in sainthood in fragile states a wide range of social scientists explore the contested role of sainthood in the contemporary middle east by expanding the notion of sainthood to cover both the religious and secular ways of dealing with extraordinary events people and things the volume offers new insights into the way sainthood is embedded in various levels of everyday life as well as national and international politics the case studies highlight how fragility as a central aspect of sainthood is a productive force that often consolidates tales of the extraordinary and is also the source of contesting social identities contributors include andreas bandak mikkel bille jürgen frembgen sune haugbolle angie heo daniella kuzmanovic edith szanto and pnina werbner

## **Political Worship**

2004

the real peace process draws on extensive fieldwork in protestant and catholic churches across ireland to analyse how christian worship can become caught up in sectarianism the book examines the need for a peace process that changes hearts and minds and not merely civic structures of their inhabitants

## ***Politics of Worship in the Contemporary Middle East***

2013-04-15

the solemnities of this occasion belong to a christian people by them religion is solicited to throw her protection and authority around the institutions of the state the citizen and the magistrate recognise their common relation to a higher power than the functionary or the state and in such recognition exchange the pledge of a mutual fidelity the custom which this day renews comes to us from the founders of the commonwealth men of strong faith and religious hearts who erected their political fabric as a temple in which to worship god and inscribed over its front the name of the one master whom they honored even christ the place to which our legislators and rulers have come upon entering on their official duties is the house of prayer and christian instruction every thing that distinguishes the occasion seems to point out the course of remark in which he who addresses this audience should invite his hearers to follow him the relation of religion to politics the religion of political life is the subject to which he is unequivocally directed and of which it is my purpose to treat at such length only as the limits of the occasion will allow but with such plainness of speech as should alone be used before freemen by one as free as they when speaking on their common duties

## **The Real Peace Process**

2010

it is not a secret that the political system in the united states is broken unfortunately many christians are ambivalent about or worse yet contributors to that dysfunction many know they should do something but don t know what to do or how to do it drawing on insights from history theology and culture worshiping politics reframes the relationship between faith and politics as one of intentional formation instead of divisive decision

making when we focus on how we are formed as people and the church in relationship to our various communities instead of what we think and believe in relation to culture and society it changes the way we engage the world unlearning our faulty emphasis on the power of our own intellect and learning how to be formed in grace and love for the world through our everyday lives just might make a different kind of politics possible

## **The Real Peace Process**

2010

the solemnities of this occasion belong to a christian people by them religion is solicited to throw her protection and authority around the institutions of the state the citizen and the magistrate recognise their common relation to a higher power than the functionary or the state and in such recognition exchange the pledge of a mutual fidelity the custom which this day renews comes to us from the founders of the commonwealth men of strong faith and religious hearts who erected their political fabric as a temple in which to worship god and inscribed over its front the name of the one master whom they honored even christ

## ***The Religion of Politics***

2014-03-31

this book looks at how religious worship remains embedded with inherent political messages and behaviors showing that conflicts between church and state exist not just in the public arena but in each sanctuary and house of worship

## **Worshipping Politics**

2017-05-08

two men separated by time embark on parallel paths to succeed in the blood sport that is professional politics in the aftermath of the 2016 election a young political operative named art brown finds himself about to sit at the right hand of power in washington d c only to end up falling out of the insider circles he spent years trying to find acceptance in the other man would start his political path as one of the most progressive statesmen in the south only to evolve into the villain of the civil rights movement george c wallace filled with political intrigue and suspense that spans among generations along with that classic gonzo humor remso w martinez has become known for how to succeed in politics and other forms of devil worship is a dark comedy that will force you to ask whether success at all costs is worth losing your humanity in the process

