why is india s rise on the world stage so controversial how can a state that is losing authority to its regions at the same time grow in international importance exploring an apparent paradox maya chadda shows how culture politics wealth and policy have combined to forge a distinctive indian path to power both nationally and in the international arena why is india s rise on the world stage so controversial how can a state that is losing authority to its regions at the same time grow in international importance exploring an apparent paradox maya chadda shows how culture politics wealth and policy have combined to forge a distinctive indian path to power both nationally and in the international arena in its history since independence india has seen widely different economic experiments from jawharlal nehru s pragmatism to the rigid state socialism of indira gandhi to the brisk liberalization of the 1990s so which strategy best addresses india s and by extension the world s greatest moral challenge lifting a great number of extremely poor people out of poverty bhagwati and panagariya argue forcefully that only one strategy will help the poor to any significant effect economic growth led by markets overseen and encouraged by liberal state policies their radical message has huge consequences for economists development ngos and anti poverty campaigners worldwide there are vital lessons here not only for southeast asia but for africa eastern europe and anyone who cares that the effort to eradicate poverty is more than just good intentions if you want it to work you need growth with all that implies india s road to transformation why leadership matters describes the critical role of political leadership in india which began post independence until this present age since india s independence from britain in 1947 it has been governed by 14 prime ministers some of whom contributed immensely to its socio economic development than others the book shows how using mahatma gandhi s unifying philosophy to rally all indian people together great prime ministers such as jawaharlal nehru indira gandhi atal bihari vajpayee manmohan singh and now narendra modi have channeled their energy power and political influence to significantly improve the livelihood of the indian people through their economic and social transformative agendas india s road to transformation why leadership matters is not your typical history book about india it is a well researched and neatly documented role of leadership for india s development joining the historical dots of socio economic successes achieved by each predominant indian government since 1947 by reading this well prepared book you will discover l the historical values and structures of india and how they changed over time due to varying political processes and internal strife ii india s diversification of its economic activities from an agrarian community to a merchant trade society and now to a technologically advanced modern country iii the transformative actions steps taken by some prominent indian leaders from nehru to modi learning how their timely and effective socio economic programs saved india from collapsing iv some comparative economic yardsticks between india china japan and the southeast asian nations v important suggestions from the authors of this book about how india can sustain its current growth rate and eventually become a superpower such as the us and china the main objective of this seminar proceedings book is to analyse the performance of the present development programmes the issues and challenges and also reflect and think about whether and to what extent the benefits of these programmes have percolated to the weaker sections of our society indeed have they reached those they were meant to reach india has been experiencing a significant transition as the new generation born after the economic reforms in 1991 has emerged as a main player in the indian society now in their 20s and 30s this generation has different attitudes and preferences toward religion politics and consumption from their parents as a result the country is also witnessing rapid changes this book seeks to explore great transition in india through interdisciplinary and multidisciplinary perspectives related to digital india foreign policy and social identity including caste it

attempts to lay foundation for understanding india and will be of great interest to students researchers and for anyone is interested in india in 1992 bhanwari devi an administration social specialist in the north indian province of rajasthan was assaulted before her better half by higher position neighbors infuriated by her endeavors to stop a youngster marriage in their loved ones quity evaded bhanwari devi a lower court cleared the blamed for assault and indicted them with lesser offenses for which they served nine months in prison the allure is as yet forthcoming in the state s high court today after 28 years however public shock and activism catalyzed by her trial made ready for new legitimate securities against lewd behavior in the working environment for a large number of indian ladies after state specialists her boss rejected obligation since she had been assaulted in her own fields activists recorded a public interest request in the supreme court requesting that working environments should be made safe for ladies and that it should be the obligation of the business to safeguard ladies worker at each progression this is a collection of all the reports by the centre for policy alternatives team led by mohan guruswamy till april 2006 the reports cover a wide range of subjects and have made a major contribution to the national discussion on critical issues several of them such as redefining poverty economic growth and development in west bengal the economic strangulation of bihar and fdi in retail have revealed new dimensions to issues that have contributed greatly to a change of perceptions about them the reports are primarily meant for the nation s opinion and decision making elite such as mp s government officials and media persons they are hence written in a simple comprehensible and illustrative style each report will vastly enrich your understanding of india and some of the problems that beset it the department of economics of meenakshi college for women organized a two day national seminar titled rural infrastructure in india issues and prospects on 24th and 25th of november 2016 the seminar focused on different areas in rural infrastructure the challenges therein and future prospects it aimed at providing a platform for sharing the knowledge of experts in the field and an inspiring opportunity for exchange of ideas among researchers and scholars the purpose of this seminar was to make an objective assessment of our successes and failures in our efforts to throw light on such issues and suggest measures to improve the status of rural infrastructure to identify the research areas relating to rural infrastructure to search for solutions leading to better rural productivity and better life discussion themes planning for rural infrastructure irrigation rural housing rural water supply and sanitation rural electrification rural telecommunication land disputes and land acquisition issues programmes on rural infrastructure sustainable development and rural infrastructure public private partnership well written solidly researched and cogently argued shashi tharoor bhanu has ably argued the case kuldip nayar this timely book looks at the many advantages of the presidential system shanta kumar at one time or another dr ambedkar mahatma gandhi m a jinnah sardar patel and many other top leaders strongly opposed india s adoption of the parliamentary system history has proven them right given its diversity size and communal and community divisions the country needed a truly federal setup not the centralized unitary control that the parliamentary system offers why india needs the presidential system tells the dramatic story of how india s current system of government evolved how it is at the root of the problems india faces the result of years of meticulous research this book makes a passionate plea for a radical rethink of india s future as a nation why india needs the presidential system is not just an expose of what is wrong but a serious effort at offering a possible solution the routledge handbook of the history of global economic thought offers the first comprehensive overview of the long run history of economic thought from a truly international perspective although globalization has facilitated the spread of ideas between nations the history of economics has tended to be studied either thematically by topic in terms of different currents of thought or individually by economist work has been published in the past on the economic thought traditions of specific countries but this pioneering volume is unique in offering a wide ranging comparative account of the development of

