

The Ruler of the Waves

2020-07-02

this booklet opens with the story of jesus and his disciples crossing the sea of galilee where jesus rebukes the wind and waves of a deadly storm mark 4 37 40 according to j c ryle this story is full of instruction for all of us he explains under five headings what we are to learn 1 christ s service will not secure us against troubles 2 the lord jesus christ is truly man as well as god 3 believers may have much weakness yet still be true believers 4 christ has all power and 5 christ is full of kindness towards his people ryle ends with a description of his purpose in writing i want believers to know jesus better that they may be more happy more holy and more meet fit for the inheritance of the saints in light opens with the story of jesus and his disciples crossing the sea of galilee where jesus rebukes the wind and waves of a deadly storm mark 4 37 40 according to j c ryle this story is full of instructions for all of us he explains under five headings what we are to learn christ s service will not secure us against troubles the lord jesus christ is truly man as well as god believers may have much weakness yet still be true believers christ has all power christ is full of kindness toward his people ryle ends with a description of his purpose in writing i want believers to know jesus better that they may be more happy more holy and more meet fit for the inheritance of the saints in light

From Rebel to Ruler

2021-07-06

on the centennial of the founding of the chinese communist party the definitive history of how mao and his successors overcame incredible odds to gain and keep power mao zedong and the twelve other young men who founded the chinese communist party in 1921 could hardly have imagined that less than thirty years later they would be rulers on its hundredth anniversary the party remains in command leading a nation primed for global dominance tony saich tells the authoritative comprehensive story of the chinese communist partyÑits rise to power against incredible odds its struggle to consolidate rule and overcome self inflicted disasters and its thriving amid other communist partiesÕ collapse saich argues that the brutal japanese invasion in the 1930s actually helped the party as the communists retreated into the countryside they established themselves as the populist grassroots alternative to the nationalists gaining the support they would need to triumph in the civil war once in power however the communists faced the difficult task of learning how to rule saich examines the devastating economic consequences of maoÕs great leap forward and the political chaos of the cultural revolution as well as the partyÕs rebound under deng xiaopingÕs reforms leninist systems are thought to be rigid yet the chinese communist party has proved adaptable from rebel to ruler shows that the party owes its endurance to its flexibility but is it nimble enough to realize xi JinpingÕs Òchina dreamÓ challenges are multiplying as the growing middle class makes new demands on the state and the ideological retreat from communism draws the party further from its revolutionary roots the legacy of the party may be secure but its future is anything but guaranteed

The Good Christian Ruler in the First Millennium

2021-07-19

the late antique and early medieval mediterranean was characterized by wide ranging cultural and linguistic diversity yet under the influence of christianity communities in the mediterranean world were bound together by common concepts of good rulership which were also shaped by greco roman persian caucasian and other traditions this collection of essays examines ideas of good christian rulership and the debates surrounding them in diverse cultures and linguistic communities it grants special attention to communities on the periphery such as the caucasus and nubia and some essays examine non christian concepts of good rulership to offer a comparative perspective as a whole the studies in this volume reveal not only the entanglement and affinity of communities around the mediterranean but also areas of conflict among christians and between christians and other cultural traditions by gathering various specialized studies on the overarching question of good rulership this volume highlights the possibilities of placing research on classical antiquity and early medieval europe into conversation with the study of eastern christianity

Ruler Visibility and Popular Belonging in the Ottoman Empire, 1808-1908

2018-11-14

this book argues that the periodic ceremonial intrusion into the everyday lives of people across the ottoman empire which the annual royal birthday and accession day celebrations constituted had multiple far reaching and largely unexplored consequences on the one hand it brought ordinary subjects into symbolic contact with the monarch and forged lasting vertical ties of loyalty to him irrespective of language location creed or class on the other hand the rounds of royal celebration played a key role in the creation of new types of horizontal ties and ethnic group consciousness that crystallized into national movements and after the empire s demise national monarchies

The Kingdoms of Magic Book 2

a new queen of the fairies is crowned her army receives improved equipment the underworld makes its first raid and the king of nor has his successor crowned