## **The Religion of Politics**

1842

why do leading islamist movements like the egyptian muslim brothers embrace electoral politics while insisting that their main goal is working for god and how do they reconcile political with spiritual goals expectations that tension between political and religious organizing would pull the movement apart were not realized when the brothers achieved electoral success following egypt s 2011 uprising instead movement conservatives rather than moderates came to dominate political work and political activists framed the movement s electoral mandate as both popular and divine arguing that campaigning policy and legislation could all be forms of worship to understand how the movement threaded these disparate missions sumita pahwa examines the movement s internal debates on preaching activism and social reform from the 1980s through the 2000s she explains how framing political work as ethical conduct essential for building pious muslim individuals as well as an islamic political order became central to the organization s functioning through a comprehensive analysis of texts speeches public communications interviews and internal training documents pahwa offers a constructivist argument for how the movement has folded religious ideals into political discourse enabling the leadership to shift the boundaries of justifiable and righteous action melding these aims the egyptian muslim brotherhood built an influential islamic political project and a unified identity around working for god

## **Sacramental Politics**

2015

how does christian ethics begin this pioneering study explores the grammar of the christian life as it is embodied and learned in worship as the formative experience of the fellow citizens of god s people the book presents the first in depth theological investigation of the phenomenon of political worship by exposing the political nature of worship and the worship dimension of politics in a careful analysis of biblical and traditional conceptions of worship wannenwetsch demonstrates how the genuine political character of worship neutralizes attempts to politicize or de politicize it in the imprinting of the experience of divine reconciliation on the christian body worship challenges the deepest antagonisms of political theory and practice antagonisms of private and public freedom and necessity and action and contemplation at the same time the spill over of worship into every sphere of life instils a healthy suspicion of post liberal conceptualizations of role mobility in the experience of hearing in communion an encounter with a word that does not deceive announces the end of the rule of the hermeneutics of suspicion further questions discussed include the conditions of true consensus forgiveness as a political virtue political rhetoric between accountability and self justification how reversible role taking can avoid losing the otherness of the other and how the rhetoric of responsibility can be saved from hubris or depression particular practices or dimensions of worship confession preaching praising intercession observance of holy days are examined and their heuristic and formative potentials explored in relation to these topics a special feature of the study is a strong ecumenical and international focus the book brings into conversation a variety of traditions including lutheran catholic anglican and orthodox and contemporary voices an original contribution to christian ethics the book addresses systematic and practical theology as well as political theory while indicating the essential interpenetration of these disciplines

your journey into god s heart for good governance christians know how to make noise it s in our dna whether it s trumpets at jericho cymbals in the psalms or worship bands with huge pas we can mobilise huge numbers of people to march to make poverty history send emails about climate change or write letters about abortion but there s a difference between just making noise and having real influence that difference is relationship can we make the journey from disconnected armchair commentators to participants who are being salt and light in the midst rather than at the edge of society we all have influence the influence course will give you a biblical understanding of god s call for every one of us to be involved in the public square it s not all about being a candidate as the course says it s as important to be holding the clipboard as it is to be holding the microphone visit [influencecourse.co.uk](http://influencecourse.co.uk) for more resources including videos for your church small group or individual study

## The Politics of Worship

1999

distinguished catholic and jewish scholars theologians and linguists offer important insights into the functions of language as well as penetrating analyses of the feminists influence on scripture and worship

## Unholy

2020

in this culmination of his widely read and highly acclaimed cultural liturgies project james k a smith examines politics through the lens of liturgy what if he asks citizens are not only thinkers or believers but also lovers smith explores how our analysis of political institutions would look different if we viewed them as incubators of love shaping practices not merely governing us but forming what we love how would our political engagement change if we weren t simply looking for permission to express our views in the political sphere but actually hoped to shape the ethos of a nation a state or a municipality to foster a way of life that bends toward shalom this book offers a well rounded public theology as an alternative to contemporary debates about politics smith explores the religious nature of politics and the political nature of christian worship sketching how the worship of the church propels us to be invested in forging the common good this book creatively merges theological and philosophical reflection with illustrations from film novels and music and includes helpful exposition and contemporary commentary on key figures in political theology

