COVID-19 in the African Continent 2022-05-23

covid 19 in the african continent examines the development achievements and challenges that have resulted owing to covid 19 pandemic and how these precarious socioeconomic situations are being managed in african countries

Neutrosophic Sets and Systems. An International Journal in Information Science and Engineering, Vol. 36, 2020 2020-10-01

neutrosophic sets and systems nss is an academic journal published quarterly online and on paper that has been created for publications of advanced studies in neutrosophy neutrosophic set neutrosophic logic neutrosophic probability neutrosophic statistics etc and their applications in any field

International Journal of Neutrosophic Science (IJNS) Volume 7, 2020 2016-04-05

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications ijns is published quarterly ijns is devoted to the publication of peer reviewed original research papers lying in the domain of neutrosophic sets and systems papers submitted for possible publication may concern with foundations neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributing to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 14, 2021 2020-09-25

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications

International Journal of Neutrosophic Science (IJNS) Volume 8, 2020 2019-09-14

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications ijns is published quarterly ijns is devoted to the publication of peer reviewed original research papers lying in the domain of neutrosophic sets and systems papers submitted for possible publication may concern with foundations neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributing to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 10, 2020 2018-12-26

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications papers concern with neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributions to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 13, 2020 2023-10-09

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications papers concern with neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributions to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 2, 2020 2020-07-06

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications ijns is published quarterly ijns is devoted to the publication of peer reviewed original research papers lying in the domain of neutrosophic sets and systems papers submitted for possible publication may concern with foundations neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributing to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 9, 2020 2021-09-09

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications ijns is published quarterly ijns is devoted to the publication of peer reviewed original research papers lying in the domain of neutrosophic sets and systems papers submitted for possible publication may concern with foundations neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributing to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 6, 2020 2009

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications ijns is published quarterly ijns is devoted to the publication of peer reviewed original research papers lying in the domain of neutrosophic sets and systems papers submitted for possible publication may concern with foundations neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributing to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 12, 2020 2014-06-18

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications papers concern with neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributions to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 5, 2020 2019-12-27

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications ijns is published quarterly ijns is devoted to the publication of peer reviewed original research papers lying in the domain of neutrosophic sets and systems papers submitted for possible publication may concern with foundations neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributing to economics finance management industries electronics and communications are promoted

International Journal of Mathematical Combinatorics, vol. 4/2019 1932

the mathematical combinatorics is a subject that applying combinatorial notion to all mathematics and all sciences for understanding the reality of things in the universe motivated by cc conjecture of dr linfan mao on mathematical sciences the international j mathematical combinatorics issn 1937 1055 is a fully refereed international journal sponsored by the madis of chinese academy of sciences and published in usa quarterly which publishes original research papers and survey articles in all aspects of mathematical combinatorics smarandache multi spaces smarandache geometries non euclidean geometry topology and their applications to other sciences

International Journal of Neutrosophic Science (IJNS) Volume 4, 2020 2018-11-16

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications ijns is published quarterly ijns is devoted to the publication of peer reviewed original research papers lying in the domain of neutrosophic sets and systems papers submitted for possible publication may concern with foundations neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributing to economics finance management industries electronics and communications are promoted

International Journal of Neutrosophic Science (IJNS) Volume 11, 2020 2017-05-02

international journal of neutrosophic science ijns is a peer review journal publishing high quality experimental and theoretical research in all areas of neutrosophic and its applications papers concern with neutrosophic logic and mathematical structures in the neutrosophic setting besides providing emphasis on topics like artificial intelligence pattern recognition image processing robotics decision making data analysis data mining applications of neutrosophic mathematical theories contributions to economics finance management industries electronics and communications are promoted

International Journal of Engineering Research in Africa 2024-07-18

for your attention is presented the 23rd volume of international journal of engineering research in africa in this issue collected manuscripts which describe the results of research and engineering decisions in many branches of engineering knowledge and practice such as materials and processing technologies in mechanical engineering construction and in architecture design and research of machines and mechanisms modern methods and algorithms of optimization and data mining and latest researches in area of organization of manufacture we hope this volume will be useful for a wide audience of readers from students to practicing engineers

