

Free epub Private equity funds formation and operation june 2015 edition (Download Only)

the best guide to private equity funds insight and explanations for both fund sponsors and investors the gold standard andrew zalasin general partner and cfo re ventures best practices for organizing and managing a fund with nearly 7 trillion invested in more than 20 000 funds investor interest in the private equity industry has returned despite the economic turmoil of recent years still guidance about the organization and administration of these funds is tough to find this 1 400 page resource will equip corporate lawyers investment professionals and tax practitioners and with best practices to manage these funds effectively private equity funds business structure and operations covers a wide range of important issues such as the key economic differences between various types of funds structuring the private equity fund to meet economic expectations and investment goals securing maximum tax benefits for the sponsor of the fund duties of the fund s general partner and investment advisor the major regulatory issues affecting the private equity fund and much more private equity funds business structure and operations reflects the aftermath of the financial crisis of 2007 to 2009 the authors also focus on cyber risk and the compliance obligations of investment advisers private equity funds explains the features advantages and drawbacks of pipes spacs mezzanine funds credit opportunity funds and distressed funds as well as the efficiencies created when private equity funds and hedge funds converge raising capital for private equity funds is an authoritative insiders perspective on key strategies for raising private equity capital in a changing legal environment the new edition of the law of private investment funds offers a practical analysis of the legal and regulatory issues that arise in connection with the structuring formation and operation of private investment funds including hedge funds private equity funds real estate funds and other non retail collective investment vehicles the book provides a unique analysis of these funds on a pan asset class basis as well as from a us uk and european perspective the themes of investor protection and fiduciary challenge are considered in the context of the various sources available for investor protection including the substantive rights and obligations under general law and voluntary and statutory rights of regulation the author considers the various aspects of running private investment funds against the backdrop of regulation and investor protection issues such as structuring and launching and marketing private investment funds are considered in full the author also looks at the governance challenge where limited partnerships and offshore companies are concerned the book identifies governance as a key issue for private investment fund participants and discusses in depth several ways in which managers and fund participants can improve the governance of their funds in addition it analyses the consequences and impact of the recent global financial crisis on private funds and the response of the us uk and european regulators the new edition includes increased coverage of best practice and industry guidelines including the ilpa guidelines for private equity funds and the mfa s best practices for hedge funds it also provides discussion of new regulatory regimes in the us and eu including the dodd frank act and aifmd develop and manage a private equity compliance program compliance has become one of the fastest growing areas in the private equity pe space mirroring trends from the hedge fund industry recent surveys indicate that pe managers rank compliance as the single most challenging aspect of their business reports also indicate that pe compliance spending has rapidly outpaced other pe operating costs with recent estimates indicating that individual pe funds on average spend at least 15 20 of their operating budgets on this area general partners gps have also significantly ramped up the hiring of private equity compliance related roles private equity compliance provides current and practical guidance on key private equity pe compliance challenges and trends packed with detailed practical guidance on developing and managing a private equity compliance program it offers up to date case studies and an analysis of critical regulatory enforcement actions on private equity funds in areas including conflict of interest fees expenses lp fun raising disclosures and valuations provides real world compliance guidance offers information that is tailored to the current compliance practices employed by gps in the private equity industry provides guidance on managing the compliance risks associated with cybersecurity and information technology risk serves as a pe focused complement to the author s previous book hedge fund compliance if you re a private equity investor or compliance officer looking for trusted guidance on analyzing conflicts fees and risks this is one reference you can t be without how do you choose between domicile and jurisdiction when structuring a fund dechert llp a global law firm with a market leading financial services and investment management practice share their expertise a jurisdictional guide to setting up and managing hedge funds in 16 of the leading private fund domiciles chapters follow an identical template making it very easy to compare associated mandatory requirements laws and regulations across jurisdictions features a useful at a glance comparative table covers all the traditional leading private fund domiciles provides a helpful consideration of the aifm alternative investment fund managers directive each chapter is written in conjunction with local experts