economic ideas and philosophies on the international stage the volume brings together leading experts on the development of economic ideas from across the world in order to offer a truly international comparison of the economics within nation states each author presents a long term perspective on economics in their region allowing global patterns in the progress of economic ideas over time to be identified the specially commissioned chapters cover the vast sweep of the history of economics across five world regions including europe england scotland ireland italy greece spain portugal germany sweden russia and the ukraine the americas the usa canada mexico and central america spanish speaking south america brazil and the caribbean the middle east turkey israel arab islamic economics persia iran north africa africa west africa southern africa mozambique and angola and the asia pacific region australia and new zealand china southeast asia the asian tigers india this rigorous ambitious and highly scholarly volume will be of key interest to students academics policy professionals and to interested general readers across the globe

many people grow up with at least one sibling these siblings are often fellow travellers through adversity or significant life events they can act as a source of support for some children while a source of conflict for others for these reasons siblings are a potentially powerful influence on development and this book is one of the first of its kind to provide an overview of cutting edge psychological research on this important relationship why siblings matter is a cornerstone text on siblinghood integrating findings from a 10 year longitudinal study alongside wider research it provides a lifespan perspective examining the impact of sibling relationships on children s development and well being this text situates siblings in their historical developmental and family context considers the influence of siblings on children s development and adjustment and provides an introduction to new research on siblings in diverse contexts the authors discuss sibling relationships in varied populations such as siblings with disabilities siblings in different cultures and siblings in non traditional families while also considering the practical implications of research covering both classical studies and new results this book offers take home messages for promoting positive sibling interactions it will be invaluable reading for students and researchers in developmental psychology and family studies and professionals in education health and social work

economics is a social science concerned mainly with description and analysis of the production distribution and consumption of goods and services beyond the various theories and models however economics has close relationship with day to day life this book reviews the economic journey of india over the last seventy years and seeks to stimulate the readers thinking on some major issues and potentialities facing the indian economy five main themes flow through the book india s potential to be the world s third largest economic power by 2030 the challenges of socio economic equity that india faces the several opportunities that india has in that journey the critical role of governance leadership management and administration and the importance of mindset changes to power india s future economic growth a special focus is laid on the role of government policies and projects in socio economic development the book sensitises the readers including college students in general and students of economics in particular to the happenings around us which have significant economic import the book makes all through its seventy chapters several suggestions to power india s growth as a global economic superpower on a plank of socioeconomic equity this book serves as an expansive thought primer and focussed execution guide for an economically independent and resurgent india it is almost a ritual that the new army chief of pakistan gives a strong statement against india to assure his people that he is also a brave soldier and is fully prepared to take on india however the new army chief of pakistan general qamar javed bajwa in his statement sent two messages while speaking to his soldiers about line of control violations during a visit to the x corps rawalpindi he said each violation of any kind must be responded to with full force in the most effective manner after assuring his countrymen that he will also be tough with india he to the surprise of some also sent a peace message when he said the situation at the line of control will hopefully improve soon

the first casualty of the massacre how did the tea get to boston harbor what was the battle of concord like for a minute man colonial comics new england 1750 1775 expands the frame of this important period of american history unconventional characters come to life including gravedigging medical students counterfeiter female playwrights instigators of civil disobedience newspaper editors college students rum traders freemen and slaves reproduction of the original the life of florence nightingale by edward tyas cook in 1906 two years after the appearance of her best known novel the imperialist duncan published its darker twin an anglo indian novel which returns to political themes but with a deeper and more clinical irony than in her previous work set in authority is about illusions the imperial illusions of those who rule and are ruled the illusions of families about their members the illusions of men and women about each other the setting moves between the political drawing rooms of london and the english station at pilaghur in the province of ghoom where the murder of a native by an english soldier changes the lives of a cast of ruthlessly observed characters duncan who grew up in ontario led a remarkably varied life working as a political correspondent writing for the washington post the toronto globe and the montreal star and living in india for over twenty years she is increasingly being regarded as deserving of a place among the first rank of nineteenth and early twentieth century novelists the re publication of set in authority will do nothing to dispel that view this book offers ethical and political approaches to issues that nonhuman animals face the recent political turn in interspecies ethics from ethical to political approaches has arisen due to the apparent lack of success of the nonhuman animal movement and dissatisfaction with traditional approaches current works largely present general positions rather than address specific issues and principally rely on mainstream approaches this book offers alternative positions such as cosmopolitan libertarian and left humanist thought as well as applying ethical and political thought to specific issues such as experimentation factory farming nonhuman political agency and intervention presenting work by theorists and activists insights are offered from both ethics and politics that impact theory and practice and offer essential considerations for those engaging in interspecies ethics within the political turn era

this original study examines the extent to which international labour issues have become issue of concern within the european union the ilo the oecd organization for economic cooperation and development and the wto world trade organization

Why India Matters

2014

why is india s rise on the world stage so controversial how can a state that is losing authority to its regions at the same time grow in international importance exploring an apparent paradox maya chadda shows how culture politics wealth and policy have combined to forge a distinctive indian path to power both nationally and in the international arena

Why India Matters
