GDR Literature in German Curricula and Textbooks 2023-09-15 this book analyzes the changing portrayal of gdr literature in german gymnasium textbooks 1985 2015 addressing the need for textbook research to broaden its focus from gdr history to gdr literature the author presents case studies of well known gdr authors bertolt brecht johannes r becher anna seghers wolf biermann and christa wolf each examining a particular aspect of the societal discourse about gdr literature and the tension between literary text and historical context taken together the case studies reveal the frequently underestimated power of ideology in literature textbooks they also show how attempts to package these authors into simplified categories ultimately reveal the profound complexities of the gdr literary legacy by examining the clear tension between literature and politics in textbooks and curricula the author demonstrates how ideological messages are transmitted in all textbooks as well as the importance of attending to overt and covert ideology

CA Te Am Anthem 2007 Mod 2007 the problem of memory in china japan and korea involves a surfeit rather than a deficit of memory and the consequence of this excess is negative unforgettable traumas prevent nations from coming to terms with the problems of the present these compelling essays enrich western scholarship by applying to it insights derived from asian settings

Northeast Asia's Difficult Past 2010-06-30 explores simultaneity to show unresolved co presences of contradictory ways through which people maintain multi layered identities

Simultaneous Identities: Language, Education, and Nationalism in Nepal 2020-12-03 this book examines political nationalism in japan through an in depth analysis of the organisation ideology and influence of nippon kaigi the most significant nationalist pressure group in contemporary japan starting with a review of political nationalism in japan since 1945 the book then analyses the ideological corpus of nippon kaigi highlighting its unity and coherence as a pressure group and assessing the real influence it exerts on japanese political life it goes on to examine the relationship between religion and nationalism and the key role played by various religious organisations within this pressure group explaining why religious movements that should be in competition with each other manage to collaborate within nippon kaigi finally the book turns to the characteristics of japanese nationalist circles and an assessment of the rise of nationalism in contemporary japan featuring extensive firsthand interviews with individuals and organisations close to japanese nationalist circles this book will appeal to students and scholars of japanese politics nationalism and the sociology of religion

Nippon Kaigi 2024-03-19 this book presents an overview of the democracy movement and the history of education in nepal it shows how schools became the battleground for the state and the maoists as well as captures emerging trends in the field challenges for the state and negotiations with political commitments it looks at the factors that contributed to the conflict and studies the politics of the region alongside gender and identity dynamics one of the first studies on the subject the book highlights how conflict and education are intrinsically linked in nepal it illustrates how schools became the centre of attention between warring groups and how they were used for political meetings and recruitment of fighters during the political transitions in a contested terrain in south asia it brings to the fore incidents of abduction and killing of teachers and students and the use of children as porters for arms and ammunitions drawing extensively on both primary and secondary sources and qualitative analyses the book provides the key to a complex web of relationships among the stakeholders during conflict and also models of education in post conflict situations this book will interest scholars and researchers in education politics peace and conflict studies sociology development studies social work strategic and security studies contemporary history international relations and nepal and south asian studies

Conflict, Education and People's War in Nepal 2018-02-19 this book presents a new and comprehensive framework for the analysis of representations of culture society and the world in textbooks for foreign and second language learning the framework is transferable to other kinds of learning materials and to other subjects the framework distinguishes between five approaches national studies citizenship education studies cultural studies postcolonial studies and transnational studies in a series of concrete analyses the book illustrates how one can describe and uncover representations of the world in textbooks for english german french spanish danish and esperanto each analysis is accompanied by suggestions of possible supplements and changes the book points to the need for language learning materials to deal seriously with knowledge about the world including its diversities and problems

World Yearbook of Education 2010 2010-02-15 in this book yuko kawai departs from the common conception of japan as an ethnically homogenous nation a transnational critique of japaneseness cultural nationalism racism and multiculturalism in japan investigates the construction of japaneseness from a transnational perspective examining ways to make japanese nationhood more inclusive kawai analyzes a variety of communicational practices during the first two decades of the twenty first century while situating japaneseness in its longer historical transformation from the late nineteenth century kawai focuses on governmental and popular ideas of japaneseness in light of local global historical and contemporary contexts as well as in relation to a diverse array of others in both asia and the west

