Poole's Index to Periodical Literature

1893

this book shows how interpretations of suicidal motives were guided by gendered expectations of behaviour and that these expectations were constructed to create meaning and understanding for family friends and witnesses providing an insight into how people of this era understood suicidal behaviour and motives it challenges the assertion that suicide was seen as a distinctly feminine act and that men who took their own lives were feminized as a result instead it shows that masculinity was understood in a more nuanced way than gender binaries allow and that a man s masculinity was measured against other men focusing on four common narrative types the love suicide the unemployed suicide the suicide of the fraudster or speculator and the suicide of the dishonoured soldier it provides historical context to modern discussions about the crisis of masculinity and rising male suicide rates it reveals that narratives around male suicides are not so different today as they were then and that our modern model of masculinity can be traced back to the 19th century

19th Christmas

2019-10-07

during the 19th century baseball was a game with few rules many rowdy players and just one umpire dirty tricks were simply part of a winning strategy spiking body blocking cutting bases short or hiding an extra ball to be used when needed were all ok deliberately failing to catch a fly in order to have the game called due to darkness was also acceptable and drinking before a game was perhaps expected providing brief bios of dozens of players managers umpires and owners this book chronicles some of the flamboyant unruly and occasionally criminal behavior of baseball s early years

Male Suicide and Masculinity in 19th-century Britain

19th International Congress on Heterocyclic Chemistry

2012-12-02

this final volume of vernon louis parrington s pultzer prize winning study deals with the decay of romantic optimism it shows that the cause of decay is attributed to three sources stratifying of economics under the pressure of centralization the rise of mechanistic science and the emergence of a spirit of skepticism which with teachings of the sciences and lessons of intellectuals has resulted in the questioning of democratic ideals parrington presents the movement of liberalism from 1913 to 1917 and the reaction to it following world war i he notes that liberals announced that democratic hopes had not been fulfilled the constitution was not a democratic instrument nor was it intended to be and while americans had professed to create a democracy they had in fact created a plutocracy industrialization of america under the leadership of the middle class and the rise of critical attitudes towards the ideals and handiwork of that class are examined in great detail parrington s interpretation of the literature during this time focuses on four divisions of development the conquest of america by the middle class the challenge of that overlordship by democratic agrarianism the intellectual revolution brought about by science and the appropriation of science by the middle class and the rise of detached criticism by younger intellectuals a new introduction by bruce brown highlights parrington s life and explains the importance of this volume

China's Intelligentsia in the Late 19th to Early 20th Centuries

2023-09-18

the traditional relationship between painting and literature underwent a profound change in nineteenth century france painting progressively asserted its independence from literature as it liberated itself from narrative obligations whilst interrogating the concept of subject matter itself simultaneously the influence of art on the writing styles of authors increased and the character of the artist established itself as a recurring motif in french literature this book offers a panoramic review of the relationship between art and literature in nineteenth century france by means of a series of case studies chosen from key moments throughout the nineteenth century the aim of this study is to provide a focused analysis of specific examples of this relationship revealing both its multifaceted nature as well as offering a panorama of the development of this on going and increasingly complex cultural relationship from jacques louis david s irreverence for classical texts to victor hugo s graphic works from edouard manet s illustrations to vincent van gogh s paintings of books from honoré de balzac s unknown masterpiece to joris karl huysmans s a rebours this interdisciplinary investigation of the links between literature and art in france throws new light on both fields of creative endeavour during a critical phase of france s cultural history

The Beginnings of Critical Realism in America

2017-09-29

this biography traces the life and work of mary fairfax somerville whose extraordinary mathematical talent only came to light through fortuitous circumstances barely taught to read and write as a child all the science she learned and mastered was self taught in this delightful narrative the author takes up the challenge of discovering how somerville came to be one of the most outstanding british women scientists and furthermore a popular writer particular attention is paid to the gender aspects of somerville s success in what was to put it mildly a predominantly male domain

History and Description of Santry and Cloghran Parishes, County Dublin

1883

race representation photography in 19th century memphis from slavery to jim crow presents a rich interpretation of african american visual culture using victorian era photographs engravings and pictorial illustrations from local and national archives this unique study examines intersections of race and image within the context of early african american

communities it emphasizes black agency looking at how african americans in memphis manipulated the power of photography in the creation of free identities blacks are at the center of a study that brings to light how wide ranging practices of photography were linked to racialized experiences in the american south following the civil war jenkins book connects the social history of photography with the fields of visual culture art history southern studies gender and critical race studies

