a timeless classic about the brilliant scientist dr frankenstein and his monster creation

Frankenstein 2010-08-05

generally known as frankenstein is a novel written by the british author mary shelley the title of the novel refers to a scientist victor frankenstein who learns how to create life and creates a being in the likeness of man but larger than average and more powerful in popular culture people have tended to refer to the creature as frankenstein despite this being the name of the scientist frankenstein is a novel infused with some elements of the gothic novel and the romantic movement it was also a warning against the over reaching of modern man and the industrial revolution alluded to in the novel s subtitle the modern prometheus the story has had an influence

across literature and popular culture and spawned a complete genre of horror stories and films it is arguably considered the first fully realized science fiction novel shelley travelled through europe in 1815 along the river rhine in germany stopping in gernsheim 17 kilometres 11 mil away from frankenstein castle where two centuries before an alchemist engaged in experiments she then journeyed to the region of geneva switzerland where much of the story takes place the topic of galvanism and occult ideas were themes of conversation among her companions particularly her lover and future husband percy b shelley mary percy and lord byron had a competition to see who could write the best horror story after thinking for days shelley dreamt about a scientist who created life and was horrified by what he had made inspiring the novel since the publication of the novel the name frankenstein has often been used to refer to the monster itself in the novel frankenstein s creation is identified by words such as creature monster daemon wretch abortion fiend and it speaking to victor frankenstein the monster says i ought to be thy adam but i am rather the fallen angel which ties to lucifer in paradise lost which the monster reads and which relates to the disobedience of prometheus in the book s subtitle

Frankenstein: or "The Modern Prometheus" 2023-12-13

do you want to read frankenstein if so then keep reading frankenstein or the modern prometheus was written by the english author mary shelley it recounts the tale of victor frankenstein a scientist who creates a grotesque living creature in an unorthodox scientific experiment the first edition was published anonymously in 1818 when shelley was only 20 years old her name finally appeared on the second edition published in france in 1823 she was supposedly influenced by knowledge of alchemist experiments carried out by johann dippel in the frankenstein castle in germany what are you waiting for frankenstein is one click away select the buy now button in the top right corner now

Frankenstein, Or, The Modern Prometheus 1831

a monster assembled by a scientist from parts of dead bodies develops a mind of his own as he learns to loathe himself and hate his creator

Oxford Playscripts: Frankenstein 2003-08-06

Mary Shelley's Frankenstein or the Modern Prometheus grew out of a parlor game and a nightmare vision. The story of the book's origin is a famous one first told in the introduction Mary Shelley wrote for the 1831 edition of the novel. The two Shelleys, Byron, Mary's stepsister Claire Clairmont, and John William Polidori, Byron's physician, spent a wet, ungenial summer in the Swiss Alps. Byron suggested that each write a ghost story if one is to trust Mary Shelley's account, and James Rieger has shown the untrustworthiness of its chronology and particulars. Only she and poor Polidori took the contest seriously. The two illustrious poets, according to her, annoyed by the platitude of prose, speedily relinquished their uncongenial task. Polidori too is made to seem careless, unable to handle his story of a skull-headed lady. Though Mary Shelley is just as deprecating when she speaks of her own tiresome, unlucky ghost story, she also suggests that its sources went deeper. Her truant muse became active as soon as she fastened on the idea of making only a transcript of the grim terrors of my waking dream. I have found it what terrified me will terrify others. The twelve essays in this collection attest to the endurance of Mary Shelley's waking dream. Appropriately, though less romantically, this book also grew out of a playful conversation at a party when several of the contributors to this book discovered that they were all closet aficionados of Mary Shelley's novel. They decided that a book might be written in which each contributor contestant might try to account for the persistent hold that Frankenstein continues to exercise on the popular imagination. Within a few months two films, Warhol's Frankenstein and Mel Brooks's Young Frankenstein, and the Hall Landau and Isherwood Bachardy television versions of the novel appeared to remind us of our blunted purpose. These manifestations were an auspicious sign and resulted in the book's endurance of Frankenstein.

Frankenstein 1997

Victor Frankenstein is consumed by his desire to discover the secrets of life. He constructs a man out of old body parts and brings him to life. The newborn monster disappears from Frankenstein's laboratory and enters the world as an outcast struggling with his own identity. What follows is a gripping tale of murder, injustice, and revenge.