International Journal of Engineering Research in Africa Vol. 50 2024-02

the 50th volume of international journal of engineering research in africa contains peer reviewed manuscripts reflecting the research results in the fields of materials science applied mechanics and mechanical engineering such issues as steel reinforcement strain based approach temperature thermo physical properties vehicle dynamics water resources are raised in the volume the presented scientific papers can be appreciated by the majority of engineers researchers academic teachers and students majoring in the fields of engineering science

Sustainable Development Goals and Institutions of Higher Education 2016-06-21

this volume brings together both theoretical and case study based contributions to the implementation of the sustainable development goals sdgs in institutions of higher education ihe presenting an impactful combination of authors from both developing and developed countries while most current publications addressing the sdgs and education focus on sustainable development in general and specific topics such as climate change or energy this book attempts to accelerate the localisation of the sdgs by presenting opportunities and innovations offered in various universities and campuses regarding sdgs localisation the book seeks to provide an important contribution to the global dialogue on ihe and the sdgs and will be of interest to academics and researchers engaged in the sdgs and education as well as government agencies and other interested stakeholders the book focuses on curriculum and learning matters research and development as well as community engagement case studies detail the integration of sdgs in academic and professional development new approaches to implementing sustainability science instruction improvements in teaching practices to enhance teacher competence and responsible management education additional focus is placed on the alignment of the sdgs in higher education with the other goals emphasizing technological innovation for improved human health and environmental management and climate change policies and action plans interdisciplinary solutions for pressing environmental problems are also provided making sure that no one is left behind in realising these global development goals

Journal of Contemporary Urban Affairs Vol.2 No.2, 2018 2018-03-09

Technologies in Smallholder Poultry Development: Characterization, Utilization, Conservation, and

Improvement 2013-07-31

this handbook examines agricultural and rural development in africa from theoretical empirical and policy stand points it discusses the challenges of the united nations sustainable development goals sdgs and assesses how poverty and other development concerns can be addressed in rural communities through agricultural transformation additionally the handbook extends the post 2015 development agenda and it emphasizes the importance of the agricultural sector as it is closely related to the issues of food sustainability poverty reduction and employment creation the contributors suggest multiple evidence based policies to develop the rural areas through the transformation of the agricultural sector which can significantly benefit the african continent

The Palgrave Handbook of Agricultural and Rural Development in Africa 2021-03-19

this timely and expansive biography of wole soyinka the nigerian writer nobel laureate and social activist shows how the author s early years influence his life s work and how his writing in turn informs his political engagement three sections spanning his life major texts and place in history connect soyinka s legacy with global issues beyond the borders of his own country and indeed beyond the african continent covering his encounters with the widespread rise of kleptocratic rule and international corporate corruption his reflection on the human condition of the north south divide and the consequences of postcolonialism this comprehensive biography locates wole soyinka as a global figure whose life and works have made him a subject of conversation in the public sphere as well as one of africa s most successful and popular authors looking at the different forms of soyinka s work plays novels and memoirs among others this volume argues that soyinka used writing to inform mobilize and sometimes incite civil action in a decades long attempt at literary social engineering

Wole Soyinka: Literature, Activism, and African Transformation 2023-11-02

the book aims towards providing the basic and fundamental information to the researchers and scientists worldwide on the vast herbal and natural medicinal treasure available to us derived from plants herbs and fruits obtained from traditional agricultural practices this book is dedicated to the professionals of agriculture horticulture and forestry sciences and has been composed exclusively for providing first hand knowledge on the related issues for the development of science and education subha ganguly editor in chief

