the idea behind the principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important it is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists its biographical and scholarly information about authors major and minor and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama showing that the history of the legal thriller is one of the major branches of modern literature since the age of reason the criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like robert travers anatomy of a murder as well as the romantic potboiler among the more than 2 000 works are the perry mason novels of erle stanley gardner john mortimer s rumpole series along with a staple of fiction by major authors of the genre like john lescroart linda scott edlin of margaret maron scott turow and john grisham there
