Besides You I Desire Nothing on Earth 1958

4 brothers originally titled 1 brother is an excellent childhood memoir by Andrew Miller that has been cruelly sabotaged by his three brothers. It would have been a beautifully written, insightful and amusing account of growing up in Sydney through the 60s, 70s and 80s, but instead has become a questionably written, argumentative and occasionally vulgar piece which has somehow turned out to be wholly entertaining. Few memories are agreed upon and many are strongly, if not hotly debated. What is superficially at least a nostalgic and entertaining read also turns out to be a valuable and penetrating look into character, birth order, parenting techniques, world views and obnoxious personalities from four brothers who remember their childhood very differently, yet who at the same time remain the closest of friends and the loyalist of companions.

The Aboriginal Races of North America 1885

A middle-aged widow commuter of Amsterdam goes to Pakistan and weds a gentleman soon as the groom arrives into the Netherlands for a family reunion. He shockingly discovers in her a spoilt woman. The man tries to save his bond of marriage, but the wronged woman neither wants to be tamed due to aspects of love nor does she cooperate. Instead, she rather wants her man to close his eyes and to shut up his mouth if ever he wishes to become a legitimate resident in her country. The egoist man doesn't compromise on self-respect of a saintly husband and thus is thrown out into streets quite empty-handed and undocumented. Then he gets afraid of going back to his homeland, predicting a social ridiculous years passed in such a dreary and stoned life style. That one day the city police arrests him against his unlawful status and surrenders him to the foreign police who when fails to deport, sets him free like a squeezed lemon after he having served a years custodial sentence. The author describes how a few Asian immigrants and their spoiled descendants who once get settled into the western states forget about their past of struggling trap and bait to their own continent country fellows by showing on them a false fairyland and try to demoralize a western society by using its culture as a shield or weapon to fulfill their own sensual curiosity which seems difficult to meet in their own lands. The author also regrets to inflexibility of the constitution and rejects to the old theory nobody is above law. He urges on the law makers must to defend on humanitarian grounds to those noble outlanders who become illegal by some accident or by a misfortune befall on them and not by fraud or cheating like do often the professional invaders or regular trespassers breaking into some country's barriers. The whole story convincingly draws a picture of human courage and endurance against all odds mixed in shadow of oppression and optimism by giving an entire message never quit a compulsively true heart saga with a positive energy, readable thought provoking and enjoyable.
