zombie stories are peculiarly american as the creature was born in the new world and functions as a reminder of the atrocities of colonialism and slavery the voodoo based zombie films of the 1930s and 40s reveal deep seated racist attitudes and imperialist paranoia but the contagious cannibalistic zombie horde invasion narrative established by george a romero has even greater singularity this book provides a cultural and critical analysis of the cinematic zombie tradition starting with its origins in haitian folklore and tracking the development of the subgenre into the twenty first century closely examining such influential works as victor halperin s white zombie jacques tourneur s i walked with a zombie lucio fulci s zombi 2 dan o bannon s the return of the living dead danny boyle s 28 days later and of course romero s entire dead series it establishes the place of zombies in the gothic tradition instructors considering this book for use in a course may request an examination copy here

excerpt from life of william of wykeham sometime bishop of winchester and lord high chancellor of england with appendices but first i must say a few words on the previous lives of wykeham and on the special authorities for this one the first two lives of wykeham are what i publish in my appendix d and e by the kind permission of the governing body of winchester college they never have been published before in extenso though frequent reference has been made to their contents by lowth and others about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

### **William Lloyd, 1627-1717 1952**

the modern global economy and discipline of economics place mathematical calculation above human concern however a re reading of boethius the consolation of philosophy can positively highlight the contrast in values and spirit of the early medieval european world with our own scientific age this book discusses the historical and cultural contexts that influenced boethius writing and explores how consolation offers a radically different understanding of economic concepts wealth from inner happiness and virtues poverty from hoarding outer possessions self sufficiency in the greater whole enlightenment through misfortune and development as fruition from the good these economic considerations resonate with a range of heterodox economic perspectives such as ecological and buddhist economics the fundamental revaluations gained through boethius pose a critique of mainstream neoclassical and neoliberal economics to consumerism avarice growth and technology fetishism and market rationality these economic foundations resonate into a time when global crises raise the question of fundamental human priorities offering alternatives to an ever expanding industrial market economy designed for profit and helping to avoid irrevocable socio ecological disasters the issues raised and questioned in this book will be of significant interest to readers with concern for pluralist approaches to economics philosophy classics ancient history and theology

## **of the Reformed English Church: Works of Thomas Becon, S.T.P 1843**

the 1820s and 1830s were a crucial period in the historical experience of the british caribbean colonies because it marked the adoption of a policy of slaveemancipation by the british government central to the implementation of that policy was the formal embrace of the enslaved africans by the state church the anglican church this was made clear in the official pronouncement that religious instruction is the surest foundation for the amelioration of the state of the slave population facing the challenge of emancipation shows in clear and concise fashion how william hart coleridge the first anglican bishop of barbados and the leewards executed new mandate of the anglican church between 1824 and 1842 this inexperienced theologian displayed immense energy and skill in establishing his control over the diocese in neutralizing the entrenched opposition to reform and in raising financial support for a phenomenal building programme the result was that the anglican church for the first time became fully accessible to the enslaved and to their successors the so called apprentices and the newly freed persons particularly important was the provision of the rudiments of education both religious and secular to an increasing number of converts and their children through the agency of newly constructed chapels of ease and chapel schools goodridge demonstrates that by the time that bishop coleridge retired to england a flood of beneficial light had been cast on a dark period and that the anglican church in barbados could be said to possess a popular dimension

## **American Zombie Gothic 2010-03-08**

on september 11 1857 a group of mormons aided by paiute indians brutally murdered some 120 men women and children traveling through a remote region of southwestern utah within weeks news of the atrocity spread across the united states but it took until 1874 seventeen years later before a grand jury finally issued indictments against nine of the perpetrators mountain meadows massacre chronicles the prolonged legal battle to gain justice for the victims the editors of this two volume collection of documents have combed public and private manuscript collections from across the united states to reconstruct the complex legal proceedings that occurred in the massacre s aftermath this exhaustively researched compilation covers a nearly forty year history of investigation and prosecution from the first reports of the massacre to the dismissal of the last indictment in 1896 of special importance in volume 2 are the transcripts of legal proceedings against john d lee many of which the editors have transcribed anew from the shorthand the two trials against lee led to his confession conviction and ultimately his execution on the massacre site in 1877 all documented in this volume historians have long debated the circumstances surrounding the mountain meadows massacre one of the most disturbing and controversial events in american history and painful questions linger to this day this invaluable exhaustively researched collection allows readers the opportunity to form their own conclusions about the forces behind this dark moment in western u s history