Frankenstein, Or, The Modern Prometheus 1992

Shelley's suspenseful and intellectually rich gothic tale confronts some of the most important and enduring themes in all of literature: the power of human imagination, the potential hubris of science, the gulf between appearance and essence, the effects of human cruelty, the desire for revenge, and the need for forgiveness, and much more. About the series for over 100 years, Oxford World's Classics has

made available the widest range of literature from around the globe each affordable volume reflects oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Frankenstein (1000 Copy Limited Edition) 2019-08-13

Dr Victor Frankenstein never considers the consequences of his obsession in his zeal to understand and harness the secret of life he neglects his family and friends isolates himself from the world and ignores his own health for years he labors to create a new race of intelligent beings he spends his nights scrounging human and animal body parts from graveyards slaughterhouses and hospital dissection rooms by day he experiments in his secret laboratory learning from his mistakes and perfecting the creature who he believes will worship him as a god but this hubris is not his only sin when he succeeds Frankenstein is horrified by the ugly brutishness of the patchwork being he has brought to life rather than exult in his accomplishment he runs from it retreating to the comfort of long neglected friends and family Frankenstein has indeed created a monster not by animating dead flesh but by abandoning his creation and planting within it the seeds of rage and loneliness now the monster is out for revenge

Oxford Progressive English Readers: Grade 5: Frankenstein 2008-03-06

***Frankenstein Von Mary Shelley. Analyse Einer Passage* 2013-12**

i saw the pale student of unhallowed arts kneeling beside the thing he had put together i saw the hideous phantasm of a man stretched out and then on the working of some powerful engine show signs of life and stir with an uneasy half vital motion a summer evening s ghost stories lonely insomnia in a moonlit alpine s room and a runaway imagination fired by philosophical discussions with lord byron and percy bysshe shelley about science galvanism and the origins of life conspired to produce for marry shelley this haunting night specter by morning it had become the germ of her romantic masterpiece frankenstein written in 1816 when she was only nineteen mary shelley s novel of the modern prometheus chillingly dramatized the dangerous potential of life begotten upon a laboratory table a frightening creation myth for our own time frankenstein remains one of the greatest horror stories ever written and is an undisputed classic of its kind

***Oxford Literature Companions: Frankenstein Workbook* 2017-12-07**

consisting of sixteen original essays by experts in the field including leading and lesser known international scholars global frankenstein considers the tremendous adaptability and rich afterlives of mary shelley s iconic novel frankenstein at its bicentenary in such fields and disciplines as digital technology film theatre dance medicine book illustration science fiction comic books science and

performance art this ground breaking celebratory volume edited by two established gothic studies scholars reassesses frankenstein s global impact for the twenty first century across a myriad of cultures and nations from japan mexico and turkey to britain iraq europe and north america offering compelling critical dissections of reincarnations of frankenstein a generically hybrid novel described by its early reviewers as a bold bizarre and impious production by a writer with no common powers of mind this collection interrogates its sustained relevance over two centuries during which it has engaged with such issues as mortality global capitalism gender race embodiment neoliberalism disability technology and the role of science

Frankenstein 2013

it was on a dark and stormy night during the summer of 1816 that an eccentric group of english literati gathered at the villa diodati the atmosphere at the villa was charged by the violent streaks of lightening that licked at the mountain tops and split a black sky as the wind outside whipped up the surface of lake leman into a cauldron of waves the occupants of the villa lord byron mary shelley dr john polidori percy shelley and claire clairmont whipped themselves into a gothic frenzy with recitals of haunting poetry and ghost stories the stories that they read came from a book originally written in german that had recently been translated into french the book that they read from was called fantasmagoriana fantasmagoriana has a unique place in literary history this is the first full translation of the stories that inspired mary shelley s frankenstein and dr john polidori s the vampyre

I'm Sorry, the Bridge is Out, You'll Have to Spend the Night 1994

published for the 200th anniversary this edition is based on the original 1818 text page ii

Frankenstein in Theory 2020-12-10

the text of this norton critical edition is that of the 1818 first edition published in three volumes by lackington hughes harding mavor and jones in which only obvious typographical errors have been corrected this text represents what frankenstein s first readers encountered and is the text favored by scholars a special critical section composition and revision includes essays by m k joseph and anne mellor that address the issues surrounding teachers choice of text

