Roman Law in Context

1999-09-28

roman law in context explains how roman law worked for those who lived by it by viewing it in the light of the society and economy in which it operated the book discusses three main areas of roman law and life the family and inheritance property and the use of land commercial transactions and the management of businesses it also deals with the question of litigation and how readily the roman citizen could assert his or her legal rights in practice in addition it provides an introduction to using the main sources of roman law the book ends with an epilogue discussing the role of roman law in medieval and modern europe a bibliographical essay and a glossary of legal terms the book involves the minimum of legal technicality and is intended to be accessible to students and teachers of roman history as well as interested general readers

Roman Law in the Modern World

1917

this is a short and succinct summary of the unique position of roman law in european culture by one of the world s leading legal historians peter stein s masterly study assesses the impact of roman law in the ancient world and its continued unifying influence throughout medieval and modern europe roman law in european history is unparalleled in lucidity and authority and should prove of enormous utility for teachers and students at all levels of legal history comparative law and european studies award winning on its appearance in german translation this english rendition of a magisterial work of interpretive synthesis is an invaluable contribution to the understanding of perhaps the most important european legal tradition of all

Roman Law in European History

1999-05-13

roman law forms an important part of the intellectual background of many legal systems currently in force in continental europe latin america and other parts of the world this book traces the historical development of roman law from the earliest period of roman history up to and including justinian s codification in the sixth century ad it examines the nature

of the sources of law forms of legal procedure the mechanisms by which legal judgments were put into effect the development of legal science and the role of the jurists in shaping the law the final chapter of the book outlines the history of roman law during the middle ages and discusses the way in which roman law furnished the basis of the civil law systems of continental europe the book combines the perspectives of legal history with those of social political and economic history special attention is given to the political development of the roman society and to the historical events and socio economic factors that influenced the growth and progress of the law designed to provide a general introduction to the history of roman law this book will appeal to law students whose course of studies includes roman law legal history and comparative law it will also prove of value to students and scholars interested in ancient history and classics

The Historical and Institutional Context of Roman Law

2017-03-02

the most important creation of the romans was their law in this book dr tellegen couperus discusses the way in which the roman jurists created and developed law and the way in which roman law has come down to us special attention is given to questions such as who were the jurists and their law schools and to the close connection between jurists and the politics of their time

A Systematic and Historical Exposition of Roman Law in the Order of a Code

1803

this unique publication offers a complete history of roman law from its early beginnings through to its resurgence in europe where it was widely applied until the eighteenth century besides a detailed overview of the sources of roman law the book also includes sections on private and criminal law and procedure with special attention given to those aspects of roman law that have particular importance to today s lawyer the last three chapters of the book offer an overview of the history of roman law from the early middle ages to modern times and illustrate the way in which roman law furnished the basis of contemporary civil law systems in this part special attention is given to the factors that warranted the

revival and subsequent reception of roman law as the common law of continental europe combining the perspectives of legal history with those of social and political history the book can be profitably read by students and scholars as well as by general readers with an interest in ancient and early european legal history the civil law tradition is the oldest legal tradition in the world today embracing many legal systems currently in force in continental europe latin america and other parts of the world despite the considerable differences in the substantive laws of civil law countries a fundamental unity exists between them the most obvious element of unity is the fact that the civil law systems are all derived from the same sources and their legal institutions are classified in accordance with a commonly accepted scheme existing prior to their own development which they adopted and adapted at some stage in their history roman law is both in point of time and range of influence the first catalyst in the evolution of the civil law tradition

A Short History of Roman Law

2002-11-01

reprint of the original first published in 1876

A Systematic and Historical Exposition of Roman Law in the Order of a Code

1885

this book is not about the rules or concepts of roman law says alan watson but about the values and approaches explicit and implicit of those who made the law the scope of watson s concerns encompasses the period from the twelve tables around 451 b c to the end of the so called classical period around a d 235 as he discusses the issues and problems that faced the roman legal intelligentsia watson also holds up roman law as a clear although admittedly extreme example of law s enormous impact on society in light of society s limited input into law roman private law has been the most admired and imitated system of private law in the world but it evolved watson argues as a hobby of gentlemen albeit a hobby that carried social status the jurists the private individuals most responsible for legal development were first and foremost politicians and in the empire bureaucrats their engagement with the law was primarily to win the esteem of their peers the exclusively patrician college of pontiffs was given a monopoly on interpretation of private law in the mid fifth century b c though the college would lose its

exclusivity and monopoly interpretation of law remained one mark of a roman gentleman but only interpretation of the law not conceptualization or systematization or reform gave prestige says watson further the jurists limited themselves to particular modes of reasoning no arguments to a ruling could be based on morality justice economic welfare or what was approved elsewhere no praetor one of the elected officials who controlled the courts is famous for introducing reforms watson points out and in contrast with a nonjurist like cicero no jurist theorized about the nature of law a strong characteristic of roman law is its relative autonomy and isolation from the rest of life paradoxically this very autonomy was a key factor in the reception of roman law the assimilation of the learned roman law as taught at the universities into the law of the individual territories of western europe

