Annual Report - Interstate Commerce Commission

1892

this book develops an approach to school development which is contextual in that it considers both the larger social structure of which the school is a part and those special features of schools themselves which impact upon the possibilities for their improvement the book derives from a eight year longitudinal study of school evaluation at st mary s college a catholic girls school in tasmania it builds upon and provides a practical exploration of such recent developments as straratt and caldwell s work on educational vision the role of evaluation in measuring the extent to which a school s vision has become reality the effective implementation and management of change and coleman and hoffer s notion of social capital and the importance of school community networks in effective education

Annual Report of the Interstate Commerce Commission

1893

language and literacy are highly contested areas of the curriculum questions of what should be taught how it should be taught and who should control such decisions are increasingly subjected to public scrutiny debate and challenge in a manner which is often more reflection of competing social and political values than of theory and research evidence in recent years there has been a rapid development of new conceptual frameworks for understanding language literacy and learning from such diverse fields as anthropology cultural studies social psychology and critical linguistics the papers in this collection have been chosen because they will help readers to consider ways in which these new developments in theory and research may be applied to everyday practice book jacket title summary field provided by blackwell north america inc all rights reserved

Science, Technology, and Society

2005

this study provides a detailed snapshot of the education sector up to 2001 02 and for some aspects of the sector up to 2002 03 it takes advantage of administrative data and information from household surveys to document key dimensions of the sector particularly primary and

secondary education focusing on costs finance and service delivery and their impact on learning achievement in an effort to discover potentially important areas for further policy development foreword
