today s headlines vividly illustrate the importance of understanding aspects of the criminal justice system too often ignored while the second edition of crime and criminal justice in american society includes the most recent statistics on the police courts and corrections its provocative current examples also spur critical thinking about justice in the united states the authors offer an alternative interpretation of criminal justice rarely presented in traditional textbooks or by the media they encourage readers to examine their beliefs about crime punishment and the law discussions in the chapters about how african americans hispanics whites women juveniles the rich and the poor experience crime and the criminal justice system contribute context for understanding different viewpoints the poor and minorities are the most likely to be caught in the net of criminal justice but inequities have consequences for everyone reflection on various perspectives provides helpful input for assessing attitudes and for becoming actively involved with issues that have significant consequences eighteen thoroughly revised chapters present historical backgrounds theories and emerging issues new to the second edition is a chapter on veterans involved in the criminal justice system affordable succinct and engaging this textbook presents the key concepts of the criminal justice system at less than half the cost of many competing textbooks

Red River Rising

2022-10-27

by the 1970s 42nd street in new york was widely perceived to be unsafe a neighborhood thought to be populated largely by drug dealers porn shops and muggers but in 1979 civic leaders developed a long term vision for revitalizing one especially

blighted block bryant park the reopening of the park in the 1990s helped inject new vitality into midtown manhattan and served as a model for many other downtown revitalization projects so what about urban policy can we learn from bryant park in this new book andrew m manshel draws from both urbanist theory and his first hand experiences as a urban public space developer and manager who worked on bryant park and later applied its strategies to an equally successful redevelopment project in a very different new york neighborhood jamaica queens he candidly describes what does and doesn t work when coordinating urban redevelopment projects giving special attention to each of the many details that must be carefully observed and balanced from encouraging economic development to fostering creative communities to delivering appropriate services to the homeless learning from bryant park is thus essential reading for anyone who cares about giving new energy to downtowns and public spaces