Roman Law and the Origins of the Civil Law Tradition

2014-12-02

the law developed by the ancient romans remains a powerful legal and political instrument today in the roman law tradition a general editorial introduction complements a series of more detailed essays by an international team of distinguished legal scholars exploring the various ways in which roman law has affected and continues to affect patterns of legal decision making throughout the world

Roman Law in the Modern World: History of Roman Law and its descent into English, French, German, Italian, Spanish, and other modern law

1917

burdick william l the principles of roman law and their relation to modern law rochester the lawyers co operative publishing co 1938 xxi 748 pp reprinted 2004 by the lawbook exchange ltd lccn 20020254946 isbn 1 58477 253 0 cloth 110 general survey of the principles of roman law as they have developed over time with respect to their place in civil law english common law and the american and canadian legal systems contents include the world wide extension of roman law the civil law in the united states and canada outlines of roman law history the corpus juris civilis the law of persons including marriage husband and wife divorce parent and child guardian and ward the law of property the law of

obligations the law of succession the law of actions and the law of public wrongs a solid introduction to the subject of roman law and its application in personal and family law in subsequent legal systems

A Systematic and Historical Exposition of Roman Law in the Order of a Code

2024-03-12

this book provides a new approach to the study of the history of roman law it collects the first results of the european research council project *scriptores iuris romani* dedicated to a new collection of the texts of roman jurisprudence highlighting important methodological issues together with innovative reconstructions of the profiles of some ancient jurists and works jurists were great protagonists of the history of rome both as producers and interpreters of law since the republican age and as collaborators of the principes during the empire nevertheless their role has been underestimated by modern historians and legal experts for reasons connected to the developments of modern law in england and in continental europe this book aims to address this imbalance it presents an advanced paradigm in considering the most important aspects of roman law the justinian *digesta* and other juridical late antique anthologies the work offers an historiographic model which overturns current perspectives and makes way for a different path for legal and historical studies unlike existing literature the focus is not on the justinian codification but on the individualities of ancient roman jurists as such it presents the actual legal thought of its experts and authors the ancient *iuris prudentes* the book will be of interest to researchers and academics in classics ancient history history of law and contemporary legal studies

The Spirit of Roman Law

2008

one of the great and lasting influences on the course of western culture roman law occupies a unique place in the history of the civilized world originally the law of a small rural community then of a powerful city state it became the law of an empire which embraced almost all of the known civilized world the influence of roman law extends into modern times and is reflected in the great codifications of private law that have come into existence in europe america and asia even now roman law in modified form is the law of the land in scotland and the civil code

of louisiana is directly based on roman law forming an important part in the historical and intellectual background of understanding and a basis for further development of the principles of international jurisprudence in this book an international authority on roman legal history sets forth in clear understandable english the institutions of roman law and traces their development through the byzantine empire into medieval and modern europe it is an indispensable study for every american lawyer and for anyone interesting in legal and political history

Handbook of the Roman Law

1883

this dictionary explains technical roman legal terms translates elucidate those latin words which have a specific connotation when used in a juristic context or in connection with a legal institution or question provides a brief picture of roman legal institutions sources as a sort of an introduction to them the objectives of the work not the juristic character of available latin writings therefore determined the inclusion or exclusion of any single word or phrase this dict is not intended to be a complete latin english dict for all words which occur in the writings of the roman jurists or in the various codifications of roman law the reader must consult a general latin english lexicon for ordinary words that have no specific meaning in law or juristic language reprinted 1980

Introduction to Roman Law

1873

this book explains how roman law worked for those who lived by it by viewing it in the light of the society and economy in which it operated written in an accessible style with the minimum of legal technicality the book is designed for students and teachers of roman history as well as interested general readers topics covered include the family and inheritance property and the use of land business and commercial transactions and litigation in this second edition all chapters have been extensively revised and updated and a new chapter on crime and punishment has been included the book ends with an epilogue covering the fate of roman law in medieval and modern europe david johnston is a lawyer practising in the courts and draws on his experience of law in practice to shape the work and provide new insights for his readers

Introduction to Roman Law

1880

bracton s relation to the roman law is one of the most interesting questions in historical jurisprudence in this as in other matters connected with the early history of the english law bracton is the most important authority the period at which he wrote his ability as a jurist the richness of matter in his work all combine to make it necessary to exhaust the sources of knowledge to be derived from him an index marginal notes have been added to the translation the table of contents has been enlarged

The Roman Law Tradition