## The Influence Course

2021-09-01

this book examines the intersection of race political sermons and social justice religious leaders and congregants who discuss and encourage others to do social justice embrace a form of civil religion that falls close to the covenantal wing of american civil religious thought clergy and members who share this theological outlook frame the nation as being exceptional in god s sight they also emphasize that the nation s special relationship with the creator is contingent on the nation working toward providing opportunities for socioeconomic well being freedom and creative pursuits god s covenant thus requires inclusion of people who may have different life experiences but who nonetheless are equally valued by god and worthy of dignity

adherents to such a civil religious worldview would believe it right to care for and be in solidarity with the poor and powerless even if they are undocumented immigrants people living in non democratic and non capitalist nations or members of racial or cultural out groups relying on 44 national and regional surveys conducted between 1941 and 2019 race and the power of sermons on american politics explores how racial experiences impact the degree to which religion informs social justice attitudes and political behavior this is the most comprehensive set of analyses of publicly available survey data on this topic

## **The Politics of Prayer**

1992

few modern figures in the reformed tradition are as widely influential as abraham kuyper whose views on theology politics and christian culture are renowned his writings on worship however are not as well known this new english translation of onze eredienst fills that gap offering kuyper s clearest thinking on worship and liturgy though written nearly a hundred years ago his perspectives on worship are amazingly relevant to our time in a substantive introduction harry boonstra outlines kuyper s life and the historical context in which he wrote adding even more luster to the volume are concluding essays by john bolt bryan spinks geoffrey wainwright and nicholas wolterstorff

## ***Awaiting the King (Cultural Liturgies Book #3)***

2017-11-07

ritual has a primal connection to the idea that a transcendent order numinous and mysterious supranatural and elusive divine and wholly other gives meaning and purpose to life the construction of rites and rituals enables humans to conceive and apprehend this transcendent order to symbolize it and interact with it to postulate its truths in the face of contradicting realities and to repair them when they have been breached or diminished this handbook provides a compendium of the information essential for constructing a comprehensive and integrated account of ritual and worship in the ancient world its focus on ritual and worship from the perspective of biblical studies as opposed to religious studies highlights that the world of ritual and worship was a topic of central concern for the people of the ancient near east including the world of the bible given the scarcity of the material in the bible itself the authors in this collection use materials from the ancient near east to provide a larger context for the practices of the biblical world giving due attention to historical anthropological and social scientific methods that inform the context of biblical worship the specifics of ritual and worship life the sacred spaces times and actors in worship are examined in detail with essays covering both the divine and human aspects of the sacred dimension the oxford handbook of ritual and worship in the hebrew bible considers several underlying concepts of ritual practice and closes with a theological outlook on worship and ritual from a variety of perspectives demonstrating a fruitful exchange between biblical studies ritual theory and social science research

## **Race and the Power of Sermons on American Politics**

2021-09-15

the historical course of christianity in the twentieth century has been strongly marked by the ecumenical movement and the liturgical movement and often these currents for the recovery of the church s unity and the renewal of its worship have flowed together in this new book author geoffrey wainwright draws on his three decades of active participation in both movements to offer a theologically informed account of what has been at stake in them what their achievements have been and what tasks remain for them to accomplish he shows how the two movements have engaged such issues as the authority and function of scripture and tradition as well as the nature of the church and sacraments in this last connection wainwright illuminates the convergence represented by the widely received lima text on baptism eucharist and ministry in the writing of which he played a prominent part the linguistic and anthropological turns that characterize twentieth century thought are reflected in the attention given to the language and ritual of worship the social location of the church is addressed in chapters that look to liturgical practices for common christian perspectives on ethics politics and culture so that discords and conflicts may be resolved and reconciled the book makes its own contribution to

the symphony of praise to which the apostle paul summons christians and the churches when they will with one mind and one voice glorify the god and father of our lord jesus christ

## ***Our Worship***

2009

the church in the united states faces a dilemma how is it possible for christ s followers to worship faithfully in a nationalistic environment where religion and politics enjoy a vigorous affiliation while the separation of church and state is celebrated as the standard for the relationship between nation and faith when nationalism propagates itself through a cross pollination of the stories symbols and celebrations of the nation state and religious groups the stage is set for a national history bearing the character of sanctified legend such resulting civil religious activity is likely to create dissonance for christ s followers between what they understand to be biblically faithful and what nationalistic practices may endorse as religiously valid worship beyond nationalism explores faithful worship as a political act by which christians declare their allegiance to god in christ rather than to worldly empires enabling congregations to enact the reality of god s kingdom and embody the gospel for the glory of god and for the sake of the world

