

Free epub Rules and principles in european contract law european contract law and theory .pdf

the common principles and values that underlie life in the eu freedom democracy equality and the rule of law promoting peace and stability key facts and figures statistics on eu countries and populations economy and employment transport and energy and the eu institutions eu countries core principles and values underpinning the eu how and where to access public eu documents overview of key eu treaties the aims of the european union within its borders are promote peace its values and the well being of its citizens offer freedom security and justice without internal borders while also taking appropriate measures at its external borders to regulate asylum and immigration and prevent and combat crime establish an internal market the eu is founded on six core values that form the basis of our society eu values are common to eu countries and ensure a society in which pluralism tolerance justice solidarity non discrimination and equality prevail they are enshrined in article 2 of the treaty of european union the general principles of european union law are general principles of law which are applied by the european court of justice and the national courts of the member states when determining the lawfulness of legislative and administrative measures within the european union the 12 principles are enshrined in the strategy on innovation and good governance at local level endorsed by a decision of the committee of ministers of the council of europe in 2008 they cover issues such as ethical conduct rule of law efficiency and effectiveness transparency sound financial management and accountability enlightenment a european intellectual movement of the 17th and 18th centuries that emphasized the use of reason to advance understanding of the universe and to improve the human condition the goals of the enlightenment were knowledge freedom and happiness there are two main types of eu law primary and secondary primary versus secondary law every action taken by the eu is founded on the treaties these binding agreements between eu member countries set out eu objectives rules for eu institutions how decisions are made and the relationship between the eu and its members according to the decision rendered by the court general principles of eu law should be distinguished by a constitutional relevance examples of this are fundamental rights equal treatment nondiscrimination effective judicial protection and proportionality this book presents a fresh examination of the values and principles that inform eu foreign policy exploring the implications of these values and principles on the construction of european union identity today fundamental rights as guaranteed by the european convention for the protection of human rights and fundamental freedoms and as they result from the constitutional traditions common to the member states shall constitute general principles of the union s law the article shows that the type of constitutionalism dominant in a member state influences its conception of the nature of the eu and its legal and political relationship to the project of european integration the eu is therefore characterised by a fundamental constitutional asymmetry this chapter examines the normative principles underlying the european union s foreign policy and whether there are inconsistencies therein drawing on a distinction between the principles of sovereignty human rights and a common good the chapter challenges the notion that the eu is a distinctive foreign policy actor these principles consist of legality which implies a transparent accountable democratic and pluralistic process for enacting laws legal certainty prohibition of arbitrariness of the executive powers independent and impartial courts effective judicial review including respect for fundamental rights and equality before the law this book presents a fresh examination of the values and principles that inform eu foreign policy exploring the implications of these values and principles on the construction of european union identity today european contract law represents a strategy working towards a common set of legal principles operating in the field of contract law across the european union with minimal differentiation between the national contract laws which apply within the member states principles countries history key facts and figures structure facts and figures on the structure of the european union european union countries in 1951 six countries belgium france germany italy luxembourg and the netherlands founded the european coal and steel community against this background this paper examines the eu s approach to supporting rule of law and good governance reforms in non member countries by analysing the principles guiding its action the implementation of such efforts and the lessons learned from its experience in this european approach to basic ethical principles in bioethics and biolaw the principles of autonomy dignity integrity and vulnerability are proposed as the most important ethical principles for respect for the human person in biomedical and biotech the article provides the groundwork for the constitutional law approach to eu legal scholarship it stresses the special role of the basic principles of the eu legal order explaining their dimensions foundations and their functions