A Transnational Critique of Japaneseness 2020-12-10 this book analyses the efforts throughout east asia to deploy education for purposes of political socialization and in particular in order to shape notions of identity the chapters also examine the trend of common textbook initiatives which have recently emerged in east asia with the aim of helping to defuse tensions arguably fuelled by existing practices of mutual mis representation these are analysed in relation to the east asian political context and compared with previous and ongoing endeavours in other parts of the world particularly europe which have been keenly observed by east asian practitioners written by a group of international education experts chapters discuss the enduring focus on the role of curricula in inculcating homogenous visions of the national self and indeed homogenized visions of significant others including contributions from scholars and curriculum developers involved personally in the writing of national and multi national history textbooks this book will be of interest to students and scholars of asian education asian history and comparative education studies gotelind müller is professor of chinese studies university of heidelberg germany

Designing History in East Asian Textbooks 2011-02-01 since the 1960s neville meaney has been asking probing questions about social change and the rise of nationalism especially as found in the making of australia s self image and its engagement with the world his efforts to unravel what he once called the riddle of australian nationalism have raised important and often unsettling challenges for australians bringing together the cultural intellectual political and diplomatic dimensions of the national experience meaney s work has been dominated by two overarching and interconnected questions how australians should resolve the tension between the community of culture and the community of interest and how they should reconcile their british heritage with their asian moorings

Australia and the Wider World 2018-08-30 the controversy over official state approved history textbooks in japan which omit or play down many episodes of japan s occupation of neighbouring countries during the asia pacific war 1931 1945 and which have been challenged by critics who favour more critical peace and justice perspectives goes to the heart of japan s sense of itself as a nation the degree to which japan is willing to confront its past is not just about history but also about how japan defines itself at present and going forward this book examines the history textbook controversy in japan it sets the controversy in the context of debates about memory and education and in relation to evolving politics both within japan and in japan s relations with its neighbours and former colonies and countries it invaded it discusses in particular the struggles of ienaga saburo who has made crucial contributions including through three epic lawsuits in challenging the official government position winner of the american educational research association 2009 outstanding book award in the curriculum studies category *War Memory, Nationalism and Education in Postwar Japan* 2008-06-23 choral music research and information is a bibliographic research guide of work in the field sections include choral music

for children and youth choirs choral music for adult choirs choral music with dance choral settings and multicultural music

FCS Criminal Justice Structures and Mandates L3 2009 a fresh look at the musical universe of arguably one of the most influential composers of the twentieth century

Choral Music 2002 echoing events questions the perpetuation actualization and canonization of national narratives in english and dutch history textbooks wide reaching media that tendentially inspire a sense of meaning memory and thus also identity the longitudinal study begins in the 1920s when the league of nations launched several initiatives to reduce strong nationalistic visions in textbooks and ends in the new millennium with the revival of national narratives in both countries the analysis shows how and why textbook authors have narrated different histories which vary in terms of context epoch and place as echoing events by using recurring plots and the same combinations of historical analogies this innovative and original study thus investigates from a new angle the resistance of national narratives to change

School Textbooks in the Field of Socialisation 2003 sixteen leading international sociologists are brought together in this volume to share their experiences of becoming practitioners in the field selected for their comparative and transnational interests and experiences the contributors include martin albrow karin knorr cetina diane e davis pierpaolo donati leon grunberg horst j helle eiko Ikegami tiankui jing hyun chin lim ewa morawska richard münch saskia sassen joachim j savelsberg piotr sztopka edward a tiryakian and ruut veenhoven each contributor provides an auto biographical review of their journey into the discipline with special attention paid to the intellectual and social political contexts in which their work matured each chapter concludes with a commentary on the anticipated future direction of that particular sociological area these original and reflective contributions provide fascinating and rare insights into the careers of sociologists living in a global age

The Musical Language of Pierre Boulez 2011-02-17 details how sports media and social issues intersect outside the playing field featuring a unique blend of theory discussion topics and pertinent case studies the text takes students beyond the how tos of creating content to understanding the whys behind it
