Here and There in the Greek New Testament... 1898

the story of jesus as the writers of the new testament meant it to be told astonishingly unlike the new testament as it has been handed down to us today this remarkable new translation makes the story come alive as never before impelled by the latest archaeological and historical discoveries eminent scholar hugh j schonfield has returned the new testament to its own time and place relating its documents to contemporary literature customs and beliefs the first truly historical translation with no theological motivation or devotional purpose the original new testament rediscovers the force and urgency of the original message dr schonfield systematically corrects mistakes in translation that have been compounded over time and eradicates later theological developments that he believes were falsely ascribed to the original writers here is a work at once passionate in dedication and scholarly in execution the fresh and very readable translation of the original new testament suggests to both jews and christians that they have missed something in the story of jesus of nazareth in a very real sense it re emphasises the jewishness of the new testament and to those of both faiths it offers new opportunities for understanding

the food revolution how your diet can help save life and our world john robbins (PDF)

and applying the bible s message included are full historical and explanatory notes making this a vivid and inspiring translation which will also support the student of bible studies

The Original New Testament 1985

the new testament is sometimes called the new covenant signifying a new relationship between humanity and god from the viewpoint of salvation history the new testament is the completion and the culmination of the old testament in terms of length it is only a small portion of the entire bible and yet it is that portion which brings it all together richard rohr and joseph martos look at the many ways salvation themes are proclaimed by the various authors and literary styles of the new testament

Introducing the New Testament 1957

after more than 50 years as a lawyer having been a clerk judge s associate barrister solicitor law teacher and five various types of judicial officer alan hogan decided to retire in order to do something different he obtained a masters degree majoring in biblical studies at the catholic institute of sydney he was astonished at how little he had known about the fundamental documents of his religion this book is an attempt to share some of what he learnt about the new testament with other catholics and with anyone else who may be interested it is not so much a book about the new testament as a plan for reading all the books that go to make it up roughly in the order in which they were written with such additional information as to make available the message that each author intended to convey

Theological Interpretation of the New Testament 2008-11

examines christology s or evaluations of jesus identity and divinity based upon his words his public ministry and the resurrection

The Text of the New Testament in Contemporary Research

2012-11-09

this is not your typical introduction to the new testament rather bellinzoni invites the reader to understand how biblical scholars employ the historical method to understand better who jesus of nazareth really was and how and why oral and then written tradition about jesus developed into the new testament instead of simply summarizing the results of biblical scholarship bellinzoni discusses the rules of evidence and the tools of the historical method that scholars use he then approaches the text of the new testament by leading the reader step by step through relevant biblical texts in order to illustrate some of the tools of new testament study and how these tools work textual criticism literary criticism and philology source criticism form criticism redaction criticism etc this volume doesn't just describe the conclusions of biblical scholarship it invites the reader to actually do biblical scholarship and thereby draw the best possible conclusions about what happened when and why this volume is not limited to the twenty seven books of the new testament but discusses relevant extra canonical early christian literature which is critical to an understanding of the history of the early church and the development of the new testament canon

Encountering the Manuscripts 2005

to present in less than 400 pages excluding the indexes the whole sweep of new testament thought is an excessively formidable task calling not only for scholarship and learning but also for an artist's sense of proportion and economy of stroke there are few who could have succeeded so well as dr richardson journal of theological studies this book will stand for a long time as the indispensable handbook for the theological student who wants both to see the general picture of the apostolic church

the food revolution how your diet can help save life and our world john robbins (PDF)

s faith and also to have a convenient and reliable digest of what the new testament says about particular topics such as for example christology or salvation church times alan richardson is a theologian whose praise in the gospel is or deserves to be in all the churches on account both of the books which he has written himself and of those which he has edited his latest work an introduction to the theology of the new testament will probably be found more serviceable by students and teachers than anything he has previously produced theology alan richardson who died in 1975 was for many years professor of christian theology at nottingham university and subsequently dean of york

Enjoy the Good News 2016-06-30

there is no better book than this to introduce any reader to the new testament gerd theissen presents all the main issues straightforwardly but with a depth of scholarship and brilliance of analysis that is unsurpassed gerd theissen s approach is so interesting and illuminating that anyone considering the new testament for the first time and even experienced students will value this book immeasurably

