book concerning russian limousines and the chinese models that were initially derived from them has never been attempted before this book investigates the whole story of why the soviet communist party required such a bourgeois product and how production was subsequently achieved following the orders of stalin work on the limousines commenced during the first five year plan 1927 1933 at the putilov works late the kirov zavod where the leningrad l 1 was made in a limited number from these beginnings the moscow and gorky models emerged and later the chinese derived types made with russian aid during the late 1950s covering all of these models up to the last one produced in 2003 and featuring full specifications translated from the relevant primary sources in russian and chinese literature this is a meticulous and unique account of a previously neglected subject explores the mercedes benz w 196 r s historic roots development and races also its triumphs struggles and disappointments as well as the spirited challenges from maserati ferrari gordini and lancia accompanying the text are hundreds of photos sourced from the legendary daimler archives retells the stories revisits the settings and reveals the characters involved in what have been some of the most thrilling and iconic motor races between 1935 and 2011 featuring such greats as tazio nuvolari stirring moss juan fangio and james hunt to name just a few the book also includes fan photos and memorabilia collected during the era and personal experiences of many of these great events a limited edition of 1500 copies this book chronicles the development and racing career of a car regarded as the ultimate example of the purebred sports car of the 20th century and the epitome of functional beauty and extraordinary performance the 1952 mercedes benz 300 sl taking second place at its 1952 mille miglia debut it went on to win every one of its races that season dramatic photos vivid descriptions and dramatic recollections from the drivers ensures this book will be a joy to read and enjoy for years to come here is an introduction to the whole cult of the dune buggy from its earliest beginnings as a crude off road vehicle in the 1920s to the explosion of glassfibre bodied and vw based fun cars that became the cult transport of teenagers everywhere in the 1960s and 1970s with histories production details dates and identification tips for over 70 us and uk buggies this book will help identify the many marques that have been produced over the years using period photographs and archive material combined with amazing contemporary photography the book is a visual feast and also contains sections on buggies and celebrities for those that want to spot pop stars tv hosts and racing drivers posing with period vehicles this is the first and only account of the chequered flag race team and its charismatic founder graham warner it charts the highs and lows the victories and losses and features interviews with the man himself and several star drivers of the 1960s and 70s accompanied by 150 photographs many previously unpublished plus a look at graham s subsequent career as a fighter aircraft expert and restorer this is a unique story of a fascinating life in motorsport the 356 was the first porsche model the coupes and spyders were a great success throughout the world and continued to be so throughout the model s life the story of the porsche 356 and the racing and rallying cars that sprang from it is detailed in this text dimensions 250 x 207 this book covers the background conception design production and aftermath of the iconic ferrari 288 gto including the prototypes the early production cars the mainstream production cars in their various specification guises and the evolution cars planned for the aborted group b fia race series it features over 400 relevant photographs from original production images to the cars as they are today including the 1984 geneva salon where the car debuted the first ever gto reunion in 1985 current salon and action images right up to the 25th anniversary ferrari 288 gto reunion held in america in 2009 also featured are the actual factory production approval sheets as filed with the italian government in an illustrated technical drawing form along with a chassis by chassis register of every 288 gto built including destroyed prototypes production cars and gto evoluzioni in fact all 284 cars ever built this is a story of excitement laughs astonishment and anger a story of the determination of a man with a dream and a passion for motor racing in the big leagues it is the first time that the history of the always under financed gordini racing team has been documented in english and the first complete story of gordini himself in any language this volume will appeal to new enthusiasts and old hands of formula 1 and sports prototype racing especially those who have owned a gordini badged high performance renault road car it charts gordini s early life and beginnings in motorsport up to

1969 when renault took over the gordini company keeping his name on all the racing engines until 1986 before finally resurrecting it for a performance version of the renault twingo and clio in 2009 the book is packed with evocative period images from important collections supplementary transcripts in english from many contemporary interviews plus recollections from former employees remembering their time working with gordini and an exhaustive set of statistics all the way it's a roller coaster of joy despair humour and stunning images the racing legend of le sorcier lives on luigi chinetti's association with ferrari and the origins formation and racing history of nart north american racing team a complex organisation inextricably linked to luigi chinetti motors inc nart enjoyed success on the race tracks of the us and europe for three decades as well as financial difficulties and arguments with organisers to rightly become a legend the authors spent seventeen days at the morgan factory in pickersleigh road malvern link recording step by step from customer's specification sheet to finished car how individual craftsmen handbuild a morgan follow this amazing journey through the factory from craftsman to craftsman by word and picture beginning with a look at the sl model's heritage this book describes the full development and production history of a modern classic covering available models in all the major markets year by year and including limited editions the data is supported by contemporary illustrations sourced from the factory plus in depth appendices the 924 carrera was a homologation model built to qualify the 924 model to race in group 4 one of the great supercars of the 1980s the 924 carrera was considered by many to have better handling characteristics than porsche's flagship 911 the book features interviews with many of those involved with the car at the time together with race stories statistics and a unique exposé of component failures during racing revealing the definitive history of the entire mercedes benz g wagen series including swb and lwb cars station wagons vans and convertibles and with an overview of all the models sold in each of the world's major markets this book is packed full of information and contemporary illustrations sourced directly from the stuttgart factory although not the fastest or the most powerful ferrari the beautiful lines of the dino have inspired generations of enthusiasts this book covers the full story of the dino from pininfarina concept car through to the final production model illustrated throughout with contemporary material the book features the definitive record of the little v6 ferrari and its fiat sibling dino named after enzo's son it contains full year by year coverage of production models with the american and european markets covered in great detail there are over 250 contemporary photos mainly in color along with contemporary advertising and brochures how to modify and upgrade a retro or classic saloon or sports car for modern road or motorsport use instruments engine gearbox overdrive wheels tyres supercharging and turbocharging suspension oil cooling and systems clutch cooling brakes back axle and drivetrain exhaust dyno tuning carburation preparation for motorsport

the scooter bible is an entertaining and authoritative photographic history of the little motorbikes that could beginning with the first scooter in 1902 and continuing right through to modern electric scooters
