1890

kirkus review in a first book the end of alliance america and the future of europe the author a young writer on international affairs wrote an important popular study of the withering away of the atlantic strategy of the united states and the disruption of nato out of old age in the present study the author widens his investigation of the kennedy johnson foreign policies and comes out of this intelligent and well reasoned work with a general condemnation of the globalistic urge of recent american presidents to create a pax america unrelated to this nation s resources or long term interests the villains of this intensely polemical work are all men of good will who in varying degrees suffer from what d w brogan has called the illusion of american omnipotence the consequences of their amateurism have increased the world s insecurity and augmented the danger of crisis situations natural to a world of 140 nation states boiling over the brim of diplomacy into the unknown the way out is to doff the messianic sense of mission and detail chinese and soviet imperialism rather than communist ideology as the task to be dealt with at the same time realizing that nationalism is a more reliable defense against expansionism than anti communism kirkusreviews com

from the poems of anne bradstreet phillis wheatley and emily dickinson emerges what the author calls fempoetiks a discourse of female empowerment situating the work of these poets in their historical eras linda nicole blair considers a sampling of their poems side by side with a number of song lyrics by singer songwriters brandi carlile rhiannon giddens and lucinda williams having found commonalities of theme motif and language between them blair argues that while fempoetiks has continued to develop in various ways in american poetry by women the fact that this

discourse finds expression in songs by americana female artists indicates a matrilineal line of influence from the 1630s to today in order to show the omnipresence of this powerful feminist discourse she closes this book with eleven interviews she conducted with female singer songwriters from around the united states the phenomenon of fempoetiks is not limited to the arts but extends into all areas of american life from the domestic to the political fempoetiks is a woman s truth

Reconsidering American Power
