comprehensive information about nurse

practitioners the editors have built issues in nursing research training and practice 2013 edition on the vast information databases of scholarlynews you can expect the information about nurse practitioners in this book to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant the content of issues in nursing research training and practice 2013 edition has been produced by the world's leading scientists engineers analysts research institutions and companies all of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at scholarlyeditions and available exclusively from us you now have a source you can cite with authority confidence and credibility more information is available at scholarlyeditions.com every day for the next twenty years more than 10 000 people in the united states will turn 65 with life expectancies increasing as well many of these americans will eventually require round the clock attention and we have only begun to prepare for the challenge of caring for them in labors of love jason rodriguez examines the world of the fast growing elder care industry providing a nuanced and balanced portrait of the day to day lives of the people and organizations that devote their time to supporting america's aging population through extensive ethnographic research interviews with staff and management and analysis of internal documents rodriguez explores the inner workings of two different nursing homes one for profit and one non profit to understand the connections among the administrative regulations the professional requirements and the type of care provided in both types of facilities he reveals a variety of challenges that nursing home care workers face day to day battles over the budget the administrative hurdles of medicaid and medicare the employees struggle to balance financial stability and compassionate care for residents yet rodriguez argues nursing home workers give meaning and dignity to their work by building emotional attachments to residents and their care an unprecedented study labors of love brings new insight into the underlying structures of a crucial and expanding sector of the american health care system vorbereitung auf einen auslandsaufenthalt das amerikanische health care system das hospital die pflegedienstleitung das pflegeteam beschäftigungssituation pflegerische ausbildung adressen und nützliche hinweise die autorin führt mit diesem werk den leser in interessanter und ansprechender weise durch das gesundheitswesen in den usa sie hat sich hierbei ganz deutlich auf die organisationsstrukturen beschränkt und sich wenig mit medizinischer fachtermini befasst allerdings ist das buch für alle studierenden oder professionell arbeitende pflegende zu empfehlen denn neben den fachtermini wird die funktionsweise des angloamerikanischen gesundheitswesens sehr eingängig dargestellt damit erfüllt das buch weitaus mehr als nur eine vermittlung von englischen fachtermini und kann uneingeschränkt jedem empfohlen werden der sich mit dem basiswissen über das angloamerikanische gesundheitswesen auseinandersetzen möchte pflegedialog de bringing together comprehensive easy to read coverage of medical assisting competencies and a solid foundation of anatomy and physiology
