it is worth mentioning that when my publisher presented me with this project i did not hesitate for a moment almost as if it were a disney movie a memory from my youth came to mind you see my father always told me that if every person gave him a coin he would be a millionaire and that is the basis of lottery games that each person participates with a small amount that accumulates until it becomes a millionaire as i was telling you when i was young i tested that idea and together with my father we played the lottery week after week until one day we won a considerable prize not the biggest prize but a good prize after a while i entered my higher education and stopped this ritual with my father i dedicated myself fully to my studies in mathematics among which i focused my attention to game theory which roughly speaking looks for strategies to win games from a mathematical point of view going back to my anecdote when i was young i didn t use any strategy to win we just came up with numbers and wrote them down on the ticket so when my editor presented me with this project i didn t hesitate and immediately a huge number of ideas came to my mind to win money with the lottery game it is important to mention that although what i present has a theoretical basis each of the strategies that i present were carried out in a real way entering lottery tickets week by week for each of the strategies that we will see in this text
