

Trump's Media War

2018-10-17

the election of donald trump as us president in 2016 seemed to catch the world napping like the vote for brexit in the uk there seemed to be a new de synchronicity a huge reality gap between the unfolding of history and the mainstream news media s interpretations of and reporting of contemporary events through a series of short sharp interventions from academics and journalists this book interrogates the emergent media war around donald trump a series of interconnected themes are used to set an agenda for exploration of trump as the lynch pin in the fall of the liberal mainstream and the rise of the right media mainstream in the usa by exploring topics such as trump s television celebrity his presidential candidacy and data driven election campaign his use of social media his press conferences and combative relationship with the mainstream media and the question of fake news and his administration s defence of alternative facts the contributors rally together to map the parallels of the seemingly momentous and continuing shifts in the wider relationship between media and politics

the swiss artist miriam cahn 1949 basel deals with political and social themes in oil paintings charcoal chalk and colored and lead pencil drawings and in photographs films and installations strong color is characteristic of her work forming a stark contrast to the recurring motifs of violence tenderness war destruction and physical infirmity her habit of commenting upon her work in writing is a golden thread running throughout cahn s career she illuminates her own art commenting in the process on art and world events and she sets up the texts opposite her artworks in exhibitions and publications

The Steal

2022-01-06

in the sixty four days between november 3 and january 6 president donald trump and his allies fought to reverse the outcome of the vote focusing on six states arizona georgia michigan nevada pennsylvania and wisconsin trump s supporters

claimed widespread voter fraud caught up in this effort were scores of activists lawyers judges and state and local officials among them rohn bishop enthusiastic chairman of the fond du lac wisconsin republican party who would be branded a traitor for refusing to say his state s election was tainted and ruby freeman a part time ballot counter in atlanta who found herself accused of being a professional vote scammer by the president working with a team of researchers and reporters mark bowden and matthew teague uncover never before told accounts from the election officials fighting to do their jobs amid outlandish claims and threats to themselves their colleagues and their families the steal is an engaging in depth report on what happened during those crucial nine weeks and a portrait of the heroic individuals who did their duty and stood firm against the unprecedented sustained attack on the us election system and ensured that every legal vote was counted and the will of the people prevailed

Survival 59.6

2023-04-21

survival the bi monthly publication from the international institute for strategic studies is a leading forum for analysis and debate of international and strategic

affairs with a diverse range of authors thoughtful reviews and review essays survival is scholarly in depth while vivid well written and policy relevant in approach shaped by its editors to be both timely and forward thinking the publication encourages writers to challenge conventional wisdom and bring fresh often controversial perspectives to bear on the strategic issues of the moment

Lessons from Trump's Political Communication

2020-02-22

this book explores donald trump s political communication as a candidate and in the first two years in office the 45th us president is dominating the media system and building the agenda through the combined action of five strategies he disintermediates his communication and manufactures a permanent campaign climate based on strong and inflammatory language to attract a constant and decisive media coverage in disarticulating old style political rhetoric he privileges emotions over contents slogans above thought trump s jokes mockeries and distinct rhetoric showing similarities to rhetorical strategies of nazis during the 1930s help him impersonate the populist everyday man who fights against the elites his dominance of the news cycle also reflects a desire for higher tv ratings and traffic

numbers essentially trump has critically exploited the media s news logics and taken advantage of the american public s lack of trust in journalism

Sanctuary Cities

2019

sanctuary cities or localities where officials are prohibited from inquiring into immigration status have become a part of the broader debate on undocumented immigration in the united states despite the increasing amount of coverage sanctuary policies receive the american public knows little about these policies in this book loren collingwood and benjamin gonzalez o brien delve into the history media coverage effects and public opinion on these sanctuary policies in the hope of helping readers reach an informed decision regarding them

Political Technology

2023-12-14

political technology is a russian term for the professional engineering of politics it

has turned russian politics into theatre and propoganda and metastasised to take over foreign policy and weaponise history the war against ukraine is one outcome in the west spin doctors and political consultants do more than influence media or run campaigns they have also helped build parallel universes of alternative political reality hungary has used political technology to dismantle democracy the bjp in india has used it to consolidate unprecedented power different countries learn from each other some types of political technology have become notorious like troll farms or data mining but there is now a global wholesale industry selling a range of manipulation techniques from astroturfing to fake parties to propoganda apps this book shows that political technology is about much more than online disinformation it is about whole new industries of political engineering