## **A New Biographical Dictionary: Containing Concise Notices of Eminent Persons of All Ages and Countries: and More Particularly of ... Great Britain and Ireland 1873**

in 1794 charles bishop sailed from bristol as master of the ruby a trading ship bound for north west america he had instructions to procure otter furs from the indians and then to proceed to canton via japan and sell the cargo during the years 1794 1802 he rounded south america to reach the pacific coast then visited the pacific islands and the coasts of asia and australia in the moluccas he sold the ruby and purchased the nautilus correspondingly the text is divided into two sections this narrative is bishop s journal of his voyages and relates a minor epic of adventure courage and turbulent fortune the records of his letters and financial accounts show something of the ships general organization and of the seamen who served such expeditions bishop also describes the various ports and peoples he encountered his experiences typify european contacts in the pacific and the reaction between trader missionary administrator and local inhabitant dr roe s introduction gives the background to the trading voyages of the 18th century and describes bishop s own history records of his life continue until 1809 ending tragically in sydney where he passed some years in poverty and insanity before being returned to england this is a new print on demand hardback edition of the volume first published in 1967

## **Life of William of Wykeham 2017-11-22**

originally published in 1895 this biography traces the adventurous life of william taylor a methodist minister who devoted himself to evangelizing africa and establishing missions throughout the continent in the late 19th century the book delves into taylor s tireless efforts and challenges from his early travels in south america to his pioneering work in the congo it also provides a detailed account of the region s geography culture and political situation at the time this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

## **The Athenaeum 1896**

elizabeth bishop s poetics of intimacy a biographical and critical study of one of the great poets of this century offers a fresh look at bishop s published and unpublished writing over the course of her career informed by pragmatic post modern and feminist theories victoria harrison s study also makes extensive use of bishop s archives many pieces of which have never been discussed to reveal the process of the poet s writing harrison explores bishop s childhood memoirs journals letters brazilian travel prose unfinished poems and draft material researching dates of undated material and reproducing bishop s revisions cancellations and idiosyncratic spellings attentiveness to the detail of this archival writing gives harrison a broad foundation for arguing that bishop treats some of our largest concerns family relationships sexuality war and cultural differences within poetry and prose that are intimate but not self revelatory and daily but never ordinary elizabeth bishop charges the moments of her writing with the desires fears and passions of her life

## **Foundations for a Humanitarian Economy 2022-03-17**

biography of poet elizabeth bishop that pieces together the compelling and painful story of her life and traces the writing of her poems

## **Bishop\_BischoffResearch: The Descendants of Jacob and Katherine (Elkins) Bishop 2010**

this book explores the interconnectedness of the cultural zeitgeists around the anthropocene and the undead showing how the latter reveals increasing cultural anxieties over who and what constitutes humanity in the twenty first century and whether it has a place in any possible post anthropocene futures

