several of the key concepts of biopolitics have come under scrutiny since the outbreak of covid 19 pandemic this volume brings into discussion how biopolitics can be conceptualized critically within a milieu of mass healing such as in india contributors to this volume discuss crucial themes like geropolitics and pandemic reflections on the question of old age borders and logistics

in a world emerging from the pandemic immunization of humans and humanization of immunity thus defining the indian contexts of the biopolitical problematic extending its analysis into a retrospective vision of thought traditions and socio political underpinnings that shaped modernity and post coloniality in india it also explores the medico therapeutical discourse embedded in philosophy of medicine and philosophical modernity tracing its interstitial positioning as therapeutic assemblages in a milieu of mass healing this book will be useful for scholars and researchers of biopolitics philosophy political philosophy sociology science and technology studies medical sociology health and well being and cultural studies
