The Practical Brass & Iron Founder's Guide 1853 this is the story of how one man with a bit of help from his friends created a revolution in the hitherto staid world of scotch whisky but by creating the scotch malt whisky society he gave whisky drinkers access to the finest distilled liquor on the planet and what s more he had a great time doing it the book is a collection of stories about pip and his friends and how they brought scotland s finest product to a waiting world it begins in a small farm in aberdeenshire and moves through high places the world trade centre and low a jungle dive in the south seas with the help of the famous and the obscure the good the bad and the mildly delinquent there are high mountains and wild seas and a trip with whisky to communist eastern europe in a vintage lagonda

The Practical Brass and Iron Founder's Guide 2022-01-13 in her twenties morella kayman wanted to become an opera singer only to have her dreams dashed when she developed cancer after battling through the disease her husband lawrence was then diagnosed with pre senile dementia at the age of 51 frustrated that so little information about the condition and so little support was available morella wrote to every national newspaper in britain within a week she had been flooded with mail one letter was from a fellow carer cora philips and the pair joined forces in 1979 to form the alzheimer s disease society from very humble beginnings the charity now called the alzheimer s society has more than 20 000 members and morella has worked tirelessly to raise funds to help people living with dementia their families and carers morella s rich and colourful life story will be a support to anyone who has lived through the challenges of alzheimer s disease or cancer her incredible determination and chutzpah continues to inspire and in 2012 she was awarded

the mbe for services to the alzheimer s society a percentage of profits from the sale of this book will be donated to the alzheimer s society

Founder 2018-11-19 how many world changing startups will fail because the founders and investors never figure out how to work together founder elizabeth zalman and investor jerry neumann square off in this one of a kind book exposing how startups are built broken and fought over every iconic tech company was once a startup and while these companies like to paint an origin story full of surefooted confidence the truth is usually something different the early life of most startups is pure chaos this chaos comes from the vastly different motivations and incentives between those with the vision and those with the money from fundraising paranoia to boardroom coups zalman and neumann train their inimitable voices on the gulf between what founders and investors promise to do and what they end up actually doing founder vs investor is the brutal truth from each side s perspective of the pitfalls of this tenuous relationship where bad blood can turn sure things into shattered dreams it is the only book written by insiders with the temerity to pull back the curtain on the world of high growth venture backed startups

Doctor A. T. Still, Founder of Osteopathy 2006 they ve been waiting for decades hidden deep in the amazon financed by thousands a colony called founder and one girl is about to unravel it all founder is suitable for ages 14 and up contains mature themes but no strong language or sexual content

The Founder Effect 2020-12-01 become the leader your business needs nine out of ten startups ultimately fail perhaps they run out of cash lack product market fit or have an ineffectual marketing strategy but these things don t just happen they result from founder leaders not having the right people around them and not making the best decisions in other words many growing companies fail due to poor leadership and these failures are preventable great leadership capitalizes on the business s potential in founder s legacy you will learn how to address the breadth of challenges that founders and leaders face in a way that is consistent with your strengths values and purpose so you can successfully grow your business collecting his twenty five years of experience in helping founders across the globe strengthen their leadership and his insights gained from founding his own consulting company simon court has created fifty succinct lessons that anyone who wants to be a successful leader can benefit from full of relevant research time tested strategies stories from simon s extraordinary range of professional experience and thought provoking reflection questions founder s legacy will coach you in unlocking your unique leadership potential whether your business is a unicorn in the making or a small startup striving to grow this book will guide you to your desired success

The Life of T. Linacre, ... Founder of the College of Physicians in London. With Memoirs of His Cotempraries and the Rise and Progress of Learning, More Particularly of the Schools from the Ninth to the Sixteenth Century Inclusive. Edited by R. Graves 1835 the conspiracy of catiline is successful cicero is defeated and the history of the world changes after many centuries there is no more memory of catilinarians

