what are the key factors in determining your academic success whether you are at the high school or university level i believe there are four they are note taking taking good notes is the key to organizing and learning the required information i m always amazed at how many university students can t take good notes speed reading there are different techniques that can be used to increase your reading speed obviously the faster you read with comprehension the more you can learn in less time memory no matter what subject you are trying to master you have to commit the information you ve learned to memory there are many memory techniques you can use to make this easier which i cover here test taking once you have learned the material you need to prove it to the teacher usually by taking a test how

you approach taking a test can be just as important as what you've learned if you want the best possible result as I consider these subjects to be the most important I have written short and practical guides on each of them this book is a compilation of those guides that you can have at a greatly reduced price our academic lives are often a great predictor of our future success what's more these skills once learned can be applied to many other areas of your life once you are out of school if you want to put yourself onto the fast lane on the road to success get this book and start learning today in this novel study follow the adventures of Chester and Wilson as they learn a valuable lesson about acceptance Chester and his friend Wilson decide they don't like Lilly because she is very different however they soon learn that differences can be good activities in this unit focus on word study synonyms and antonyms comprehension noting detail and making comparisons creativity mathematics graphing and problem solving writing poetry descriptive procedural narrative expository writing and internet activities