Frankenstein Alive, Alive: The Complete Collection 2018-10-03

word count 5 915

Frankenstein 1969

victor frankenstein is consumed by his desire to discover the secrets of life after several years of research victor feverishly constructs a man out of old body parts and brings him to life victor is immediately horrified by his ambitious creation and flees his apartment in remorse the newborn monster disappears from frankenstein s laboratory and enters the world as an outcast struggling with his own identity what follows is a gripping tale of murder injustice and revenge since 1818 frankenstein has been associated with scientists who are consumed with their experiments and oblivious to the repercussions among them are the brains behind the nuclear arms race scientists who create super bacteria and laboratories that experiment with artificial black holes but most notably is the area of science devoted to gene manipulation both in genetically modified foods and human cloning frankenstein has much to teach us in a world where we constantly test the limits of science and human ambition

Frankenstein 1995

este volumen busca reivindicar el legado de mary wollstonecraft shelley y celebrar los doscientos años de la publicación de su obra maestra frankenstein o el moderno prometeo 1818 para ello expone la permeabilidad del mito del científico y su criatura a través de una serie en ensayos que exploran adaptaciones contemporáneas en diversos medios literatura cine televisión videojuegos youtube que demuestran la relevancia de frankenstein en nuestros días los capítulos permiten al lector conocer las reescrituras populares del teatro del siglo xix y su impacto en la ficción cinematográfica más reciente descubrir la influencia de shelley sobre otras escritoras con un inmenso legado como es margaret atwood reconocer las distintas apropiaciones del mito en los videojuegos y su reescritura en nuevos formatos audiovisuales y finalmente mostrar cómo la intertextualidad con la novela de shelley permite enriquecer narrativas que quizá parezcan más lejanas a simple vista este es pues un volumen esencial para quienes se interesen por las reescrituras contemporáneas del mito con especial énfasis en la cultura popular o las nuevas plataformas de creación borham puyal miriam ed frankenstein revisited the legacy of mary shelley s masterpiece

Global Frankenstein 2018-10-15

combining historical and interpretive work this collection examines changing perceptions of and relations between human and nonhuman animals in britain over the long eighteenth century persistent questions concern modes of representing animals and animal human hybrids as well as the ethical issues raised by the human uses of other animals from the animal men of thomas rowlandson to the part animal part human creature of victor frankenstein hybridity serves less as a metaphor than as a metonym for the intersections of humans and other animals the contributors address such recurring questions as the implications of the enlightenment project of naming and classifying animals the equating of non european races and nonhuman animals in early ethnographic texts and the desire to distinguish the purely human from the entirely nonhuman animal gulliver s travels and works by mary and percy shelley

emerge as key texts for this study the volume will be of interest to scholars and students who work in animal colonial gender and cultural studies and will appeal to general readers concerned with the representation of animals and their treatment by humans

Fantasmagoriana (Tales of the Dead) 2005-09-27

frankenstein and its classics is the first collection of scholarship dedicated to how frankenstein and works inspired by it draw on ancient greek and roman literature history philosophy and myth presenting twelve new essays intended for students scholars and other readers of mary shelley s novel the volume explores classical receptions in some of frankenstein s most important scenes sources and adaptations not limited to literature the chapters discuss a wide range of modern materials including recent films like alex garland s *ex machina* and comics like matt fraction s and christian ward s *ody c* in relation to ancient works including hesiod s *theogony* aeschylus s *prometheus bound* ovid s *metamorphoses* and apuleius s *the golden ass* all together these studies show how frankenstein a foundational work of science fiction brings ancient thought to bear on some of today s most pressing issues from bioengineering and the creation of artificial intelligence to the struggles of marginalized communities and political revolution this addition to the comparative study of classics and science fiction reveals deep similarities between ancient and modern ways of imagining the world and emphasizes the prescience and ongoing importance of mary shelley s immortal novel as frankenstein turns 200 its complex engagement with classical traditions is more significant than ever

Frankenstein, Or, The Modern Prometheus 2018

this collection provides new readings of frankenstein from a myriad of established and burgeoning theoretical vantages including narrative theory cognitive and affect theory the new materialism media theory critical race theory queer and gender studies deconstruction psychoanalysis and others demonstrating how the literary power of frankenstein rests on its ability to theorize questions of mind self language matter and the socio historic that also drive these critical approaches this volume illustrates the ongoing intellectual richness found both in mary shelley s work and contemporary ways of thinking about it

Frankenstein 1999-01-01

mary shelley s classic novel frankenstein is now available as a rollercoaster this infamous and powerful story focuses on the protagonist as a young student of natural philosophy who learns the secret of imparting life to a creature constructed from relics of the dead with horrific consequences
