep 05 2023

there is much more to the et312b than this quick introduction you can connect an audio source or microphone to the 312 and have it respond by making e stim pulses that correspond to the sound in audio 3 mode you can stim for hours using stereo tracks that were designed for the et312b audio mode

erostek et312b power unit erostek blog

Aug 04 2023

the current flow required by the et312b made a manual switch more practical than a power management circuit with push button power switch like the et302r and automatic power off it would be nice to have an automatic power off feature but that was not designed into the et312b

et312b discontinued ecforges llc

Jul 03 2023

the erostek et312b was developed in 1999 and has been in continuous production for over 20 years production relied on components which became harder to source or went obsolete the technical aspects of manufacturing reached a breaking point during the covid 19 pandemic
