in and out of school now with students tested more frequently than ever and with teachers increasingly concerned about incorporating substantive test taking skills into children's learning. Ardithe Cole responds with a new updated and expanded edition of *Better Answers* informed by Ardithe's ongoing work in classrooms where students struggle over constructed response tasks. The new edition makes the better answers sandwich even easier to implement. The book has also been significantly reorganized as well as expanded to include two new chapters: understanding the prompt and what to do when. Also included is a resource-packed CD-ROM that contains everything teachers need to support their lessons and is a great tool for staff development. Lesson plans for text-based and self-based responses, power point slides, charts, and other visual supports, sets of sample texts with prompts, sample student responses, assessment forms, extensive bibliography of print and online resources. The *Better Answers* process is easy to grasp and uses a gradual release instructional process that begins with teacher modeling, invites increasing amounts of student participation, and eventually moves students into independent response writing. The book clearly explains each element of the process and provides helpful activities, authentic classroom vignettes, and tips on how to handle typical stumbling blocks along the way. *Objective Key* offers students complete official preparation for the Cambridge English Key Exam. This is a revised and updated edition of *Objective Key*. Short units offer a variety of lively topics while providing training in exam skills and solid language development.