and covers description of the jurisdiction geographical political and legal currency and exchange control measures membership of relevant international organisations key mandatory requirements key issues which might discourage a promoter or require advance planning recent developments jurisdictions covered in separate easy to compare chapters include bermuda bvi cayman islands dubai france germany guernsey hong kong ireland italy jersey luxembourg malta singapore united kingdom united states of america delaware this book presents new advanced evidence based guidance on investing in private equity funds first by assessing the investor s environment and motivations then by looking into the risks returns and overall performance of funds and finally by offering practical solutions to the illiquidity conundrum investment funds are the driving force behind much global private economic development and yet the world of investment funds can be complex and confusing funds private equity hedge and all core structures is a practical introductory guide to the legal and commercial context in which funds are raised and invest their money with examinations of the tax and regulatory background and an analysis of the key themes and trends that the funds industry face following the financial crisis the book looks at asset classes investor return models the commercial and legal pressures driving different structures and key global jurisdictions for both fund establishment and making investments it also contains a comprehensive analysis of fund managers from remuneration best practice through to regulation the book is written for readers from all backgrounds from students or newcomers to the industry to experienced investors looking to branch out into alternative asset classes or existing asset managers and their advisers wanting to know more about the structures elsewhere within the industry private investment funds are currently investing more capital than ever and the funds themselves are larger than ever this practical guide features contributions by leading industry specialists on a wide range of issues arising at all stages of a private investment fund s life cycle this encyclopedic legal business guide is packed with

state of the art analysis forms and commentary all designed to help you master the most crucial stages of the venture financing process this set combines the definitive guide to private equity with its case book companion providing readers with both the tools used by industry professionals and the means to apply them to real life investment scenarios 1 mastering private equity was written with a professional audience in mind and provides a valuable and unique reference for investors finance professionals students and business owners looking to engage with private equity firms or invest in private equity funds from deal sourcing to exit lbo's to responsible investing operational value creation to risk management the book systematically distils the essence of private equity into core concepts and explains in detail the dynamics of venture capital growth equity and buyout transactions with a foreword by henry kravis co chairman and co ceo of kkr and special guest comments by senior pe professionals 2 private equity in action takes you on a tour of the private equity investment world through a series of case studies written by inseed faculty and taught at the world's leading business schools the book is an ideal complement to mastering private equity and allows readersto apply core concepts to investment targets and portfolio companies in real life settings the 19 cases illustrate the managerial challenges and risk reward dynamics common to private equity investment written with leading private equity firms and their advisors and rigorously tested in inseed's mba emba and executive education programmes each case makes for a compelling read during the past few decades private equity pe has attracted considerable attention from investors practitioners and academicians in fact a substantial literature on pe has emerged pe offers benefits for institutional and private wealth management clients including diversification and enhancement of risk adjusted returns however several factors such as liquidity concerns regulatory restrictions and the lack of transparency limit the attractiveness of some pe options to investors the latest volume in the financial markets and investments series private equity opportunities and risks offers a synthesis of the theoretical and empirical literature on pe in both emerging and developed markets editors h kent baker greg filbeck halil kiymaz and their co authors examine pe and provide important insights about topics such as major types of pe venture capital leveraged buyouts mezzanine capital and distressed debt investments how pe works performance and measurement uses and structure and trends in the market readers can gain an in depth understanding about pe from academics and practitioners from around the world private equity opportunities and risks provides a fresh look at the intriguing yet complex subject of pe a group of experts takes readers through the core topics and issues of pe and also examines the latest trends and cutting edge developments in the field the coverage extends from discussing basic concepts and their application to increasingly complex and real world situations this new and intriguing examination of pe is essential reading for anyone hoping to gain a better understanding of pe from seasoned professionals to those aspiring to enter the demanding world of finance structuring venture capital private equity and entrepreneurial transactions 2021 edition the definitive guide to private equity for investors and finance professionals mastering private equity was written with