in the life and death of adolf hitler biographer robert payne unravels the tangled threads of hitler s public and private life and looks behind the caricature with the charlie chaplin mustache and the unruly shock of hair to reveal a hitler possessed of immense personal charm that impressed both men and women and brought followers

and contributions to the burgeoning nazi party although he misread his strength and organized an ill fated putsch hitler spent his months in prison writing mein kampf which increased his following once in undisputed command of the party hitler renounced the chastity of his youth and began a sordid affair with his niece whose suicide prompted him to reject forever all conventional morality he promised anything to prospective supporters then cold bloodedly murdered them before they could claim a share of the power he reserved for himself once he became chancellor hitler step by step bent the powers of the state to his own purposes to satisfy his private fantasies rearming germany slaughtering his real or imaginary enemies blackmailing one by one the leaders of europe and plunging the world into the holocaust of world war ii the life and death of adolf hitler is the story of not so much a man corrupted by power as a corrupt man who achieved absolute power and used it to an unprecedented degree knowing at every moment exactly what he was doing and calculating his enemies weaknesses to a hair s breadth it is the story of a living man

augustus himself however augustus was the luminary of the roman state religion before he was transformed into the second person of the trinity the processes involved in these changes are followed through the first four centuries of the christian era a brief look at developments since highlight the christian church's continued influence on the western european knowledgebase here you can check out your own mindset against factors that are still crazily influential the cover illustration is of a restored cult figure of augustus one of thousands destroyed by christian zealots let loose in 395 most of the hood of the toga of pontifex maximus is missing this example is at thyatira to where john sent a copy of his revelations all seven churches of the apocalypse were in the roman province of asia just off the coast is the island of samos where augustus lived when he was in the area patmos where john wrote his revelations during his exile there is a bit further out in the aegean sea the reverse of an augustan aureus on the spine shows the winged victory standing on the globe that augustus had installed as centerpiece of the roman curia it was carried at his funeral to lead the procession from the forum to his mausoleum at the end of the fourth century it was removed from the curia and reinstated three times finally ambrosius bishop of milan insisted it be taken out and utterly destroyed rome and the world of rome collapsed shortly afterwards augustus last 100 days were extremely busy he was supposed to have suffered from the weariness of old age before then but after official functions in rome he went to capri for a few days then on to the games in naples where he indulged in horse play with the athletes and on to beneventum to review his armies before they set off to war his death at the old family home at nola is well documented down to time and day it's the year that's in dispute here christian historians strove to prove jesus was the messiah by his date of

birth they also wanted to know when the second coming of christ would occur in the process they had to alter the date of augustus death much was destroyed to cover their tracks fortunately enough remains in the debris to reconstruct the real chronology of the period surprisingly much else remained to be unearthed cicero not herod ordered the massacre of the innocents wise men from the east visited augustus its all there for the digging

review ewen gets on his soapbox and in doing so reminds readers of the unrest in the air in the 1950s including calls for the abolition of hereditary titles church and union reform disgust at the possibilities of easier divorce and legalisation of what is quaintly described as the sin of sodom and gomorrah these references will make the legendary cheltenham colonels who so often write to the editor of the times weep with joy but alas they tend to swamp parts of the earlier part of the novel and do not add very much to the plot however once we get to the actual detecting the story runs along nicely more than one house guest has what they might see as good reason to act against the deceased so most of them are suspected at one time or another and the solution roars up after an unexpected twist which certainly caught me by surprise mysteryfile.com