A Populist, a Pope, and the Soul of a Nation

2023-06-02

finally a political economist with the lived experience and academic background necessary to explain pope francis s disdain for today s rightwing ideologies of populism nationalism authoritarianism and unrestrained capitalism as expressed in his encyclical fratelli tutti written for both catholics and non catholics for those of

any faith and no faith and for academics and non academics this is the book you ve been waiting for if you want to understand the intersection of politics and religion in the era of global trumpism and to comprehend the suffering caused by these ideologies in the world today recognizing the deep divide on matters of truth and the profound hurt caused by our polarized society murray brux explains how compassionate encounters and truth telling can bring healing to a broken world and its suffering people written in a fully comprehensible manner this is a book in the tradition of catholic social justice at its best

Fundraiser in Chief

2023-01-24

recent presidents have responded to the evolving rules of the campaign finance system and the competitive electoral landscape by devoting substantial amounts of their most valuable resource their time to fundraising in the follow up to his 2012 book the rise of the president s permanent campaign brendan doherty argues that presidential fundraising is an underexamined tool of modern presidential leadership and should be viewed as an instrument of presidential power akin to signing statements executive orders public speeches and veto threats presidents raise

campaign cash for themselves and for their fellow party members in the hope of electoral gains that will reshuffle the governing deck in their favor but acting as fundraiser in chief sparks a host of controversies based on an original dataset of 2 190 presidential fundraisers spanning more than four decades of presidents from carter to trump fundraiser in chief is the first book length work to analyze presidential fundraising in a systematic and comprehensive manner doherty draws on an unprecedented amount of empirical evidence to shed light on modern presidents fundraising priorities and strategies as they seek to move the country closer to their vision of a more perfect union fundraiser in chief is a study of presidential resource allocation strategy how much of their scarce time presidents devote to fundraising for whom they do it what priorities are illuminated by their efforts how their fundraising strategies relate to the evolving campaign finance landscape under what circumstances they fundraise behind closed doors and the resulting controversies and implications for presidential leadership and the american political system doherty offers an argument about the incentives that drive presidents to fundraise so frequently while examining the controversial implications of their extensive efforts to raise campaign cash he contends that rising campaign costs limits on contributions to candidates and political parties the inadequacy of the resources provided by the presidential public funding system the specter of super pacs raising funds in unlimited amounts and fiercely competitive

contests to control the white house congress and governors offices across the country have all incentivized presidents to embrace their role as fundraiser in chief

Conspiracy Theory Discourses

2022-11-15

conspiracy theory discourses addresses a crucial phenomenon in the current political and communicative context conspiracy theories the social impact of conspiracy theories is wide ranging and their influence on the political life of many nations is increasing conspiracy theory discourses bridges an important gap by bringing discourse based insights to existing knowledge about conspiracy theories which has so far developed in research areas other than linguistics and discourse studies the chapters in this volume call attention to conspiracist discourses as deeply ingrained ways to interpret reality and construct social identities they are based on multiple partly overlapping analytical frameworks including critical discourse analysis rhetoric metaphor studies multimodality and corpus based qualitative approaches these approaches are an entry point to further explore the environments which enable the proliferation of conspiracy theories and the paramount role of discourse in furthering conspiracist interpretations of reality

the most important political investigation since special counsel robert s mueller iii s probe into russian influence on the 2016 election of donald j trump the full report by the select committee to investigate the january 6th attack on the united states capitol will feature facts circumstances and causes related to the assault on the capitol complex formed on july 1 2021 the select committee has issued over one hundred subpoenas and held over a thousand witness interviews the report will provide the results of investigations into interference with the peaceful transfer of power the preparedness and response of the united states capitol police and other federal state and local law enforcement and the influencing factors that fomented the insurrection and attack on american representative democracy engaged in a constitutional process the select committee investigation and the january 6th report will join the mueller report the 9 11 commission report the warren report the starr report and watergate as one of the most important in history the january 6th report will be required reading for everyone with interest in american politics for every 2020 voter and every american featuring a foreword by elizabeth holtzman a lawyer and political leader who was a democratic congresswoman from new york holtzman

has a unique perspective on the situation as she served on the house judiciary committee charged with investigating the watergate scandal and prepared articles of impeachment that precipitated the resignation of president nixon