The New Testament 2016-02-10

all too often argues ben witherington the theology of the new testament has been divorced from its ethics leaving as isolated abstractions what are fully integrated dynamic elements within the new testament itself as witherington stresses behavior affects and reinforces or undoes belief having completed commentaries on all of the new testament books a remarkable feat in itself witherington now offers the first of a two volume set on the theological and ethical thought world of the new testament the first volume looks at the individual witnesses while the second examines the collective witness the new testament says ben witherington is like a smallish choir all are singing the same cantata but each has an individual voice and is singing its own parts and notes if we fail to pay attention to all the voices in the choir we do not get the entire effect if this first volume is about closely analyzing the sheet music left to us by which each musician s part is delineated the second volume will attempt to re create what it might have sounded like had they ever gotten together and performed their scores to produce a single masterful cantata what the new testament authors have in mind witherington contends is that all believers should be conformed in thought word and deed to the image of jesus christ the indelible image

An Introduction to the Theology of the New Testament 1958

in this monumental work professor price offers an inclusive new testament canon with twenty seven additional sacred books from the first three centuries of christianity including a few of the dead sea scrolls and nag hammadi writings price also reconstructs the gospel of marcion and the lost gospel according to the hebrews here for the first time is a canon representing all major factions of the early church as

the food revolution how your diet can help save life and our world john robbins (PDF)

an interpretive translation price s text is both accurate and readable and is tied more closely to the greek than most previous translations price conveys the meanings of words in context carefully choosing the right phrase or idiom to convey their sense in english for words that had a specific theological import when first written price leaves the greek transliteration giving readers archons for the fallen angels thought to be ruling the world paraclete for encourager andpleroma for the gnostic godhead within the collection each book is introduced with comments about the cultural setting information about when a document was probably written and significant textual considerations which together form a running commentary that continues into the footnotes the findings of scholars documented and summarized by price will come as a surprise to some readers it appears as price suggests that most of what is known about jesus came by way of revelation to christian oracles rather than by word of mouth as historical memory in addition the major characters in the new testament including peter stephen and paul appear to be composites of several historical individuals each their stories comprising a mix of events legend and plot themes borrowed from the old testament and greek literature in the new testament world theology developed gradually along different trajectories with tension between the charismatic ascetics such as marcion and thecla as examples and the emerging catholic orthodoxy of such clergy as ignatius and polycarp the tension is detectable in the texts themselves many of which represent heretical points of view gnostic jewish christian marcionite and proto orthodox and were later edited sometimes clumsily in an attempt to harmonize all into one consistent theology what may occur to many readers among the more striking aspects of the narratives is that the earliest most basic writings such as mark s gospel in inarticulate greek are ultimately more impressive and inspirational than the later attempts by more educated christians to appeal to sophisticated readers with better grammar and more allusions to classical mythology and apologetic embellishments the critical insights and theories on display in these pages have seldom been incorporated into mainstream

the food revolution how your diet can help save life and our world john robbins (PDF)

conservative bible translations and in many ways price has made the new testament a whole new book for readers allowing them by virtue of the translation to comprehend the meaning of the text where it is obscured by the traditional wording whatever usefulness teachers students and clergy may find here in terms of pedagogical and inspirational value the pre nicene new testament is guaranteed to provoke further thought and conversation among the general public hopefully toward the goal of more personal study and insights

The Phenomenon of the New Testament 1967

this book provides a student level overview of the foundational elements necessary to grasp textual criticism of the new testament also addressing such issues as canonical formation and translation theory stanley porter and andrew pitts cover a range of topics related to new testament textual criticism including appropriate definitions the canon the manuscripts of the new testament and the best methodologies for determining the original reading when manuscripts disagree they also provide a history of the various editions of the new testament with a how to guide for using and understanding them the end of each chapter includes a list of key vocabulary and a select bibliography making this text especially useful for teachers and students an appendix introduces students to the tools of textual criticism and invites discussion on how they might use textual criticism in a future classroom or ministry setting