## ***The Oxford Handbook of Ritual and Worship in the Hebrew Bible***

2020-09-16

prayer was regarded as an essential arm of the state and even a method of thought control in early modern england in the seventeenth century the period covered by richard ginn s study common prayer dominated people s everyday lives at a national level in communities and congregations as well as privately in households ginn demonstrates how prayer represented the search for pattern order and purpose in and between these different layers of society in a period when england was struggling to come to terms with political and social turbulence rocked by the violence of the civil war unease over the commonwealth and the uncertainties of the restoration ginn argues that the importance of prayer as a stabilizing force during these times of instability cannot be underestimated it fostered a sense of national identity an integrating principle at a vulnerable time for england putting the social order in a greater context under a sovereign god

2013-02-06

william everett has taught in catholic and protestant theological schools in the united states germany india and south africa out of these rich and varied experiences he lays out here in concise manner the main concepts theories and commitments that have emerged in his work from his origins in washington dc to his later research in germany india south africa and cyprus he reflects on how his experience and life story have shaped his intellectual and religious vision this exposition of his thought ranges from construction of frameworks for relating christianity to the behavioral sciences to substantive engagement with concepts of covenant and constitutionalism the oikos of work family and faith and ecological and restorative justice moving beyond the academic he shows us how his poetry liturgies historical fiction and woodcraft also manifest many of these themes in other forms in this exposition and interrogation of his life and work everett invites us into deeper

reflection on the connections that constitute our own

## **Worship Beyond Nationalism**

2012-02-01

this introductory book for students and general readers sheds fresh light on the study of liturgy and worship reflecting important new directions in contemporary research the contributors who are at the forefront of teaching and research in the united kingdom united states and ireland and who represent a variety of denominations offer multiple insights into a range of topics neglected by traditional approaches the book is divided into themed sections influenced by developments in scholarly methodologies in the social sciences anthropology philosophy and linguistics building on previous textual and historical foundations significantly the study of liturgy and worship has also taken inspiration from the growth of ecumenical dialogue and exchange in recent years academics have praised the book for its accessibility and clarity the personal tone and examples given by the authors its easy adaptability to both an advanced undergraduate and master s level usage inspired organization and how it addresses the themes of my introductory course and my advanced seminars with phd students

## ***The Politics of Prayer in Early Modern Britain***

2007-07-20

mississauga is canada s sixth largest city and its largest suburban municipality toronto s upstart western neighbour with its multicultural population of more than 700 000 is a place not only of endless subdivisions and monotonous industrial parks wide thoroughfares and even wider expressways but also of some distinctive older communities notable lakefront and riverside parks and occasionally bold architecture hazel mcallion mississauga s octogenarian mayor is a national celebrity and a municipal icon head of the city council since 1978 she holds a position with limited formal authority but remains the virtually undisputed and often feared leader of this sprawling city the first full length study of mcallion s politics and the development of mississauga her worship examines the mayor s shrewd pragmatism and calculated populism tom urbaniak argues that mcallion s executive skills and dynamic personality only partially explain the mayor s dominant and pre-emptive political position he points also to key historical and geographical factors that contributed to a kind of civic stability but also to stagnation and missed opportunities in a place that had once been fraught with political rivalry and heated conflicts over future growth a fascinating account both of a remarkable public figure and of an area that is emblematic of edge city development in north america her worship is a fresh look at municipal governance and politics in rapidly growing communities

## **The Politics of Prayer in Early Modern Britain**

2007

the christian life is meant to be a cross shaped life everything we do is affected by the work of jesus accomplished on the cross but many christians have forgotten the cross shaped nature of christianity and are instead being wooed by a vision for political transformation pilgrim politics is a work of retrieval grounded in martin luther s theology of the cross which aims to call christians of all stripes to live authentic cross shaped lives in every sphere of their life