The January 6th Report

2022-12-27

this work describes the crucial role celebrities played in the emergence of two competing narratives about covid 19 one a pro science narrative that advocated for preventive measures and the other a skeptical counter narrative that denied the disease s existence or downplayed its severity during the first postmodern pandemic a slew of interactions took place across a variety of platforms between prominent figures and those who connected with them forming parasocial communities that framed perspectives on covid 19 the author first describes how covid 19 unfolded in the world of sports then goes on to explain how supportive behavior toward public officials fueled the two competing narratives emphasizing how celebrities themselves aided in the development of common perspectives the text concludes with a description of how citizens initially regarded health care professionals as heroes but even the most powerful public appeals could not

persuade some that covid 19 posed a genuine threat exploring the polarity of publicly held beliefs this book documents how celebrity advocacy had a lasting effect on people s health choices during a global pandemic

Celebrity in the Time of Covid

2022-07-25

this book studies the views from countries in asia europe and latin american of the united states and the 2016 presidential election twelve keen observers of the american political scene from three continents evaluate how these perspectives were modified or reinforced as a result of the campaign and election of donald trump this is a book about how foreigners view american politics and will be of interest to students of foreign policy international studies history and political science

American Presidential Elections in a Comparative

Perspective

2019-06-04

this collection of essays delves into the coke brand to identify and decode its dna unlike other accounts these essays adopt a global approach to understand this global brand bringing together an international and interdisciplinary team of scholars decoding coca cola critically interrogates the coke brand as well its constituent parts by examining those who have been responsible for creating the images of coke as well as the audiences that have consumed them these essays offer a unique and revealing insight into the coke brand and asks whether coca cola is always has the same meaning looking into the core meaning values and emotions underpinning the coca cola brand it provides a unique insight into how global brands are created and positioned this critical examination of one of the world s most recognisable brands will be an essential resource for scholars researching and teaching in the fields of marketing advertising and communication its unique interdisciplinary approach also makes it accessible to scholars working in other humanities fields including history media studies communication studies and cultural studies

democratic disunity rhetorical tribalism in 2020 addresses that while attention has recently and rightly been paid to the tribal bifurcation of the gop the democratic party is similarly divided americans live in a democratic republic rather than a direct democracy and choices regarding governing concerns are configured through communicative action these choices include those made between and within american political parties without rhetorical mediation and intervention toxic partisan tribalism within the two major american political parties is likely to destabilize the nations federalist system of government kelley argues that intraparty tribalism poisons public life and consumes public space within which electoral politics including discussion deliberation and compromise should be thriving democratic disunity considers intraparty tribalism as a rhetorical form uniquely positioned within the twenty first century details are provided regarding language in use strategies with which to anchor a rhetoric of governing through a

mindful deliberative dialogue which diminishes the effect of political partisanship including its toxic variations both between and within american political parties scholars and students of rhetoric political communication and political science will find this book particularly interesting

A Deeper Sickness

2022-03-08

the 2016 election of donald j trump invoked a time for reflection about the state of american politics and its deep ideological cultural racial regional and economic divisions but one aspect that the contemporary discussions often miss is that these fissures have been opening over several decades and are deeply rooted in the structure of american politics and society in polarization what everyone needs to know nolan mccarty takes readers through what scholars know and don t know about the origins development and implications of our rising political conflicts delving into social economic and geographic determinants of polarization in the united states while the current political climate seems to suggest that extreme views are becoming more popular mccarty also argues that contrary to popular belief the 2016 election was a natural outgrowth of 40 years of polarized politics

rather than a significant break with the past he evaluates arguments over which factors that have created this state of affairs including gerrymandered legislative districts partisan primary nomination systems and our private campaign finance system he also considers the potential of major reforms such as instating proportional representation or ranked choice voting to remedy extreme polarization a concise overview of a complex and crucial topic in us politics this book is for anyone wanting to understand how to repair the cracks in our system