The Founder's Tale 2019-10-10 rand fishkin the founder and former ceo of moz reveals how traditional silicon valley wisdom leads far too many startups astray with the transparency and humor that his hundreds of thousands of blog readers have come to love everyone knows how a startup story is supposed to go a young brilliant entrepreneur has a cool idea drops out of college defies the doubters overcomes all odds makes billions and becomes the envy of the technology world this is not that story it s not that things went badly for rand fishkin they just weren t quite so zuckerberg esque his company moz maker of marketing software is now a 45 million year business and he s one of the world s leading experts on seo but his business and reputation took fifteen years to grow and his startup began not in a harvard dorm room but as a mother and son family business that fell deeply into debt now fishkin pulls back the curtain on tech startup mythology exposing the ups and downs of startup life that most ceos would rather keep secret for instance a minimally viable product can be destructive if you launch at the wrong moment growth hacking may be the buzzword du jour but initiatives can fizzle quickly revenue and growth won t protect you from layoffs and venture capital always comes with strings attached fishkin s hard won lessons are applicable to any kind of business environment up or down the chain of command at both early stage startups and mature companies whether your trajectory is riding high or down in the dumps this book can help solve your problems and make you feel less alone for having them

The Founder's Portrait 2009-11 on a hot august night in 1221 a saint whom the church has designated as a holy athlete of christ finished his course and gave up his soul to the god whom

he had served consistently and at great speed for fifty one years around him were grouped his sons men of half a dozen nations who ten years before had hardly heard of dominic guzman and now were quite willing to die for him like any father of any family he spoke to them of their inheritance not wealth for he had not even a room in which to die nor a habit in which to be buried but he left an immortal legacy a blazing enthusiasm for god which the christian world had not seen since the day of pentecost his testament was as simple and as potent as the sermon on the mount and dealt with the same basic verities have charity one for another guard humility make your treasure out of voluntary poverty for a little over seven hundred years the sons and daughters of this man of god have tried to put into words something of the world shaking force that was dominic no one has ever quite succeeded getting st dominic into print is like printing fra angelico in black and white in view of this it does not seem sanguine to judge that the time is ripe for a brief life of st dominic in english may it do its part in attracting to the order fresh recruit from the strata of humanity that dominic most loved the young and the courageous who will not shrink from the challenge implicit in st dominic s words to stephen of spain as he clothed him with the habit of the friars preachers i give you arms with which throughout your life you may fight against the devil

A Life to Remember - The Inspirational Story of Morella Kayman, Co-Founder of the Alzheimer's Society 2014-08-07 founder s day weekend was always a big deal in mt abrams and not even the discovery of along buried skeleton in emma mclaren s garden was enough to cancel the yearly celebration but when a newly murdered corpse was found dumped in a rowboat the morning of the founder s day parade everything came to a screeching halt ellie rocca was convinced the murders were connected but how detective sam kinali had taken the lead on the case and politely but firmly told ellie not to get involved but that was easier said than done especially since ellie and her friends know the killer won t be uncovered until they found out who was buried in emma s garden this novella is 31k words it is the second book in the mt abrams mystery series
The Founder's Gifts: The Symbiotic Sword 2023-09-12 this book is written for both the new entrepreneur and the seasoned c level executive who wants to spin off a new business and change the competition in 36 months or less it is filled with practical strategies and postures to adopt when conceptualising a business idea raising money at the right time and scaling it for an exit it puts together the lessons that the author has learned from conversations with some of the most successful investors and business leaders in the region backed by over 20 years of running and exiting successful businesses to help business champions navigate the fragmented market of asia pacific it is the quintessential playbook for anyone who wants to start a new venture within an organisation or as a start up

Saint Dominic: Preacher of the Rosary and Founder of the Dominican Order 2017-12-04 andrew t still the founder of osteopathic medicine reveals how he matured into a medical pioneer from humble beginnings in the rural frontier of the united states beginning with his upbringing in rural missouri we witness how still became accustomed to practicality at a young age at the time he was a boy in the 1840s the area he and his family lived in was barely settled many basic public amenities such as hospitals and schools simply did not exist still s father became the local doctor and would introduce his son to the medicine the outbreak of the american civil war in the 1860s disrupted the young still s apprenticeship in medicine and surgery although he gained valuable experience treating sick and wounded soldiers as a hospital steward during and after the war still was astonished at how ineffectual so many medical techniques were this coupled with researches and a further course in medicine spurred him to create the science of osteopathy

