The Lawyer's Reference Manual of Law Books and Citations 1883

vols 9 17 include decisions of the war labor board

Old-age Pension Plans and Organizations 1936

this is a foreword by an archaeologist not a conservator but as brad rodgers says conservation has been steadily pulled from archaeology by the forces of specialization p 3 and he wants to remedy that situation through this manual he sees this work as a call to action for the non professional conservator permitting curators conservators and archaeologists to identify artifacts that need professional attention and allow these professionals to stabilize most artifacts in their own laboratories with minimal intervention using simple non toxic procedures p 5 it is the mission of brad s manual to bring conservation back into archaeology p 6 the degree of success of that goal depends on the degree to which archaeologists pay attention to and put to use what brad has to say because as he says the conservationist archaeologist is responsible to make preparation for an artifact s care even before it is excavated and after its storage into the foreseeable future a tremendous responsibility p 10 the manual is a combination of highly technical as well as common sense methods of conserving wood iron and other metals ceramics glass and stone organics and composites a far better guide to artifact conservation than was available to me when i first faced that archaeological challenge at colonial brunswick town north carolina in 1958 a challenge still being faced by archaeologists today the stage of conservation in 1958 is in dramatic contrast to the procedures brad describes in this manual conservation has indeed made great progress for instance a common procedure then was to heat the artifacts red hot in a furnace a method that made me cringe

Illinois Legislative Manual for 30th General Assembly 1877

reprint of the original first published in 1883

West Virginia Handbook and Manual and Official Register 1968
