remember the wonderfully romantic book of love letters that Carrie reads aloud to Big in the recent blockbuster film *Sex and the City* fans raced to buy copies of their own only to find out that the beautiful book didn't actually exist however since all of the letters referenced in the film did exist we decided to publish this gorgeous keepsake ourselves *Love Letters of Great Men* follows hot on the heels of the film and collects together some of history's most romantic letters from the private papers of Beethoven Mark Twain Mozart and Lord Byron for some of these great men love is a delicious poison William Congreve for others a nice soft wife on a sofa with good fire books music Charles Darwin love can scorch like the heat of the sun Henry VIII or penetrate the depths of one's heart like a cooling rain Flaubert every shade of love is here from the exquisite eloquence of Oscar Wilde and the simple devotion of Robert Browning to the wonderfully modern misery of the Roman Pliny the Younger losing himself in work to forget how much he misses his beloved wife Calpurnia taken together these letters show that perhaps men haven't changed all that much over the last 2000 years passion jealousy hope and longing still rule their hearts and minds in an age of e-mail and texted "I love you's" this timeless and unique collection reminds us that nothing can compare to the simple joy of sitting down to read a letter from the one you love

there was a time when people communicated through letters and when it came to expressing their love the correspondence brimmed with heartwarming endearing love letters sometimes these letters were beginnings of tempestuous controversial clandestine love affairs and soon cultivated into relationships that lasted a lifetime and at other times they were mere feverish rants the intensity diminishing as soon as it had escalated no matter who they were scholars kings queens writers painters they all fell passionately and irrevocably in love their letters capturing their happiness longing insecurity and even suspicion and distrust we bring together a treasure trove of hundred beautiful letters from around the world in our edition beginning with pliny the younger the magistrate of ancient rome pining for his wife as he lay awake at night and ending with virginia woolf s confession that her lady love s mere presence was intoxicating and even physically stimulating the letters are accompanied by their profound love stories telling a tale of how their love began what turmoil it faced and in some cases why it ended

in today s world of tinder and texting do we write and save love letters anymore are we more likely to save a screen shot of a text exchange or a box of paper letters from a lover how might these different ways to store a love letter make us feel sociologist michelle janning s love letters saving romance in the digital age offers a new twist on the study of love letters what people do with them and whether digital or paper format matters through stories a rich review of past research and her own survey findings janning uncovers whether and how people from different groups including gender and age approach their love letter curatorial practices in an era when digitization of communication is nearly ubiquitous she investigates the importance of space and time showing how our connection to the material world and our attraction to nostalgia matter in actions as seemingly small and private as saving storing stumbling upon or even burning a love letter janning provides a framework for understanding why someone may prefer digital or paper love letters and what that preference says about a person s access and attachment to powerful cultural values such as individualization taking time in a hectic world longevity privacy and keeping cherished things in a safe place ultimately janning contends the cultural values that tell us how romantic love should be defined are more powerful than the format our love letters take her work fits within larger academic questions about the sociology of emotions how culture works the importance of objects in social relations and the significance of privilege in everyday life
