in april 1997 during the dutch presidency of the european union a three day international conference was held in the hague the netherlands on the subject of the quality of european and national legislation and the internal market the present publication comprises the proceedings and conclusions of this timely conference which was organized by the t m c asser instituut the hague on behalf of the ministries of justice and economic affairs of the netherlands and the european commission the objective of the conference was to suggest ways of improving the legislation in the european union against the background of the common market the quality of the drafting of community legislation is crucial if it is to be properly implemented by competent national authorities and better understood by the public and in business circles the conference focused on european legislation and on national legislation in the member states representatives of the european union the governments the academic world industry and consumer organizations gave their views of and commented on the three main themes of the conference i the experiences on european and national level regarding the judicial quality of legislation ii simplification of existing legislation and iii assessment of draft legislation the updated and revised versions of their studies and comments are published in the present book during the final session of the conference current initiatives in the field of improving the quality of legislation were reviewed e g on consolidation codification guidelines and deregulation the main findings of the conference were brought to the attention of the internal market council and the igc as a preparation of the european council of amsterdam 16 17 june 1997 where the draft treaty of amsterdam was concluded many of the conference findings and suggestions were repeated in the documents of the draft treaty in addition to the above mentioned contributions the book contains i a valuable methodical digest of the conference including a closer evaluation of the draft treaty of amsterdam and ii a summing up of the results of the important debate by professor l j brinkhorst european parliament strasbourg brussels the book is also enriched by relevant documentation in the field

New Serial Titles 1995

writing in the sixth edition of this handbook author michael fordham described his ambition when writing the first edition and indeed all subsequent editions of this book as to read as many judicial review cases as i could and to try to extract classify and present illustrations and statements of principle behind this aim lay the practitioner s overwhelming need to know and understand the case law without it as fordham says much can be achieved in public law through instinct experience and familiarity with general principles which are broad flexible and designed to accord with common sense but with knowledge of the case law comes the vital ability to be able to point to and rely on an authoritative statement of principle and working illustration knowing the case law is crucial the challenge is to find it this the sixth edition of the handbook continues the tradition established by earlier editions in rendering the voluminous case law accessible and knowable this handbook remains an indispensable source of reference and a guide to the case law in judicial review established as an essential part of the library of any practitioner engaged in public law cases the judicial review handbook offers unrivalled coverage of administrative law including but not confined to the work of the administrative court and its procedures once again completely revised and up dated the sixth edition approximates to a restatement of the law of judicial review organised around 63 legal principles each supported by a comprehensive presentation of the sources and an unequalled selection of reported case quotations it also includes essential procedural rules forms and guidance issued by the administrative court as in the previous edition both the civil procedure rules and human rights act 1998 feature prominently as major influences on the shaping of the case law their impact and the plethora of cases which explore their meaning and application were fully analysed and evaluated in the previous edition but this time around their importance has grown exponentially and is reflected in even greater attention being given to their respective roles attention is also given to another new development the coming into existence of the supreme court here michael fordham casts an experienced eye over the court s work in the area of judicial review and assesses the early signs from a court that is expected to be one of the key influences in the development of judicial review in the modern era the author a leading member of the english public law bar has been involved in many of the leading judicial review cases in recent years and is the founding editor of the judicial review journal an institution for those who practise public law it has the authority that comes from being compiled by an author of singular distinction lord woolf from the foreword to the fifth edition

Legal Services for the Elderly 1978

reprimand a class comic restrain a bully dismiss a student for brazen attire and you may be facing a lawsuit costly regardless of the result this reality for today s teachers and administrators has made the issue of school discipline more difficult than ever before and public education thus more precarious this is the troubling message delivered in judging school discipline a powerfully reasoned account of how decades of mostly well intended litigation have eroded the moral authority of teachers and principals and degraded the quality of american education judging school discipline casts a backward glance at the roots of this dilemma to show how a laudable concern for civil liberties forty years ago has resulted in oppressive abnegation of adult responsibility now in a rigorous analysis enriched by vivid descriptions of individual cases the book explores 1 200 cases in which a school s right to control students was contested richard arum and his colleagues also examine several decades of data on schools to show striking and widespread relationships among court leanings disciplinary practices and student outcomes they argue that the threat of lawsuits restrains teachers and administrators from taking control of disorderly and even dangerous situations in ways the public would support table of contents preface 1 questioning school authority 2 student rights versus school rules with irenee r beattie 3 how judges rule with irenee r beattie 4 from the bench to the paddle with richard pitt and jennifer thompson 5 school discipline and youth socialization with sandra way 6 restoring moral authority in american schools appendix tables notes index reviews of this book this interesting study casts a critical eye on the american legal system which arum sees as having undermined the ability of teachers and administrators to socialize teenagers arum it must be pointed out is adamantly opposed to such measures as zero tolerance which he insists often results in unfair and excessive punishment what he wisely calls for is not authoritarianism but for school folks to regain a sense of moral authority so that they can act decisively in matters of school discipline without having to look over their shoulders david ruenzel teacher magazine reviews of this book arum s book should be compulsory reading for the legal profession they need to recognise the long term effects of their judgments on the climate of schools and the way in which judgments in favour of individual rights can reduce the moral authority of schools in disciplining errant students but the author is no copybook conservative and he is as critical of the right s get tough zero tolerance authoritarianism as he is of what he eloquently describes as the marshmallow effect of liberal reformers pushing the rules to their limits and tolerating increased misconduct john dunford times educational supplement uk reviews of this book arum argues that discipline is often ineffective because schools legitimacy and moral authority have been eroded he holds the courts responsible because they have challenged schools legal and moral authority supporting this claim by examining over 6 200 state and federal appellate court decisions from 1960 to 1992 in describing the structure of these decisions arum provides interesting insights into school disciplinary practices and the law p m socoski choice reviews of this book arum s careful analysis of school discipline becomes so focused and revealing that the ideological boundaries of the debate seem almost to have been suspended the result is a rich and original book bold important useful and as this combination of attributes might suggest surprising many years in the making judging school discipline weds historical theoretical and statistical research within the problem solving stance of a teacher working to piece together solutions in the interest of his students the result is a book that promises to shape research as well as practice through its demonstration that students are liberated as well as oppressed by school discipline steven l vanderstaay urban education reviews of this book arum s break with education school dogma on student rights is powerful and goes far toward explaining why so many teachers dread their students when they are not actually