## **Making My Way in Ethics, Worship, and Work**

2021-09-17

the modern chasm between secular work and sacred worship has had a devastating impact on western christianity drawing on years of research ministry and leadership experience kaemingk and willson explain why sunday morning worship and monday morning work desperately need to inform and impact one another together they engage in a rich biblical theological and historical exploration of the deep and life giving connections between labor and liturgy in so doing kaemingk and willson offer new ways in which christian

communities can live seamless lives of work and worship

## **The Study of Liturgy and Worship**

2016-12-12

this is the first study of the interaction between warfare and national religious practice during the british civil wars using hundreds of neglected local documents this work explores the manner in which civil conflict invasion and military occupation affected religious practice as churches elsewhere in britain and ireland were dismantled and the country was invaded by a foreign english army mid seventeenth century scotland provides an important yet neglected point of entry in exploring the intersection between early modern warfare and religious practice the book establishes a fresh way of looking at the conflicts of the mid seventeenth century no other study has explored how soldiers were quartered or marched in close proximity to parish worship how their presence affected worship patterns and how the very idea of conflict in the mid seventeenth century impacted upon the day to day lives of worshippers using the signing of the national covenant in 1638 as its starting point this perspective emphasises flexibility in religious practice and the dialogue between local communities religious leaders and troops as a critical element in the experience of war

## **Her Worship**

2009-03-21

the author has developed an integrated anthropological framework in this ethno historical case study in which he interprets the politics of worship in a famous sri vaisnav shrine a striking example of the fruitful interaction between anthropology and history this book provides a unique glimpse of the cultural profile of social change in modern india and is an important addition to the comparative study of colonialism

## **Pilgrim Politics**

2023-11-14

what is worship biblically speaking worship might mean a lot of things a celebration of god and his glory a display of reverence and awe an act of humility or prostration before our creator but what does this look like today and do churches of today of any tradition or denomination really worship in a way that s biblical called to worship is a deep dive into what worship means in the bible vernon whaley dean of the school of music at liberty university investigates each individual book of scripture to uncover the tapestry of instruction and insight into god s idea of worship with this book you ll learn how to see through the comfort zones of the modern church s worship rituals and routines the biblical principles of worship and why understanding these principles is essential in our discipleship and important to our creator how the life of christ serves as a living guide to worship throughout the entire bible and the history of christianity the bible describes a rich history of yahweh worship offered first by the hosts of heaven in eternity past and then by mankind from creation to present day this book is a call to understand and participate in that richness

## **Work and Worship**

2020-11-17

this wide ranging collection of essays takes up the pathbreaking study of worship and culture sponsored by the lutheran world federation in the last decade of the twentieth century and carries the conversation forward into the twenty first century

## **Context, Culture and Worship**

2006

a wonderful antidote to the gene hysteria that is now so dominant what is most exciting about this book is the

authors ability to move seamlessly from research on how the brain works to sociology history and philosophy and that i believe is exactly how we need to understand gender neither nature nor nurture but a complex interplay dr lynda birke author of feminism and the biological body this work moves beyond the old nature nurture debate concerning what makes us who we are to present a new understanding of gender and sexuality since the mapping of the human genome there has been widespread coverage of scientific discoveries in the offing and of the host of human problems to be solved through gene therapy from physical defects to mental disease and even so called undesirable behavior as biologists with expertise in neuroscience ethology psychology sociology and human ethos kaplan and rogers are uniquely situated to evaluate the claims of their colleagues concerning the knowledge to be gained through the study of our biological make up they caution against the seductive belief that once we understand our biological constitution it is but a short step to complete mastery of human nature furthermore they show that this belief is yet another example of how science can be subverted to defend the claims of the ruling ideology

## ***Worship, Civil War and Community, 1638-1660***

2015-10-23

a groundbreaking collection of writings that place queer ritual at the center of the theological conversation in this collection of essays leading scholars in queer theology and liturgical studies explore the ways in which the distinctive theological voices of lgbtqia christians challenge and expand thinking and practice around worship in new directions this challenge has expanded in the past decades as obstacles to the full participation of queer christians particularly in marriage and ordination have fallen organized into three main parts the volume begins with an introduction to queer engagement with ritual practices continues with a series of case studies that examine queer texts and contexts and concludes with an examination of the horizons of queer liturgical theology and practice throughout the volume queering christian worship provides new imagination and tools to those who study and curate christian worship across traditions