## **The Life of the Right Rev. Jer. Taylor, D.D., Lord Bishop of Down, Connor, and Dromore 1832**

benjamin hoadly 1676 1761 bishop successively of bangor hereford salisbury and winchester was the most controversial english churchman of the eighteenth century he has unjustly gained the reputation of a negligent and political bishop and with this publication gibson attempts to reappraise the legacy of this influential man it was hoadly s sermon on the nature of christ s kingdom that sparked the bangorian controversy which raged from 1717 to 1720 his sermons books and tracts poured from the press in huge quantities and were widely read by anglicans and dissenters alike yet his commitment to the ideology of the revolution of 1688 and to the comprehension of dissenters into the church of england earned him the antagonism of many contemporary and later churchmen this book is the first full length study of hoadly to be published and is a powerfully revisionist study hoadly emerges as a dedicated and conscientious bishop with strong and progressive principles he asserted the right of individuals to judge the bible for themselves without the shackles of ecclesiastical authority and sought to establish a liberal enclave in the church to re attract dissenters he also restored a strongly protestant commemorative view of the eucharist to the church but it was not simply his ecclesiastical work which made him such an important figure hoadly s stout defence of rationalism made him a founder of the english enlightenment his views on the nature of political authority also drew heavily on john locke and hoadly was responsible for bringing locke s views to a wide audience it was his commitment to civil liberties which made him a progenitor of the american revolution whilst his writing on the nature of civil authority was acclaimed by john adams as a source of american liberties and of the us constitution he also advanced sincerity of belief over the right of the state to impose penalties for the failure to conform in these principles he presaged the future direction of both religion and society

## **In Equity 1855**

since the early 2000s popular culture has experienced a zombie renaissance beginning in film and expanding into books television video games theatre productions phone apps collectibles and toys zombies have become allegorical figures embodying cultural anxieties but they also serve as models for concepts in economics political theory neuroscience psychology computer science and astronomy they are powerful multifarious metaphors representing fears of contagion and doom but also isolation and abandonment as well as troubling aspects of human cruelty public spectacle and abusive relationships this critical examination of the 21st century zombie phenomenon explores how and why the public imagination has been overrun by the undead horde

## **The Journal and Letters of Captain Charles Bishop on the North-West Coast of America, in the Pacific, and in New South Wales, 1794-1799 2017-05-15**

the prolific nineteenth century historian and liberal churchman george william cox 1827 1902 published this biography of the controversial bishop john william colenso 1814 83 in 1888 colenso was appointed the first bishop of natal in 1853 and in the next few years he oversaw the completion of the cathedral in pietermaritzburg and the building of churches in durban and richmond established mission stations and learned zulu he was heavily criticised for his tolerance of zulu practices and for his view that the old testament was not literally true eventually he was excommunicated though he retained a loyal following cox had accompanied colenso on his first visit to south africa in 1853 and remained a fervent supporter of the bishop s work eventually being nominated unsuccessfully as his successor volume 1 covers colenso s early years in cornwall his education at cambridge his appointment as bishop and the furore surrounding his theology

## **The Bishop of Africa; the Life of William Taylor. With an Account of the Congo Country and Mission 2023-07-18**

elizabeth bishop is now recognized as one of the greatest poets of the twentieth century a uniquely cosmopolitan writer with connections to the us canada brazil and also the uk given her neglected borrowings from many english authors and her strong influence on modern british verse yet the dominant biographical psychoanalytical approach leaves her style relatively untouched and it is vital that an increasing focus on archival material does not replace our attention to the writing itself bishop s verse is often compared with prose sometimes insultingly writing fiction she worried she was really writing poems but what truly is the difference between poetry and prose structurally conceptually historically speaking is prose simply formalized speech or does it have rhythms of its own ravinthiran seeks an answer to this question through close analysis of bishop s prose like verse her literary prose her prose poems and her letter prose this title is a provocation it demands that we reconsider the pejorative quality of the word prosaic playing on mosaic ravinthiran uses bishop s thinking about prose to approach for the first time her work in multiple genres as a stylistic whole elizabeth bishop s prosaic is concerned not only with her inimitable style but also larger questions to do with the anglo american shift from closed to open forms in the twentieth century this study identifies not just borrowings from but rich intertextual relationships with writers as diverse as among others gerard manley hopkins w h auden virginia woolf flannery o connor and dorothy richardson though bishop criticized woolf she in particular is treated as a central and thus far neglected precursor crucial to our understanding of bishop as a feminist poet finally the sustained discussion of how the history of prose frames effects of rhythm syntax and acoustic texture in both bishop s prose proper and her prosaic verse extends a body of research which seeks now to treat literature as a form of cognition technique and thought are finely wedded in bishop s work her literary forms evince a historical intelligence attuned to questions of power nationality tradition both literary and otherwise race and gender
