Ayer's American Almanac 1888

first published in 1999 routledge is an imprint of taylor francis an informa company

Petroleum Abstracts 1968

long before gps google earth and global transit humans traveled vast distances using only environmental clues and simple instruments john huth asks what is lost when modern technology substitutes for our innate capacity to find our way encyclopedic in breadth weaving together astronomy meteorology oceanography and ethnography the lost art of finding our way puts us in the shoes ships and sleds of early navigators for whom paying close attention to the environment around them was quite literally a matter of life and death haunted by the fate of two young kayakers lost in a fog bank off nantucket huth shows us how to navigate using natural phenomena the way the vikings used the sunstone to detect polarization of sunlight and arab traders learned to sail into the wind and pacific islanders used underwater lightning and read waves to guide their explorations huth reminds us that we are all navigators capable of learning techniques ranging from the simplest to the most sophisticated skills of direction finding even today careful observation of the sun and moon tides and ocean currents weather and atmospheric effects can be all we need to find our way lavishly illustrated with nearly 200 specially prepared drawings huth's compelling account of the cultures of navigation will engross readers in a narrative that is part scientific treatise part personal travelogue and part vivid re-creation of navigational history seeing through the eyes of past voyagers we bring our own world into sharper view

Wildlife Review 1994

february issue includes appendix entitled directory of united states government periodicals and subscription publications september issue includes list of depository libraries june and december issues include semiannual index

Africana Nova 1963

this handbook consisting of six volumes covers over 9000 taxa of succulents excluding cacti which have the ability to store water in their stems leaves or underground organs in addition to the volumes on monocotyledons and dicotyledons separate volumes are devoted to those families with predominantly succulent members which show an especially great diversity namely aizoaceae asclepiadaceae and crassulaceae following an alphabetical listing of families genera and species detailed descriptions are given including the taxonomy with synonyms data on the distribution and ecology references and keys to genera species or subspecies over 2000 superb colour photographs complete this inventory of succulent plants

biographical study of the roman law teacher gaius who lived in the second century a d

Index zu Diez' 1878

this book provides a comprehensive update on recent developments of jasmonates jas and brassinosteroids brs in plant signalling and biotechnological applications over the last few decades an enormous amount of research data has been generated on these two signalling molecules this valuable compilation will enhance the basic understanding of jas and brs mechanism of actions ensuing tolerance mechanism of crops under climate changes for

sustainable agriculture and human welfare this book covers topics regarding the occurrence of jas and brs in plants biosynthesis role in plant growth and development role of these pgrs during various abiotic stress tolerance in plants crosstalk of reactive oxygen species ros and plant stress mitigation regulation of jas and brs signaling pathways by microrna along with physiological and anatomical roles of jas and brs as wound healing regeneration and cell fate decisions the cross talk of jas and brs with neurotransmitters in plant growth and development bio fortification of crop plants with brs in managing in human health issues chapter enlightened new role of brs in human wellbeing this book will be beneficial to scientists researchers agriculturists horticulturists industries related to the crop and food production key features reviews the global scientific literature and experimental data of the authors on the occurrence of jas and brs in various plants update information on recent developments of jas and brs signalling and biotechnological applications in plants highlights the physiological metabolic and molecular mechanism of jas and brs under variable climates addresses the abiotic and biotic tolerance management by jas and brs describes the role of jas and brs in sustainable agriculture and human welfare in eco friendly manner

Internal Revenue Bulletin 2010-06-28

gonococcal infection global status is one in a series of gideon ebooks which summarize the status of individual infectious diseases in every country of the world data are based on the gideon database gideononline com which relies on standard text books peer review journals health ministry reports and promed supplemented by an ongoing search of the medical literature chapters are arranged alphabetically by country name each section is divided into five subsections 1 descriptive epidemiology 2 summary of clinical features 3 global status of the disease 4 status of the disease in a specific country 5 references
