2020-11-27 army chaplains have long played an integral part in america s armed forces in addition to conducting chapel activities on military installations and providing moral and spiritual support on the battlefield they conduct memorial services for fallen soldiers minister to survivors offer counsel on everything from troubled marriages to military bureaucracy and serve as families points of contact for wounded or deceased soldiers all while risking the dangers of combat alongside their troops in this thoughtful study anne c loveland examines the role of the army chaplain since world war ii revealing how the corps has evolved in the wake of cultural and religious upheaval

in american society and momentous changes in u s strategic relations warfare and weaponry from 1945 to the present  
loveland shows army chaplains faced several crises that reshaped their roles over time she chronicles the chaplains  
initiation of the character guidance program as a remedy for the soaring rate of venereal disease among soldiers in  
occupied europe and japan after world war ii as well as chaplains response to the challenge of increasing secularism  
and religious pluralism during the culture wars of the vietnam era religious accommodation evangelism and  
proselytizing public prayer and spiritual fitness provoked heated controversy among chaplains as well as civilians in  
the ensuing decades then early in the twenty first century chaplains themselves experienced two crisis situations one  
the result of the vietnam era antichaplain critique the other a consequence of increasing religious pluralism  
secularization and sectarianism within the chaplain corps as well as in the army and the civilian religious community  
by focusing on army chaplains evolving sometimes conflict ridden relations with military leaders and soldiers on the  
one hand and the civilian religious community on the other loveland reveals how religious trends over the past six  
decades have impacted the corps and in turn helped shape american military culture

2014-03-30 a summary of state campaign finance laws with quick reference charts for the u  
s territories and possessions

*Change and Conflict in the U.S. Army Chaplain Corps Since 1945* 2012-09

1895 The Encyclopedia of organ includes articles on the organ family of instruments including famous