Journal of Humanities, Social Science and Creative Arts 2020-10-01

in information technology the concepts of cost time delivery space quality durability and price have gained greater importance in solving managerial decision making problems in supply chain models transportation problems and inventory control problems moreover competition is becoming tougher in imprecise environments neutrosophic sets and logic are gaining significant attention in solving real life problems that involve uncertainty impreciseness vagueness incompleteness inconsistency and indeterminacy neutrosophic sets in decision analysis and operations research is a critical scholarly publication that examines various aspects of organizational research through mathematical equations and algorithms and presents neutrosophic theories and their applications in various optimization fields featuring a wide range of topics such as information retrieval decision making and matrices this book is ideal for engineers technicians designers mathematicians practitioners of mathematics in economy and technology scientists academicians professionals managers researchers and students

HERBAL IMMUNE ENHANCERS AND INDIGENOUS HERBS, PLANTS AND FRUITS AND ITS TRADITIONAL IMPLICATIONS IN THERAPY INCLUDING ALTERNATIVE MEDICINES 2023-04-25

a particularly important component of any research project is its ethical dimensions which can refer to varied categories of practice from the protection of human subjects involved in medical and social research to the publication of results research more recently with the estimation of the possible consequences of the

implementation of technology it is important for today's researchers to address the standards of scientific practice and avoid unethical behavior ethics in research practice and innovation is an essential reference source that discusses current and historical aspects of ethical values in scientific research and technologies as well as emerging perspectives of conducting ethical research in a variety of fields featuring research on topics such as clinical trials human subjects and informed consent this book is ideally designed for practitioners medical professionals nurses researchers scientists scholars academicians policy makers and students seeking coverage on the ethical risks and limitations of research practice

Neutrosophic Sets in Decision Analysis and Operations Research 2016-06-20

marketing and management processes across industries can be very similar but contexts vary where political intervention public interest and local sustainability are involved the rural business setting is especially intricate due to the assortment of different business opportunities ranging from traditional agriculture to tourism enterprise and even high tech business including pedagogical features and full colour throughout this new textbook provides an engaging and thought provoking resource for students and practitioners of tourism rural business and related industries

The Journal of the Engineering Institute of Canada

this book provides a comprehensive account of the patterns of university and academics societal engagement in sub saharan africa ssa considering knowledge production and the resulting outputs outcomes and benefits that are yielded from such engagement for society responding to the call for increased visibility of otherwise marginalised voices in ssa's extant global literature on knowledge production chapters in the book explore questions around knowledge based economies and forms of knowledge and suggest an alternative framework to overcome conventional bias and limits present in prominent concepts such as national systems of innovation triple helix and mode 2 further the authors examine the main drivers constraints and barriers to this engagement and the typology of those with a vested interest in its development ultimately exploring how higher education institutions in ssa engage with and transfer knowledge to different external stakeholders this book will be of value to academics involved with the study of higher education and science innovation studies the sociology of education and education and development more broadly in addition politicians administrators and practitioners related to higher education science and innovation will also find the book of use

Ethics in Research Practice and Innovation

food security is essential to the advancement and development of economies and societies worldwide the promotion of viable food structures is the most effective method of promoting food security food systems sustainability and environmental policies in modern economies is a relevant research publication that explores the importance of viable food structures as well as the critical positive impact these viable structures have on food security nutrition and poverty featuring coverage on a broad range of topics such as irrigation schemes agricultural input subsidies and food cycles this publication is geared toward professionals researchers and students seeking current research on viable food structures and their impact on society

Rural Tourism and Enterprise

exploring and understanding the analysis of economic development is essential as global economies continue to experience extreme fluctuation econometrics brings together statistical methods for practical content and economic relations econometric methods for analyzing economic development is a comprehensive collection that focuses on various regions and their economies at a pivotal time when the majority of nations are struggling with stabilizing their economies outlining areas such as employment rates utilization of natural resources and regional impacts this collection of research is an excellent tool for scholars academics and professionals looking to expand their knowledge on today's turbulent and changing economy

