reformers in the sixteenth and seventeenth centuries g sujin pak argues that these prophetic concepts served the substantial purposes of articulating a theology of the priesthood of all believers a biblical model of the pastoral office a biblical vision of the reform of worship and biblical processes for discerning right interpretation of scripture pak demonstrates the ways in which understandings of the prophet and biblical prophecy contributed to the formation of distinct confessional identities she goes on to demonstrate the waning of explicit prophetic terminology particularly among the next generation of protestant leadership eventually she shows the protestant reformers concluded that the figure of the prophet carried with it as many problems as it did benefits though they continued to give much time and attention to the exegesis of biblical prophetic writings this collection of literature attempts to compile many of the classic works that have stood the test of time and offer them at a reduced affordable price in an attractive volume so that everyone can enjoy them one third of the bible concerns prophecy and yet our religious leaders often do not understand these prophecies and do not teach them most scriptural prophecies reside in the old testament and in revelation in the new testament and most direct our attention to the final years of human government on this earth these final years are here at last in woe woe woe and then armageddon a prophecy of the end time minister and author john a pinkston guides us deep into understanding of biblical prophecy and how it links to history and to the present where catastrophic and foretold events are driving inexorably toward the return of jesus christ and the battle of armageddon pinkston does not claim to be a prophet but his forty years of experience in ministry and extensive research into biblical prophecies help him understand how current worldwide events are leading to the fulfillment of the words of the old and new testaments with full scriptural support each chapter explores in depth a prophecy of the bible and the issues it raises the bible the word of god holds the answers to all questions about prophecy and the end time and there is no greater question than what should we do now to that the bible offers the only advice if my people which are called by my name shall humble themselves and pray and seek my face and turn from their wicked ways then will i hear from heaven and will forgive their sin and will heal their land ii chronicles 7 14 this book was written as a devotional resource leading up to christmas it aligns not only with the season of advent but with advent s great expectation of hope in a coming messiah such hope is grounded in the psalms and in the law and the prophets it is from there that the old testament saints looked forward to the coming of christ the king and it is to there that the new testament saints looked back to confirm and understand just what happened in bethlehem and ultimately at the cross on calvary this is a marvellous little book phillip and daniel write clearly helpfully warmly and above all faithfully as

chapter 4 showing the lineage and descent of the messiah chapter 5 concerning the miraculous conception and birth of the messiah chapter 6 concerning the place of the messiah s birth chapter 7 shewing the several circumstances which were to attend or follow upon the messiah s birth according to the prophets and how they were punctually fulfilled in jesus chapter 8 concerning the prophetic office of the messiah wherein is proved that he is the prophet spoken of in deuteronomy 8 15 also enquiry is made who was to be his fore runner what was his prophetic work and where he was to perform his office chapter 9 concerning the remarkable occurrence of the messiah s riding to jerusalem upon an ass wherein the prophecy in zechariah 9 9 is particularly considered chapter 10 concerning the sufferings of the messiah wherein psalm and isaiah 53 are particularly considered as also the several circumstances which were to attend these sufferings chapter 11 concerning the resurrection of the messiah from the dead chapter 12 concerning the ascension of the messiah to heaven his session at god s right hand and second coming to judgment chapter 13 concerning the magnificent and august names and titles of the messiah in the old testament chapter 14 prophecies concerning the second coming of christ the publisher introduces a fulfilled view of prophecy for a number of years it was the difficult yet delightful task of the author to interpret the prophetic books of the old testament to successive classes of theological students this made it necessary for him to make a decision of the utmost importance should he in accordance with the time tested belief of the church instruct his students that the kingdom prophecies of the old testament church have their fulfillment in large measure in the new testament church or should he follow the relatively new and decidedly revolutionary teaching commonly called dispensationalism and declare that these prophecies skip over the church age and will be literally fulfilled in a jewish kingdom age which will follow it these were the alternatives between which he found himself obliged to choose his decision and the reason for it are set forth in this volume the old testament both tells the story of israel and points to the coming messiah kaiser distinguishes between old testament passages that describe national israel s glorious future and those that point to christ and his kingdom kaiser s chronological approach traces israel s developing concept of messiah through different time periods this scarce antiquarian book is a facsimile reprint of the original due to its age it may contain imperfections such as marks notations marginalia and flawed pages because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work why is the account of jesus in the fourth gospel so very different from the one we find in the synoptic gospels professor hanson believes that at least part of the answer can be found in the

considerable dependence of john s narrative on the old testament the first thirteen chapters of this book are devoted to careful examination of the language of the gospel in this light again and again this shows that passages are heavily influenced by the old testament mostly from the septuagint but also sometimes by the targumic tradition this leads to the conclusion that john was writing what might be called a prophetic gospel rather than an historical account of jesus life he saw many passages in what he regarded as scripture as containing prophecies which must have been fulfilled in the life and teaching of jesus despite having no historical basis although this is not to say that john freely invented speeches and episodes as he chose john thus felt justified in departing widely from the early tradition about jesus professor hanson contends that johannine scholarship has suffered too much from the conviction that scholars must defend the substantially historical nature of the fourth gospel the study ends with a consideration of john s christology and of how the church today should regard the fourth gospel

necessary for him to make a decision of the utmost importance should he in accordance with the time tested belief of the church instruct his students that the kingdom prophecies of the old testament church have their fulfillment in large measure in the new testament church or should he follow the relatively new and decidedly revolutionary teaching commonly called dispensationalism and declare that these prophecies skip over the church age and will be literally fulfilled in a jewish kingdom age which will follow it these were the alternatives between which he found himself obliged to choose his decision and the reason for it are set forth in this volume

The Reformation of Prophecy 2018

why is the account of jesus in the fourth gospel so very different from the one we find in the synoptic gospels professor hanson believes that at least part of the answer can be found in the considerable dependence of john s narrative on the old testament the first thirteen chapters of this book are devoted to careful examination of the language of the gospel in this light again and again this shows that

passages are heavily influenced by the old testament mostly from the septuagint but also sometimes by the targumic tradition this leads to the conclusion that john was writing what might be called a prophetic gospel rather than an historical account of jesus life he saw many passages in what he regarded as scripture as containing prophecies which must have been fulfilled in the life and teaching of jesus despite having no historical basis although this is not to say that john freely invented speeches and episodes as he chose john thus felt justified in departing widely from the early tradition about jesus professor hanson contends that johannine scholarship has suffered too much from the conviction that scholars must defend the substantially historical nature of the fourth gospel the study ends with a consideration of john s christology and of how the church today should regard the fourth gospel