The Kremlin's Noose

2024-05-15

in the kremlin s noose amy knight tells the riveting story of vladimir putin and the oligarch boris berezovsky who forged a relationship in the early years of the yeltsin era berezovsky later played a crucial role in putin s rise to the russian presidency in march 2000 when putin began dismantling boris yeltsin s democratic reforms berezovsky came into conflict with the new russian leader by reproaching him publicly their relationship quickly disintegrated into a bitter feud played out against the backdrop of billion dollar financial deals kremlin in fighting and international politics dubbed the godfather of the kremlin by the slain russian american journalist paul klebnikov berezovsky was a successful businessman and media mogul who had an outsized role in russia after 1991 worth a reported 3 billion by 1997 berezovsky engineered the reelection of yeltsin as president in 1996 and negotiated an end to the 1995 96 chechen war despite his

own wealth power and influence once he became putin s enemy berezovsky was forced into exile in britain where he waged a determined campaign to topple putin kremlin authorities responded with bogus criminal charges and demanded berezovsky s extradition death threats soon followed in march 2013 after losing a british court battle with another russian oligarch berezovsky was found dead at his ex wife s mansion outside london whether he died from suicide or murder remains a mystery the kremlin s noose sheds crucial new light on the kremlin s volatile politics under yeltsin and putin helping us understand why democracy in russia failed so badly knight provides a fascinating narrative of putin s rise to power and his authoritarian rule told through the prism of his relationship with russia s once most powerful oligarch boris berezovsky

Little Monk's Buddha

2011-02-02

the book apart from narrating wisdom tales from indian mythology introduces the child to the world of new words the words have been carefully chosen by a panel of experts and are explained in detail at the end of the book in a glossary

Fortress Monasteries of the Himalayas

2012-08-20

the spread of buddism and tibetan secular power throughout the himalayas led to a distinctive style of fortifications not found anywhere else this book looks at himalayan fortifications from their creation in the middle ages to their destruction and capture by the chinese in the 20th century

powers of chaos accompany any order of the human world being the force against which this order is set human experience of history is two fold there is history ruled by chaos and history ruled by order history occurs in a continuous flow of both histories the dialectics of life unto nothingness creation struggles for order order achieved is unceasingly actual in exploring it within a wide interdisciplinary and transcultural range this book reaches beyond a conventional philosophy of history it deals with the chaotic as well as the cosmic part of the human historical experience it stages this drama through the tales that religious mythical literary philosophical folkloristic and historiographical sources tell and which are retold and interpreted here from early on humans wished to know where why and wherefore all started and took place couldn't the dialectics between chaos and order be meaningful couldn't they assume a productive role as to the world's precarious event power strife guilt divine grace and revelation literary symbolization as well as storytelling are discussed in this book philosophy political theory theology religious studies and literary studies will greatly benefit from its width and density

Wherefrom Does History Emerge?

2020-10-26

the islamic world drew upon a myriad of pre-existing styles of fortification taking romano byzantine indian and chinese ideas to create a highly effective and sophisticated hybrid fortification that was both new and distinctive this book examines early saracen fortifications covering their historical background socio-political circumstances and their role in protecting industry trade and the frontiers of the islamic world from the mayyad castles in the desert of jordan and syria to the round city of baghdad and the great gates of cairo this book provides an insight into the majesty of the saracen forts illustrated with specially commissioned artwork and cutaways together with photographs of period engravings and images of the sites today

Saracen Strongholds AD 630-1050

2012-11-20

party patronage and party government in european democracies brings together insights from the worlds of party politics and public administration in order to analyze the role of political parties in public appointments across contemporary europe based on an extensive new data gathered through expert interviews in fifteen european countries this book offers the first systematic comparative assessment of the scale of party patronage and its role in sustaining modern party governments among the key findings are first patronage appointments tend to be increasingly dominated by the party in public office rather than being used or controlled by the party organization outside parliament second rather than using appointments as rewards as used to be the case in more clientelistic systems in the past parties are now more likely to emphasize appointments that can help them to manage the infrastructure of government and the state in this way patronage becomes an organizational rather than an electoral resource third patronage appointments are increasingly sourced from channels outside of the party thus helping to make parties look increasingly like network organizations primarily constituted

by their leaders and their personal and political hinterlands comparative politics is a series for students teachers and researchers of political science that deals with contemporary government and politics global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour the series is published in association with the european consortium for political research for more information visit essex.ac.uk/ecpr the comparative politics series is edited by professor david m farrell school of politics and international relations university college dublin kenneth carty professor of political science university of british columbia and professor dirk berg schlosser institute of political science philipps university marburg