Art in Literature, Literature in Art in 19th Century France

2011-12-08

this volume offers an in depth exploration of the translation activity of greek women translators in the nineteenth century illuminating the role of translation as a means of resistance against sociocultural norms and the enduring impact of their work on the rise of feminism in greece drawing on frameworks from the sociology of translation the book situates the practices and behaviours of women translators within this specific sociocultural and historical context to underscore the importance of translation in their lives and society drawing on authentic texts including dedication letters and prologues misiou unpacks the discourses themes strategies and dialogues individual translators employed to affirm a sense of agency in their claims to education and civil rights their role in cultural life as producers of texts and to give greater voice to the wider community of women translators the volume showcases women translators as agents and mediators of cultural and social change and active contributors to the theory and practice of translation expanding theoretical discourse on gender and translation and offering directions for future research this book will be of particular interest to scholars in translation studies particularly those with an interest in translation and gender feminist translation studies and translation history

Handbook on Insurance Coverage Disputes, 19th Edition

2018-12-15

music and postwar transitions in the 19th and 20th centuries is the first book to highlight the significance of the idea of postwar transition in the field of music and to demonstrate how the contribution of musicians composers and their publics have influenced contemporary understandings of war at the intersection of four domains including the relationship between music and war culture commemorative and consolatory dimensions of music migration and exile and the links between music cultural diplomacy and propaganda leading historians political scientists psychologists and musicologists explore disruptions and connections to music through the backdrop of war in turn this volume sheds new light on what has been a blind spot in a growing historiography

The Ascent of Mary Somerville in 19th Century Society

2016-11-24

progressive nineteenth century americans believed firmly that human perfection could be achieved with the aid of modern science to many the science of that turbulent age appeared to offer bright new answers to life s age old questions such a climate not surprisingly fostered the growth of what we now view as pseudo sciences disciplines delicately balancing a dubious inductive methodology with moral and spiritual concerns disseminated with a combination of aggressive entrepreneurship and sheer entertainment such sciences as mesmerism spiritualism homoeopathy hydropathy and phrenology were warmly received not only by the uninformed and credulous but also by the respectable and educated rationalistic egalitarian and utilitarian they struck familiar and reassuring chords in american ears and gave credence to the message of reformers that health and happiness are accessible to all as the contributors to this volume show the diffusion and practice of these pseudo sciences intertwined with all the major medical cultural religious and philosophical revolutions in nineteenth century america hydropathy and particularly homoeopathy for example enjoyed sufficient respectability for a time to challenge orthodox medicine the claims of mesmerists and spiritualists appeared to offer hope for a new moral social order daring flights of pseudo scientific thought even ventured into such areas as art and human sexuality and all the pseudo sciences resonated with the communitarian and women s rights movements this important exploration of the major nineteenth century pseudo sciences provides fresh perspectives on the american society of that era and on the history of the orthodox sciences a number of which grew out of the fertile soil plowed by the pseudo scientists

"Race, Representation & Photography in 19th-Century Memphis "

2017-07-05

the orphan has turned out to be an extraordinarily versatile literary figure by juxtaposing diverse fictional representations of orphans this volume sheds light on the development of cultural concepts such as childhood family the status of parental legacy individualism identity and charity the first chapter argues that the figure of the orphan was suitable for negotiating a remarkable range of cultural anxieties and discourses in novels from the victorian period this is followed by a discussion of both the rare examples of novels from the first half of the 20th century in which main characters are orphaned at a young age and anglophone narratives written from the 1980s onward when the figure of the orphan proliferated once more the trope of the picaro the theme of absence and the problem of parental substitutes are among the issues addressed in contemporary orphan narratives the book also looks at the orphan motif in three popular fantasy series namely rowling s harry potter septology pullman s his dark materials trilogy and martin s a song of ice and fire series it then traces the development of the orphan motif from the end of the 19th century to the present in a range of different types of comics including funnies and gag a day strips superhero comics underground comix and autobiographical comics

2018-07-27

from romanticism to realism the 19th century saw a flourishing of literary movements as well as the arrival of several now revered luminaries on the literary scene authors experimented with new styles that elevated the novel as a significant literary form while new techniques and themes were also introduced into poetry and drama these compelling profiles examine the lives of some of the 19th century s greatest writers jane austen charles dickens and leo tolstoy to name just a few and reveal the remarkable stories behind the works they crafted

From Evolution to Humanism in 19th and 20th Century America

2015-11-25

this book investigates the re discovery of maimonides guide of the perplexed by the wissenschaft des judentums movement in germany of the nineteenth and beginning twentieth germany since this movement is inseparably connected with religious reforms that took place at about the same time it shall be demonstrated how the reform movement in judaism used the guide for its own agenda of historizing rationalizing and finally turning judaism into a philosophical enterprise of ethical monotheism the study follows the reception of maimonidean thought and the guide specifically through the nineteenth century from the first beginnings of early reformers in 1810 and their reading of maimonides to the development of a sophisticated reform theology based on maimonides in the writings of hermann cohen more then a hundred years later