University and Academics' Societal Engagement in Sub-Saharan Africa

a robust manufacturing sector is a necessity and a sufficient condition for any country's human and economic development as it creates employment and alleviates poverty during this fourth industrial revolution era there is an urgent need in africa to optimally utilize the existing resources to support manufacturing or else risk allowing the continent to fall behind in the industrial economy innovative strategies are needed that can unlock africa's manufacturing potential by exploring key areas that may help africa mature and launch modernized economies that will benefit the developed world's industrial economy the handbook of research on nurturing industrial economy for africa's development examines various innovations necessary for africa's economic development including drivers of the manufacturing economy such as education agriculture human capital science and technological innovations language politics and business environments the book explores strategies to increase africa's economic diversity complexity productivity and ultimately competitiveness and for the continent to realize its manufacturing industrial potential further chapters focus on african countries industrial economies in the african context and facilitating the fulfillment of the sustainable development goals sdgs and the african union's agenda 2063 this book is a valuable reference tool for government officials economists industrialists practitioners stakeholders researchers academicians and students interested in the industrial economic development of africa

Cassava

the authors and co authors listed in the order of their published neutrosophic papers muhammad akram muzzamal sitara a a agboola b davvaz f smarandache ali hassan muhammad aslam malik said broumi assia bakali mohamed talea k hur p k lim j g lee j kim young bae jun maryam nasir and a borumand saeid would like to thank prof kul hur the editor in chief of the international journal annals of fuzzy mathematics and informatics afmi for dedicating the whole vol 14 no 1 published on 25 july 2017 to the neutrosophic theories and applications the papers included in this volume are especially referring to neutrosophic single valued and interval valued graphs and bipolar graphs and their applications in multi criteria decision making mcdm and to neutrosophic algebraic structures such as category of neutrosophic crisp sets neutrosophic quadruple algebraic hyperstructures and neutrosophic subalgebras of bck bci algebras we would also like to bring our gratitude to many reviewers of the neutrosophic community from around the world community that has grew to over eight hundred peoples students faculty and researchers

ECSM2016-Proceedings of the 3rd European Conference on Social Media

covid wrought havoc on the world's economic systems higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems some institutions were prepared for the required transition to online learning most were not whether prepared or not educators rose to the challenge the innovativeness of educators met the challenges as digital learning replaced the face to face environment in fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model as with all transitions some things were lost while others were gained this book examines practice in the field as institutions struggled to face the worst global pandemic in the last century the book is organized into four sections on changing education education in the pandemic sustaining university education and embracing the future in a global world it presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process these discussions shed light on the impact of the pandemic and the future of higher education post covid higher education has been forever changed and higher education as it once was may never return while many questions arise the achievements in meeting and overcoming the pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic

Food Systems Sustainability and Environmental Policies in Modern Economies

the objective of this paper is to develop neutrosophic quadruple algebraic hyperstructures specially we develop neutrosophic quadruple semihypergroups neutrosophic quadruple canonical hypergroups and neutrosophic quadruple hyperrings and we present elementary properties which characterize them

Econometric Methods for Analyzing Economic Development

the objective of this paper is to introduce the concept of neutrorings by considering three neutroaxioms neutroabeliangroup additive neutrosemigroup multiplicative and neutrodistributivity multiplication over addition several interesting results and examples on neutrorings neutrosubgrings neutroideals neutroquotientrings and neutroringhomomorphisms are presented it is shown that the 1st isomorphism theorem of the classical rings holds in the class of neutrorings

Handbook of Research on Nurturing Industrial Economy for Africa's Development

the field of data mining is receiving significant attention in today s information rich society where data is available from different sources and formats in large volumes and no longer constitutes a bottleneck for knowledge acquisition this rich information has paved the way for novel areas of research particularly in the crime data analysis realm data mining trends and applications in criminal science and investigations presents scientific concepts and frameworks of data mining and analytics implementation and uses across various domains such as public safety criminal investigations intrusion detection crime scene analysis and suspect modeling exploring the diverse ways that data is revolutionizing the field of criminal science this publication meets the research needs of law enforcement professionals data analysts investigators researchers and graduate level students
