an ever increasing proportion of our lives is spent in supermarkets airports  
and hotels on motorways or in front of tvs computer and cash machines this  
invasion of the world by what marc auge calls non space results in a profound  
alteration of awareness something we perceive but only in a partial and  
incoherent manner auge uses the concept of supermodernity to describe the  
logic of these late capitalist phenomena a logic of excessive information and  
excessive space in this fascinating and lucid essay he seeks to establish and  
intellectual armature for an anthropology of supermodernity starting with an

attempt to disentangle anthropology from history auge goes on to map the distinction between place encrusted with historical monuments and creative social life and non place to which individuals are connected in a uniform manner and where no organic social life is possible unlike baudelairean modernity where old and new are interwoven supermodernity is self contained from the motorway or aircraft local or exotic particularities are presented two dimensionally as a sort of theme park spectacle auge does not suggest that supermodernity is all encompassing place still exist outside non place and tend to reconstitute themselves inside it but he argues powerfully that we are in transit through non place for more and more of our time as if between immense parentheses and concludes that this new form of solitude should become the subject of an anthropology of its own