a professional audience in mind and provides a valuable and unique reference for investors finance professionals students and business owners looking to engage with the regulation of private equity markets filled with in depth insights and expert advice this book will provide you with a better understanding of private equity structures and put you in a better position to measure and analyze their performance learn valuable lessons from the newly successful private equity players in china and explore the challenges and opportunities offered in chinese markets the first book to deal with private equity finance in china private equity in china challenges and opportunities provides much needed guidance on an investment concept that has so far proved elusive in asia focusing on the opportunities that the chinese finance market offers to private equity firms the book shows how these firms can strategically position themselves in order to maximize success in this new marketplace private equity in china includes in depth case studies illustrating both successful and failed ventures by private equity firms operating in china outlining the challenges faced by private equity firms in setting up new funds it contains a collection of valuable experience and insights about acquiring companies and turning them around essential for any firm currently operating in or considering entering the chinese market discusses the challenges faced by private equity firms in china including setting up the initial fund fund raising deal sourcing deal execution and monitoring and exit strategies provides key insights drawn from keen observations and knowledge of the more mature private equity market in western countries analyzing the way forward for the chinese private equity industry discusses the role of renminbi denominated funds in the development of the private equity industry in china breaking new ground in exploring and explaining the private equity market in china the book offers incredible new insight into how equity companies can thrive in the chinese marketplace this book presents new advanced evidence based guidance on investing in private equity funds first by assessing the investor's environment and motivations then by looking into the risks returns and overall performance of funds and finally by offering practical solutions to the illiquidity conundrum global best practice in private equity investing private equity in action takes you on a tour of the private equity investment world through a series of case studies written by inseed faculty and taught at the world's leading business schools the book is an ideal complement to mastering private equity and allows readers to apply core concepts to investment targets and portfolio companies in real life settings the 19 cases illustrate the managerial challenges and risk reward dynamics common to private equity investment the case studies in this book cover the full spectrum of private equity strategies including carve outs in the us semiconductor industry lbo venture investing in the indian wine industry vc investing in smes in the middle east turnaround situations in both emerging and developed markets written with leading private equity firms and their advisors and rigorously tested in inseed's mba emba and executive education programmes each case makes for a compelling read as one of the world's leading graduate business schools inseed offers a global educational experience the cases in this volume leverage its international reach network and connections particularly in emerging markets private equity in action is the companion to mastering private equity transformation via venture capital minority investments buyouts a reference for students investors finance professionals and business owners looking to engage with private equity firms from deal sourcing to exit lbo's to responsible investing operational value creation to risk management mastering private equity systematically covers all facets of the private equity life cycle this title examines in a practical manner the complex law and regulations that now exist in the united kingdom the united states of america and various other important jurisdictions concerning the concept of conflicts of interest and how the principles have been applied in the financial services industry once an obscure niche of the investment world private equity has grown into a juggernaut with consequences for a wide range of industries as well as the financial markets private equity funds control companies that represent trillions of dollars in assets millions of employees and the well being of thousands of institutional investors and their beneficiaries even as the ruthlessness of some funds has made private equity a poster child for the harms of unfettered capitalism many aspects of the industry remain opaque hidden from the normal bounds of accountability the myth of private equity is a hard hitting and meticulous exposé from an insider's viewpoint jeffrey c hooke a former private equity executive and investment banker with deep knowledge of the industry examines the negative effects of private equity and the ways in which it has avoided scrutiny he unravels the exaggerations that the industry has spun to its customers and the business media scrutinizing its claims of lucrative investment returns and financial wizardry and showing the stark realities that are concealed by the funds self mythologizing and penchant for secrecy hooke details the flaws in private equity's investment strategies critically examines its day to day operations and reveals the broad spectrum of its enablers a bracing and essential read for both the financial profession and the broader public this book pulls back the curtain on one of the most controversial areas of finance