fighting them off heather macdonald wall street journal

Catalog of Copyright Entries 1952

this is a comprehensive guide to challenging decisions of criminal courts and public bodies in the criminal justice system using judicial review written by a team of criminal and public law practitioners it considers claims for judicial review arising in the criminal justice system which now represent a distinct area of public law these claims are set apart by special considerations and rules for example on the limits of the high court s jurisdiction or the availability of relief during ongoing proceedings criminal practitioners may lack the background to spot public law points equally public law specialists may be unfamiliar with criminal law and types of issues that arise criminal judicial review is intended as a resource for both the book deals with the principles case law remedies and the practice and procedure for obtaining legal aid and costs it will be of assistance to any practitioner preparing or responding to judicial review claims involving the following the police and the crown prosecution service magistrates courts the crown court and coroners prisons and the parole board statutory bodies such as the independent police complaints commission and the legal aid agency claimants who are children young persons or have mental disorders the international dimension including extradition proceedings and european union law practical considerations such as cpr part 54 remedies legal aid and costs from the foreword by the rt hon lord judge the book is offered in clear and simple style focussing less on esoteric theoretical considerations and more on the practical needs of the practitioner it brings together materials relating to public law with which a criminal specialist may be less well informed and material relevant to the criminal justice processes which may not be immediately apparent to the public law specialist it will assist with the preparation of arguments and also enable submissions which are unarguable to be discarded it will therefore provide valuable guidance in this broad and developing area of practice

Legal Services Corporation Act Amendments of 1983 1984

designed for students who may not have ready access to a law library and for students on part time and distance learning courses the sourcebook series offers a collection of material from a diversity of sources the sources are annotated to set the materials in context and to explain their relevance and importance this volume contains a representative selection of cases and statutes which cover such topics as the nature of law sources of law and the structure and jurisdiction of the civil and criminal courts the legal profession and the interpretation of statutes are also discussed

Agriculture, Rural Development, and Related Agencies Appropriations for 1981 1980

this comprehensive reader in the sociology of education examines important topics and exposes students to examples of sociological research on schools drawing from classic and contemporary scholarship the editors have chosen readings that examine current issues and reflect diverse theoretical approaches to studying the effects of schooling on individuals and society

Agriculture, Rural Development and Related Agencies Appropriations 1981

providing detailed commentary of unrivalled quality on the process of civil litigation this is the only major civil work to adopt a narrative approach based on the chronology of a claim written by a team of expert practitioners and academics it provides authoritative analysis on the process of civil litigation from commencement of a claim to enforcement of judgments addressing civil procedure in the county courts the high court the court of appeal and the supreme court the book also considers more specialist

matters such as insolvency proceedings sale of goods and human rights providing expert analysis on a comprehensive level commentary is combined with the text of the civil procedure rules cpr practice directions pd and pre action protocols and procedural checklists all fully cross referenced to the text to ensure ease of use for the busy practitioner as well as a detailed and user friendly index the quick reference guide inside the front cover provides an alternative point of access for those more familiar with the cpr also available blackstone s civil practice the commentary 2013 is a concise new book providing the unique commentary independently from the cpr pd and other appendix materials electronic versions of the procedural checklists in blackstone s civil practice 2013 are available from iris laserform

Improving the Quality of Legislation in Europe 2023-08-14

covering all of the substantive grounds on which a claim may be brought this definitive new work provides unrivalled analysis and guidance on the law of judicial review written by three experienced practitioners judicial review principles and procedure includes chapters on the most common grounds for bringing a claim such as procedural fairness and irrationality but also covers emerging grounds such as delay on the part of public bodies and error of fact in addition the authors provide a separate detailed treatment of areas such as administrative policies and the public sector equality duty each element of this complex area of law is carefully broken down to ensure that answers are always easy to find and where the law is in doubt the dispute is concisely stated and the view most likely to be preferred by the courts is expressed the book analyses in detail the issues that are likely to arise in practice with thorough and up to date reference to case law throughout it incorporates the jurisprudence arising out of the human rights act 1998 providing practitioners with a complete yet practical treatment of each relevant topic the book contains comprehensive coverage of procedural matters in each stage of a claim from pre action to costs and includes a chapter on european union law from marie demetriou qc of brick court chambers providing a uniquely full treatment of all the issues which might be encountered in practice