A Founder's Day Death 2023-07-15 this second volume of the three volume biography of st josemaría covers one of the most remarkable periods of his life from the outbreak of the civil war in 1936 to his departure for rome in 1946 in republican spain fierce anti catholic persecution led st josemaría to do his priestly work in secret fully aware that if caught he would be executed as were 6000 other priests this book recounts the saint s dangerous journey across the pyrenees to the nationalist zone where he could exercise his priestly ministry more freely his tireless labors to counter with both heroic charity and determination the slanders that threatened to overwhelm opus dei and more here is an unforgettable picture of the saint s activity during the years of crisis that threatened to obliterate his great gift to the church opus dei

Fast Founder 2018-09-11 this fascinating book contains a semi biographical account of the father of osteopathy andrew taylor still and how he came to believe so vehemently in his new method of medical treatment the complete articulation of osteopathy with the scientific progress of the age this book will greatly appeal to readers interested in the history of osteopathy as well as constituting a must have addition to any collection of still s work originally intended to be published as ten independent articles this book contains ten chapters including a t still as a medical thinker a t still scientist and reformer osteopathy in the infectious diseases osteopathy in the inflammatory diseases osteopathy in the group of so called rheumatic diseases how the human body is operated the blood is the life and how osteopathy keeps it pure and more this scarce book was originally published in 1925 and is proudly republished here with a new prefatory biography of the author

Dear Founder 2013-04 an inspirational true story of joe espinoza and his family who came out of being migrant farm workers and became college graduates and successful businessmen and women they overcame life s struggles and gave back to america dad successfully pioneered the coors boycott that succeeded in the hiring of more minorities and then was inspired by god through a dream to unite his family to help the ailing chrysler corp in 1981 by starring in a television commercial to help bring chrysler out of a financial catastrophe and so much more

The Founder's Dilemmas 2018-04-03 dream and your dreams will fall short saint josemaría escrivá told early members of opus dei this third and final volume of the most extensively researched work on the founder of opus dei covers his years in rome from 1946 until his death there in 1975 it describes how opus dei overcame major obstacles and blossomed from a handful of members in spain into a worldwide institution with more than 60 000 members of 80 nationalities andres vazquez de prada a spanish diplomat writer and historian who knew saint josemaría personally narrates the story using previously unpublished letters diaries and other sources from the archives of the prelature of opus dei

The Non-Technical Founder 1908 andrew t still the founder of osteopathic medicine reveals how he

matured into a medical pioneer from humble beginnings in the rural frontier of the United States beginning with his upbringing in rural Missouri we witness how still became accustomed to practicality at a young age at the time he was a boy in the 1840s the area he and his family lived in was barely settled many basic public amenities such as hospitals and schools simply did not exist still's father became the local doctor and would introduce his son to the medicine food was also a concern and still was taught as a youngster how to hunt for meat with a flintlock musket a weapon that took the greatest patience and discipline to handle the outbreak of the American Civil War in the 1860s disrupted the young still's apprenticeship in medicine and surgery although he gained valuable experience treating sick and wounded soldiers as a hospital steward during and after the war still was astonished at how ineffectual so many medical techniques were this coupled with researches and a further course in medicine spurred him to create the science of osteopathy in still's day the drugs used by doctors carried many side effects throughout this biography he notes cases where patients were inadvertently killed by or rendered addicted to morphine while quinine's severe side effects are likewise detailed for still such drugs were strictly the last recourse instead he placed faith in manipulation of the bones and musculature for a variety of ailments still experienced success in his methods and became a renowned doctor and surgeon his osteopathic methods resulted in the alleviation of much suffering through its use many patients' vigor would be restored living to see Missouri grow and develop as a state still actively advanced the sciences by co-founding Baker University to this day he remains one of Missouri's most famous and respected individuals
