richmond redeemed pioneered study of civil war petersburg the original and long out of print award winning 1981 edition conveyed an epic narrative of crucial military operations in early autumn 1864 that had gone unrecognized for more than 100 years readers will rejoice that richard j sommers's masterpiece in a revised sesquicentennial edition is once again available this monumental study focuses on grant's fifth offensive september 29 - october 2 1864 primarily the battles of chaffin's bluff fort harrison and poplar spring church peebles' farm

the union attack north of the James River at Chaffin's Bluff broke through Richmond's defenses and gave federals their greatest opportunity to capture the Confederate capital. The corresponding fighting outside Petersburg at Poplar Spring Church so threatened southern supply lines that General Lee considered abandoning his Petersburg rail center six months before actually doing so. Yet hard fighting and skillful generalship saved both cities. This book provides a thrilling narrative of opportunities gained and lost of courageous attack and desperate defense of incredible bravery by Union and Confederate soldiers from 28 states, Maine to Texas. Fierce fighting by four Black brigades earned their soldiers thirteen medals of honor and marked Chaffin's Bluff as the biggest bloodiest battle for Blacks in the whole Civil War. In addition to his focused tactical lens Dr. Sommers offers rich analysis of the generalship of Ulysses S. Grant, Robert E. Lee, and their senior subordinates Benjamin Butler, George G. Meade, Richard S. Ewell, and A. P. Hill. The richly layered prose of *Richmond Redeemed*, undergirded by thousands of manuscript and printed primary accounts from more than 100 archives, has been enhanced for this sesquicentennial edition with new research, new writing, and most of all, new thinking teaching future strategic leaders of American and

allied armed forces in the army war college conversing with fellow civil war scholars addressing civil war audiences across the nation and reflecting on prior assessments over the last 33 years have stimulated in the author new perspectives and new insights he has interwoven them throughout the book his new analysis brings new dimensions to this new edition dr sommers was widely praised for his achievement in addition to being a selection of the history book club the national historical society awarded him the bell wiley prize as the best civil war book for 1981 82 reviewers hailed it as "a book that still towers among civil war campaign studies" and "a model tactical study that takes on deeper meaning without sacrificing the human drama and horror of combat" complete with maps photos a full bibliography and index richmond redeemed is modeled for a new generation of readers enthusiasts and civil war buffs and scholars all of whom will welcome and benefit from exploring how 150 years ago richmond was redeemed

in the fiscal year ended june 30 1917 the foreign trade of the united states in raw and manufactured furs reached nearly if not fully the high level of years preceding the war the imports were valued at 21 553 375 while the exports amounted to 15 729 160 a sum exceeded in only one previous year 1913 when they were 28 389 586 home manufacture and utilization of american furs has grown enormously since the beginning of the war the large export trade of the past year shows therefore a production of pelts of unprecedented value in spite of the fact that the actual number of skins collected must have been less

than in previous years many former trappers were more profitably employed in other industries and many were deterred from plying their vocation by the increased restrictions on trapping especially the costly nonresident licenses trapping restrictions properly enforced and limiting the taking of fur to prescribed seasons will result not only in conserving the fur supply but in greatly increasing the quality and value of the annual catch p 2