English Criminal Justice in the 19th Century

1998-07-01

african american slave narratives of the 19th century recorded the grim realities of the antebellum south they also provide the foundation for this compelling and revealing work on african american history and experiences naturally it is not possible to really know what being a slave during the antebellum period in america was like without living the experience but students can get eye opening insight into what it was like through the gripping stories of bravery courage persistence and resiliency in this collection of annotated slave narratives from the period each of the collected narratives includes an introduction that provides readers with key historical context on the particular life examined moreover each narrative is accompanied by annotations that broaden the reader s comprehension of that primary document the primary source documents in this volume tell enthralling stories such as how slave woman ellen craft utilized her particularly pale complexion to pose as a free white man overseeing his slaves to free herself and her husband and how henry brown successfully shipped himself to freedom in a box measuring scarcely 3 feet by two feet by six inches deep despite being more than six feet tall

LIFE

1945-02-12

greece sits at the center of a geopolitical storm that threatens the stability of the european union to comprehend how this small country precipitated such an outsized crisis it is necessary to understand how greece developed into a nation in the first place enlightenment and revolution identifies the ideological traditions that shaped a religious community of greek speaking people into a modern nation state albeit one in which antiliberal forces have exacted a high price paschalis kitromilides takes in the vast sweep of the greek enlightenment in the eighteenth and nineteenth centuries assessing developments such as

the translation of modern authors into greek the scientific revolution the rediscovery of the civilization of classical greece and a powerful countermovement he shows how greek thinkers such as voulgaris and korais converged with currents of the european enlightenment and demonstrates how the enlightenment's confrontation with church sanctioned ideologies shaped present day greece when the nation state emerged from a decade long revolutionary struggle against the ottoman empire in the early nineteenth century the dream of a free greek polity was soon overshadowed by a romanticized nationalist and authoritarian vision the failure to create a modern liberal state at that decisive moment is at the root of greece's recent troubles

this ebook is a selective guide designed to help scholars and students of islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related a reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic in islamic studies as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need this ebook is a static version of an article from oxford bibliographies online islamic studies a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the islamic religion and muslim cultures oxford bibliographies online covers most subject disciplines within the social science and humanities for more information visit aboutobo.com

Reading Maimonides' Philosophy in 19th Century Germany

2012-05-03

blacks fought with whites in the american war for independence against england in fact without the aid of these black soldiers one wonders if the americans would have won the war these blacks were never considered equal to whites but a great number died for a country that looked upon them as being inferior and unworthy of total freedom after the american war for independence many whites in the north felt guilty about holding slaves a vast number of blacks were freed as a humane gesture blacks were also freed because slavery as an economic institution in the north was dead and industrialization was steadily taking its place these blacks were semi free because they did not really enjoy the same rights or privileges as whites did

Understanding 19th-Century Slave Narratives

2016-06-13

Enlightenment and Revolution

2013-11-01

this book takes a long term approach spanning from the end of the 16th to the 19th century to explore how men and women in italy france and spain collected displayed and passed down various types of papers the contributors share a core interest in the relationship between social actors and their paper heritage the collectors who come from diverse cultural social and gender backgrounds provide insights into the reasons and processes behind the accumulation valorisation and transmission of their paper heritage unlike most studies on collecting this book shifts the focus away from collections and institutions to the owners of the collected objects and their desires for their accumulated papers this volume covers three centuries and provides insights into the aspirations of collectors and the fate of their papers after transmission it takes place against the backdrop of major social political and cultural changes affecting the italian peninsula the spanish monarchy and france the cultural interests and the collector networks often extended beyond europe as noted by many of the essays in this volume paper heritage in italy france spain and beyond 16th to 19th centuries will interest scholars and students of early modern and modern european history across various fields including social and cultural history intellectual history gender history history of collecting and patronage

Islam in Central Asia: Oxford Bibliographies Online Research Guide

2010-05-01

using a method based on new historicism but with added emphasis on literature as cultural commentary andrew cusack s study traces the motif s intertextual connections how it receives meaning from non literary discourses and how it transmits meaning into the social sphere by molding individual and collective self conceptions the study draws on a corpus of ten prose narratives that reflect the vast scope of the motif and show how its function changes the study pays scrupulous attention to the historical specificity of each work and to its relationship to contemporary aesthetic and philosophical currents revealing the wanderer motif to be a significant vehicle of cultural memory that sustained the ideas of the enlightenment and of romanticism into the latter part of the century book jacket
