License to Drive in the World Before You Get Behind the Wheel of a Car: You absolutely have to have three things: you need a license, insurance, and title and registration. Caldwell is a physical therapist by day and a preacher and writer of topics concerning Christian living by calling his passion of writing is expressed as an author, poet, and spoken word artist. Over the last 10 years, his ministries have involved working with youth, teenagers, and young adults. He currently resides in Delaware with his loving wife, Valerie. He is actively involved at Sanctuary Baptist Fellowship Church in Bear, DE. Pastor Anthony Lester, residing at Caldwell4Christ.com, somebody's getting married. Frannie has the important job of flower girl in her best friend Elliott's mother's wedding, and Frannie's new dog is the ring bearer as Elliott's mother plans her wedding. Frannie discovers her latest calling: wedding planner. Frannie and Elliott work together to make sure his mother has the best wedding day ever, but with Frannie involved, you can count on some wedding day mayhem. Are you fed up with only drifting along and not being the creator of what happens to you, merely experiencing or worse, suffering it? Do you want to be the architect of your fate and leave behind bullying hypocrites and the malignant and envious people around you? Do you feel an inner struggle regarding your feelings, are you indecisive, or do you feel unhappy and unsuccessful? Then it's time for you to stop waiting for a miracle to happen, to stop craving fairness, or complaining when it is not found. It is time instead to determine your fate. It is not as hard as you would first think. This book was destined to help you take off the shackles of thinking in disadvantages and start living the way you've always wanted to: happy, satisfied, and enjoying yourself. This book is written with simple stories that are fully experienced, not packed with a useless multimillionaire frame of mind and built upon thoughts you can do nothing with. We know that a problem cannot be solved by trying to cover it with a band-aid; under the surface, the disease remains, causing new and worse symptoms sooner or later. The way we look at such a problem is the root itself for unhappiness, as well as happiness starts with ourselves. In this book, we give you close guidance on how to find the path to your real and happy self. We want to help so that you create your reality and help it come true. Success instead of hard knocks and setbacks: we can have setbacks in many areas of our lives; you can fall, I can too. Anyone can be the difference between a victim and a successful person: it's only that while the former feels sorry for themselves, the latter stands up, brushes themselves off, and proceeds with heads held high. This is possible only for those who are strong in the mind and in spirit, or become so. I know from experience that one can stand up if one really wants to. It's time for you to leave behind anything that fails to take you forward and only hinders you. Explores issues concerning license plate reader technology, funding, implementation, types of use, data retention policies, and privacy concerns.

disadvantages and start living the way you've always wanted to be happy, satisfied and enjoying yourself. This book is written with simple stories that are fully experienced, not packed with a useless multimillionaire frame of mind and built upon thoughts you can do nothing with. We know that a problem cannot be solved by trying to cover it with a band-aid; under the surface, the disease remains, causing new and worse symptoms sooner or later. The way we look at such a problem is the root itself for unhappiness, as well as happiness starts with ourselves. In this book, we give you close guidance on how to find the path to your real and happy self. We want to help so that you create your reality and help it come true. Success, instead of hard knocks and setbacks, we can have setbacks in many areas of our lives; you can fall, I can too. Anyone can. The difference between a victim and a successful person is only that while the former feels sorry for themselves, the latter stands up, brushes themselves off, and proceeds with heads held high. This is possible only for those who are strong in the mind and in spirit, or become so. I know from experience that one can stand up if one really wants to. It's time for you to leave behind anything that fails to take you forward and only hinders you.
