The Human Tradition in the Gilded Age and Progressive Era

2000

while recognizing a progressive ethos a mixture of idealistic vision and pragmatic reforms that characterized the period chambers elaborates the role of civic volunteerism as well as the state in achieving directed social change he also emphasizes the importance of radical and conservative forces in shaping the so called progressive era book jacket

The Tyranny of Change

2000

a century ago americans launched a period of civic renewal and political reform today amid deep dissatisfaction with our major institutions there are signs that a new movement may revive the spirit of the original progressive era peter levine draws inspiration from the great progressive leader robert m la follete sr and his circle which included john dewey jane addams and louis brandeis he argues that their ideal of a fair and deliberative democracy is right for our time combining their philosophy and experience with the best contemporary proposals levine advocates campaign finance reform an entirely different approach to regulation new styles of journalism and civic education and fundamental changes in the tax system this book offers today s most comprehensive plan for civic renewal and political reform

The New Progressive Era

2000

provides a history of the period through such firsthand accounts as diary entries letters speeches and newspaper articles

The Progressive Era

2005

in the decades after the civil war urbanization industrialization and immigration marked the start of the gilded age a period of rapid economic growth but also social upheaval reformers responded to the social and economic chaos with a search for order as famously described by historian robert wiebe most reformers agreed that one of the nation s top priorities should be its children and youth who they believed suffered more from the disorder plaguing the rapidly growing nation than any other group children and youth during the gilded age and progressive era explores both nineteenth century conditions that led progressives to their search for order and some of the solutions applied to children and youth in the context

of that search edited by renowned scholar of children s history james marten the collection of eleven essays offers case studies relevant to educational reform child labor laws underage marriage and recreation for children among others including important primary documents produced by children themselves the essays in this volume foreground the role that youth played in exerting agency over their own lives and in contesting the policies that sought to protect and control them

The Progressive Era, 1900-20: the Reform Persuasion

1972

at its core this book is intellectual history tracing the work of progressive historians as they in turn wrote the history of progressivism in progressivism the strange history of a radical idea bradley c s watson presents an intellectual history of american progressivism as a philosophical political phenomenon focusing on how and with what consequences the academic discipline of history came to accept and propagate it this book offers a meticulously detailed historiography and critique of the insularity and biases of academic culture it shows how the first scholarly interpreters of progressivism were in large measure also its intellectual architects and later interpreters were in deep sympathy with their premises and conclusions too many scholarly treatments of the progressive synthesis were products of it or at least were insufficiently mindful of two central facts the hostility of progressive theory to the founders constitution and the tension between progressive theory and the realm of the private including even conscience itself the constitutional and religious dimensions of progressive thought and in particular the relationship between the two remained hidden for much of the twentieth century this pathbreaking volume reveals how and why this scholarly obfuscation occurred the book will interest students and scholars of american political thought the progressive era and historiography and it will be a useful reference work for anyone in history law and political science

Progressivism

2020-02-28

the pivotal and troubling role of progressive era economics in the shaping of modern american liberalism in illiberal reformers thomas leonard reexamines the economic progressives whose ideas and reform agenda underwrote the progressive era dismantling of laissez faire and the creation of the regulatory welfare state which they believed would humanize and rationalize industrial capitalism but not for all academic social scientists

such as richard t. ely, john r. commons and edward a. ross together with their reform allies in social work, charity, journalism and law played a pivotal role in establishing minimum wage and maximum hours laws, workmen's compensation, antitrust regulation and other hallmarks of the regulatory welfare state. but even as they offered uplift to some economic progressives, others advocated exclusion for others and did both in the name of progress. leonard meticulously reconstructs the influence of darwinism, racial science and eugenics on scholars and activists of the late nineteenth and early twentieth centuries, revealing a reform community deeply ambivalent about america's poor. illiberal reformers shows that the intellectual champions of the regulatory welfare state proposed using it not to help those they portrayed as hereditary inferiors, but to exclude them.

The Progressive Era

1964

this book offers a one-stop reference work covering the gilded age and progressive era that serves teachers and their students. this book helps students to better understand key pieces in literature from the gilded age and progressive era by putting them in the context of history, society and culture through historical context, essays, literary analysis, chronologies, documents and suggestions for discussion and further research. it provides teachers and students with selections that align with the elc common core standards and that also offer useful connections for curriculum that integrates american literature and social studies. the book covers mark twain's a connecticut yankee in king arthur's court, charlotte perkins gilman's the yellow wallpaper, willa cather's a lost lady and upton sinclair's the jungle. readers will be able to appreciate the significance of this period through these canonical and widely taught works of american literature. the book also includes historical context, essays, primary document excerpts and suggested readings.
